

SALT LAKE RIDERS ARE INVITED TO ROAD RACE

Ogden's ten-mile race from Twenty-seventh street to the Hot Springs will be held on May 11. Roger Connor, who is promoting the event for the Ogden bicycle dealers, stated today that he and Mr. Wehrman of the Indian agency, are endeavoring to get Salt Lake racers to ride to Ogden next Sunday so that the local speeders could pace with them to the springs to test their mettle.

On Sunday, May 5, Salt Lake City will celebrate national bicycle week with a ten-mile road race. There are some fifty fast riders who will compete and are fast rounding into form. Last Sunday on the Salt Lake road three squads of riders with about 20 bicycles to a squad were seen taking pace from automobiles and motorcycles to strengthen their legs and wind.

Although the Salt Lake boys have been barred from the coming event their presence next Sunday should induce the Ogden lads to train a little harder.

Harry Wehrman has had a great deal of experience in the road racing game and he states that it is not necessary for the boys to have racing wheels for this first race as it is an amateur affair from start to finish, even though the prizes do amount to hundreds of dollars.

Robert L. Proudfit, who is the head of the racing committee, stated yesterday that recent word from the National Bicycle Directorate is to the effect that the prizes had been shipped and would soon be on display in some of the show windows of the city. Mr. Proudfit has also sent for some copies of the National Cycling association racing rules and these will be distributed among the riders.

Browning Bros. are presenting every rider that registers with a knit racing cap.

COLORADO TOWN SHOWS PATRIOTISM

There is a little town in Colorado that is alive with only 200 adult residents. They brought "The Kaiser, the Best of Berlin," to town and every adult in the town paid \$1 admission to see it. It is as big as the "Birth of a Nation." It comes to the Alhambra shortly at 15c and 25c admission.—Advertisement.

HARBERTSON DEFEATS THE PRIDE OF GREEN RIVER

Jack Harbertson, Ogden's noted wrestler, returned this morning from Green River, Wyo., where he added another scalp to his belt last night by throwing Bill Moore in two straight falls.

Moore is the pride of the Green River country and his followers hoped he could master the Ogden man, but he succumbed to the superior skill of Harbertson. The first fall required 53 minutes, proving that he was not a mere "dub." The second fall came at the end of seven minutes of fast work.

Harbertson will leave tonight for Spokane, Wash., where he will meet John Berg, on April 26. Berg is touted as one of the very tough wrestlers and Harbertson admits that he has a real match when he meets him. However, the local man says he will bring home the bacon, as he has done in the past.

WEDNESDAY SHOPPING BEING BOOSTED BY MERCHANTS

Ogden may have a "Suburban Wednesday" if action taken by the Retail Merchants' association at its meeting last night goes through successfully. The merchants of the city who belong to the association unanimously decided at their regular weekly meeting to advocate a "Suburban Wednesday" and to unite their efforts toward successfully establishing the custom.

Suburban Wednesday is the term applied to a mid-week shopping day which has all the attractions and more too, of Saturday, to suburban dwellers. Saturday, by a sort of universal agreement, has been the heavy shopping day for the country folks. Now

Selling Begins with Opening of Store Tomorrow

the merchants argue, there is no reason for this except custom and there are many arguments in favor of having a mid-week heavy shopping day in place of Saturday. They have selected Wednesday in Salt Lake and the idea is receiving the hearty co-operation and approval of the Commercial club and all big business houses of Salt Lake.

The merchants will start the plan by making especially attractive offers for this day, so that it will be to the advantage of suburban customers to do their trading then. Saturday is such a day of congestion and turmoil and with growing business is developing into such an unwieldy day that it is thought logical that the custom of doing the week's trading on this day be changed.

The association has asked O. J. Stillwell, secretary of the Ogden Publicity bureau, to assume lead in the movement and he will probably call a meet-

ing of Ogden business men to discuss and start plans which will bring it around successfully.

FIVE COACH LOADS OF MEN DEPART FOR SHIPYARDS

Five coach loads of men for the ship building yards on the Pacific coast left Utah yesterday, passing through Ogden. They were assembled in Salt Lake from all parts of the state and resembled a contingent of draft-

tees going to a training camp. But they were all volunteers in the industrial campaign which will help Uncle Sam win the war by providing

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

adequate support for the men at the front.

Three cars of the men were in charge of Immigration Inspector D. A. Plumly of Salt Lake and were destined for the Mare Island navy yards at San Francisco. The other two cars were in charge of C. C. Clise, employment examiner for the Shipbuilding Corporation, for the Utah division, and were taken to the Bremerton yards near Seattle.

The next shipment will be made on May 2, according to an announcement made this morning by Employment Inspector H. W. Beckett, Sr., who said that he would like to have all men who are skilled in boiler-making, chipping and calking, or other similar mechanical trades, to call on him at the federal employment office at the corner of Wall avenue and Twenty-fourth street and talk the matter over.

Mr. Beckett said that in order to accommodate those who may be em-

ployed, but would like to investigate the work for the government, he would remain at the office tomorrow night until 6:30 o'clock.

U. S. AVIATOR DIES IN PARIS

PARIS, April 23.—Second Lieutenant Dinsmore Ely of Chicago, Ill., formerly of the Lafayette escadrille, died Sunday from injuries received in an airplane accident.

The French government has awarded the war cross to Sergeant David E. Putnam, of Brookline, Mass., a member of French escadrille number 156; William A. Wellman of Cambridge, Mass., of escadrille No. 87 and Phelps Collins of Detroit, a member of the Lafayette escadrille. Collins was

killed on March 23 in an aerial combat. Putnam, Wellman and Collins enlisted in the foreign legion early in the war and fought in the trenches.
