## SEVERE BATTLES SURE TO COME

Ludendorff Sees No Peace for Germany Without a Terrific Conflict.

**ALLIES ARE POWERFUL**  
Fall of Russia a Tremendous Relief—Armies Sent to France.

NEW YORK, April 23.—Peace for Germany, according to General Ludendorff, chief quartermaster-general, rests upon the fighting on the western front and without severe battles fought to a finish cannot be obtained. These statements were made during an interview at great headquarters on March 22 and reported in German newspapers received here.

Field Marshal von Hindenburg was interviewed at the same time and the two German leaders apparently were convinced that for Germany force was needed to bring about peace. General Ludendorff said concerning the fighting which has since broken out in northern France:

"The final fighting in the west, of course, cannot be compared to the fighting in Galicia, or in Italy. The enemy has a powerful reserve army at hand which he may move on his splendidly laid out railroad system as he sees fit.

"But, however heavy the fighting may be, the battle must be fought out, because without it peace is not attainable."

William Hepler, correspondent of the Berliner Tageblatt, described von Hindenburg as "a picture of quiescent greatness," while Ludendorff gave the impression of "having strength of volcanic heat, but curbed by will." The correspondent says that when the conversation turned to events in the east Ludendorff, referring to charges that in concluding peace "we acted like men of violence," said it was necessary to obtain frontier safeguards.

"As we wanted peace we had to bring it about by force," was the interjection of General Ludendorff.

**Fall of Russia Tremendous Relief.**  
Peace in the east meant a tremendous relief for the Germans on the west, General Ludendorff said, adding: "Now we are about to gain the ascendancy numerically. Of course the transportation of troops from the east because of the bad conditions of the railroads cannot be affected by tomorrow. But, at any rate, our position already is such that we do not have to ask: 'Where will the enemy attack?' We ourselves are in a position to assume the offensive wherever we desire."

Referring to France, General Ludendorff said:

"We may well say without exaggeration that France has dug her own grave. She is about to bleed herself to death. Undoubtedly the French are brave soldiers."

**Eighth German War Loan.**  
AMSTERDAM, April 23.—The reichstag assembled yesterday. The vice-president, Dr. Herman Paasche, made an address, Berlin dispatches report, in which he said:

"The subscriptions to the eighth war loan undoubtedly will help to show our opponents as well as neutrals to what extent a web of deceit has been woven around Germany and also to reveal to them the fact that Germany's internal strength remains unbroken. We hope this victory in the financial field will contribute greatly to the attainment of our goal as quickly as possible."

**Utah-Idaho Central Railroad Company.**  
A petition by the Utah-Idaho Central railroad company was filed with the city commission at the regular meeting last night, asking for permission to take up the track on the hill from Washington avenue up the Twenty-second street hill and along Adams avenue from Twenty-second to Twenty-first street.

The petition also asked for permission to change the line so as to make the junction for the Twenty-first street line at the intersection of Washington avenue and Twenty-first street. The reason for the desired change is on account of the two very sharp curves at the limits of the Adams avenue section of the line. There is a constant fear of danger from these two curves, as there was a severe accident a year ago.

The commission considered the measure and voted on immediately, granting the petition. The company announces that the work of changing the line will be begun at once.

## STREET CAR LINE IS TO BE CHANGED

**WASH JENKINS IS COUNTY ENGINEER**

The county board of equalization will hold its next meetings on the dates of May 20, 25, 28 and June 2, 4, 6, 8, 10, 14, according to a decision of the board of county commissioners yesterday. The commissioners expressed a desire that those claiming adjustments or remittances present their claims on the dates assigned.

The board at its meeting also appointed Washington Jenkins county engineer in place of J. M. Letz, who has resigned.

**EVERYBODY WILL KICK.**  
Secretary Baker when he returns will be handicapped in debate with the politicians by a knowledge of the facts—Philadelphia Ledger.

## DON'T FUSS WITH MUSTARD PLASTERS!

**Musterole Works Easier, Quicker and Without the Blister**

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of out-of-date mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (if often prevented pneumonia).

30c and 60c jars; hospital size \$2.50.

## EARTH SHOCKS STILL SEVERE

Three More Quakes During Night Make San Jacinto and Hemet Shiver.

SAN JACINTO, Cal., April 23.—Three more earthquake shocks during the night and early today made San Jacinto and Hemet "shiver," but added nothing to the destruction of the Sunday afternoon tremors which half wrecked the business district here and severely damaged Hemet.

Even the tottering walls of half collapsed buildings seemed to have gained a sense of balance during the successive earth rockings and twistings of Sunday and Monday.

**Sleep Outdoors.**  
It was estimated that a third of the people of San Jacinto and Hemet slept outdoors last night as they did Sunday night for protection.

The three new shocks were about at midnight, 2 a. m., and at 7:15 a. m. The last, which was reckoned as the twelfth of the series, seemed the most severe of the three. Windows were shaken and dishes rattled. As one person said "everything that could be shaken loose had been shaken down" by the three first devastating shocks of Sunday afternoon.

Gas, electricity and water service were resumed late yesterday and conditions were gradually approaching normal again here and at Hemet. Reconstruction work was under way. Wrecking gangs began their second day's work clearing the streets and starting on the wrecks of buildings of the two towns, to make way for the second re-building of the towns, half obliterated by a similarly violent earthquake Christmas day, 1899.

**ALLIANCE TO HOLD MEETING TONIGHT**

The first public meeting of the Ogden local of the American Alliance for Labor and Democracy will be held tonight at the city hall. The meeting tonight will be termed a "liberty" gathering.

At the meeting A. G. Pike, sixth vice-president of the meat cutters and butchers' union, will speak briefly, to explain the purposes and principles of the organization. Attorney Joseph Chey will also speak on the subject of the Liberty loan.

**WAR CASUALTIES**

WASHINGTON, April 23.—Information that the Americans sustained more than 200 casualties and the Germans suffered between 300 and 400 in the recent fighting at Seicheprey, northwest of Toul, is understood to be contained in General Pershing's first account of the battle now in the hands of the war department.

It was learned last night that General Pershing's report had been received, but officials declined to make it public or comment. Secretary Baker is understood to be awaiting details but indications are that he planned today to communicate General Pershing's message to members of the house military committee.

**WAR CASUALTIES**

WASHINGTON, April 23.—The casualty list today contained forty-three names divided as follows:

Killed in action, 2; died of wounds, 1; died of disease, 4; wounded severely, 9; wounded slightly, 27.

Three officers are named, Lieutenant Bernard F. McMeel was wounded severely and Lieutenant Thomas M. Holmes and Harry D. McNeil were wounded slightly.

The list follows:

**Killed in Action.**  
Privates Frank G. Gain, Daniel L. McGaffigan.

**Died of Wounds.**  
Private Winfred Pfloof.

**Died of Disease.**  
Cook Homer Bybee, Privates James Frederick Courtney, George Lyeth, Joe Payne.

**Wounded Severely.**  
Lieutenant Bernard F. McMeel, Sergeant Henry C. Swan, Corporal Casimir P. Kubak, Mechanic Joseph P. Wittecamp, Privates Charles F. Allen, Walter A. Antoniewicz, Michael J. Cleary, Tony Plazzio, Clem Stapleton.

**Wounded Slightly.**  
Lieutenant Thomas M. Holmes, Harry D. McNeil, Corporals William Carstens, George E. Egan, Edward J. Piekarski, John Thompson.

Privates Joseph J. Aleskandrowicz, Eugene M. Binion, James W. Burke, Henry C. Burt, John Erickson, Bernard F. Erwin, Raynor A. Fahey, Frank E. Henry, Corporal William La Flamme, Privates Herbert F. Melvin, Robert J. Nicholson, Thomas Okjeja, Harry N. Rainey, Harry E. Reed, Frank T. Savage, George F. Schrick, Arthur L. P. Tarr, Foster Thomas, Harold B. Walker, J. Edward Wickman, Neal E. Wood.

**SWIFT & COMPANY**

Address Swift & Company, Union Stock Yards, Chicago, Illinois

Swift & Company will be glad to co-operate in devising methods that will improve conditions in the meat and live stock industry.

Swift & Company's net profit on beef during 1917 was only 1/4 of a cent per pound. On all products, it was a little less than four cents on each dollar of sales. Complete elimination of these profits would not affect appreciably retail prices of meat, or farm prices of live stock.

Swift & Company pays for cattle approximately 90 per cent of the price received for beef and by-products. The remaining 10 per cent pays for dressing, freight to market, operation of distributing houses, and in most cases, delivery to the retailer. Net profits also have to come out of this 10 per cent.

This margin cannot be squeezed arbitrarily without danger of crippling the only effective means of performing the complex service of converting cattle into meat and distributing this meat to the fighting forces and to consumers.

Swift & Company will be glad to co-operate in devising methods that will improve conditions in the meat and live stock industry.

Swift & Company's net profit on beef during 1917 was only 1/4 of a cent per pound. On all products, it was a little less than four cents on each dollar of sales. Complete elimination of these profits would not affect appreciably retail prices of meat, or farm prices of live stock.

## BAKER TALKS ON TRIP TO FRANCE

Spends Morning With House Military Committee Giving Confidential Report.

WASHINGTON, April 23.—Secretary Baker gave the house military committee today a confidential report on his trip to the battle fronts. He spent the morning with the committee in executive session, going over the situation.

"You can say," he announced as he entered the committee room, "that I am here just for an informal talk on the conditions as I found them in France. I am not going to bring up the question of the size of the army, or extension of the draft age. You can go as far as you like in the matter of unified control of the allied forces and in the sanguine and confident belief on the success of the war."

Members of the committee were present in force as it was the first meeting of the secretary with any congressional committee since his return. Despite his announced intention not to bring up the question of the size of the army, Chairman Dent and his colleagues were curious as to the secretary's views along this line and were disposed to accept his recommendations. The army appropriation bill has been held up for months to await the secretary's return. The secretary's recommendation will be made soon and the war department is already preparing them.

Representative Shellenberger of Nebraska has prepared a bill to extend the draft age from 31 to 40 but has deferred pressing it until he can ascertain the secretary's views.

**FRANCIS J. IRWIN COMMITS SUICIDE**

SPRINGFIELD, Ill., April 23.—Francis J. Irwin, who said he served as chief clerk in the office of the adjutant-general of Nebraska before he came here two weeks ago, shot and killed himself in a hotel here early today. He left a note asking that his sister, Miss Clara Irwin of Washington, D. C., be notified.

At the offices of the Chicago, Peoria

# High Cattle Prices Accompany High Beef Prices

If consumers are to pay less for beef, live-stock raisers naturally will receive less for cattle.

If farmers are paid more for live stock, consumers will necessarily pay more for meat.

Swift & Company pays for cattle approximately 90 per cent of the price received for beef and by-products. The remaining 10 per cent pays for dressing, freight to market, operation of distributing houses, and in most cases, delivery to the retailer. Net profits also have to come out of this 10 per cent.

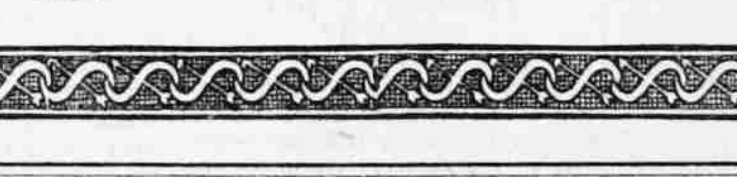

This margin cannot be squeezed arbitrarily without danger of crippling the only effective means of performing the complex service of converting cattle into meat and distributing this meat to the fighting forces and to consumers.

Swift & Company's net profit on beef during 1917 was only 1/4 of a cent per pound. On all products, it was a little less than four cents on each dollar of sales. Complete elimination of these profits would not affect appreciably retail prices of meat, or farm prices of live stock.

Swift & Company will be glad to co-operate in devising methods that will improve conditions in the meat and live stock industry.

1918 Year Book of interesting and instructive facts sent on request. Address Swift & Company, Union Stock Yards, Chicago, Illinois

**Swift & Company U. S. A.**

## REV. LEESMANN HELD BY FEDERAL COURT FOR TRIAL

In the federal court yesterday Judge Tillman D. Johnson overruled the demurrer of the Rev. B. Henry Leesmann to the complaint charging him, jointly with Miss Augusta Minnie Deckman, with having attempted to smuggle in Fort Douglas, Mr. Leesmann pleaded not guilty and his case will be set for trial today. He is at liberty on a \$5,000 bond, furnished by friends in Ogden.

During arguments on the demurrer it was admitted by J. W. Wooten and Charles Morris, counsel for Leesmann, that an effort had been made by Miss Deckman to pass a note to Ernest Leybold, a civilian enemy alien interned in the prison compound, and that Leesmann had made an attempt to pass the note to Leybold at her request. It was maintained, however, that the note, on its face, could not be construed as inimical to the inter-

## WOMEN BRAVER THAN MEN

Women often do their daily tasks in home, office or factory while suffering pain and misery that would put a man in bed. However, much of women's suffering can be alleviated. Backache, sore muscles, stiff joints, rheumatic pains, dizziness and like symptoms are caused by disordered kidneys and bladder. Mrs. Thos. Davis, Montgomery, Ind., writes: "I doctored several months without relief, when I commenced using Foley Kidney Pills, and got relief. Eight bottles cured me." Safe, harmless, quick results.—A. R. McIntyre Drug Co.—Advertisement.

## DRAFT EVADER IS TO BE SENT WITH OGDEN BOYS

Authority to induct into the army and send to camp Lawrence Krogman was received today by the city exemption board from the local board for District No. 10, Cincinnati, Ohio.

Krogman was arrested in Ogden by Detective Jensen a few days ago and is now in the city jail. When he was arrested, on suspicion of being a draft evader, it was learned that he had registered in Cincinnati, Ohio.

Correspondence with the Ohio board developed the fact that he was wanted there and permission was immediately given to send him to camp. He will probably leave with the April 28 quota.

Hallden S. Simonsen, Clifford Smith and Emanuel C. Yarrington are in the service of the emergency fleet corporation, according to word sent the city draft board.

The register for occupational service today received two more names, Ernest J. McCoun, commissary storekeeper, and Roy M. Hartman, machinist.

Ernest J. McCoun, commissary storekeeper, and Roy M. Hartman, machinist.
