

REPUBLICANS OF WEBER COUNTY MEET IN CONVENTION TO PASS RESOLUTIONS AND NAME TICKET

Weber County Republicans gathered this morning on the lawn of the Tabernacle grounds near the Third ward, to hold their county convention. The meeting hall had been arranged in true convention style, the different county and city districts being segregated and designated by signs so that all delegates sat in the section representing their district. The open air convention was distinctly novel and the fine October weather added keenness to the meeting and helped the representatives to work out their business with zip and energy.

Samuel G. Dye, sounded the keynote of Republican policy this year when he declared in his speech that the party was unalterably consecrated to the task of winning the war and that there would be no peace except by absolute military victory—by the absolute conquering of a foe who had brought untold woes upon the earth. He uttered words of commendation for the attitude of the Republican members of congress, declaring they had devoted themselves to the great common cause of winning the war without favor of partisanship or selfishness.

CAPTAIN L. R. GAMBLE

Lester R. Gamble is the son of Daniel and Emma Gamble of Peterson, Utah and is also the grandson of Colonel Dan Gamble. The young man is now in the service of the U. S. army in France and is a captain in the 525th Engineers. The young man graduated from the Ogden High School in 1908 and entered Purdue from where he graduated in 1914 with a degree of military science and electrical engineering.

Disease Spread By Dust Says Report

Madison, Wis., May 30.—The role played by dust in spreading disease is discussed in a state board of health publication today. Dry sweeping and dusting are condemned as provocative of dangerous illness.

Dust contains decaying animal and vegetable wastes, which in turn contain living organisms such as bacteria, molds and yeast. Breathed into the human system, they convey such diseases as tuberculosis, diphtheria, scarlet fever and measles.

"Dust is everywhere," the statement says, "but the worst kind is that which is confined within the four walls of a room. This dust is always germladen, because it is infected with waste matter thrown off by human bodies."

An eminent physician and surgeon of Minnesota, of wide fame, said: "More women patients three to one are sent to hospitals than men. This comes, in a large degree, from the fact that women live indoors and breathe a dust-laden, second-hand atmosphere which depletes their vitality."

All industrial occupations making it necessary for the operators to breathe in dust have now come to be regarded as hazardous.

"Do not sweep wooden floors with a broom," says the board's advice. "Sweeping with a broom and dusting furniture with a feather duster merely stirs up the dust without removing it."

THE Chicago Health Department, last April also indicted house-cleaning as a "dangerous occupation" because of the dust stirred up. Health departments everywhere are warning women against brooms and dusters. It was recently learned that eleven babies die for each allied soldier killed. Think of that! It is eleven times as dangerous to be a little child in a home as it is to be a fighter in the trenches.

THE EASY PREVENTATIVE

The only way to sweep thoroughly and dust without raising dust—the only way to rid your carpetings of germ-laden dirt that settles deep into their weave and which even brooms can't dislodge—the only way to keep your rugs a safe place for babies to play upon—the way that helps to save a home that's disease-free and safe for everyone—the only way to accomplish it with far less work and without it the least tiring yourself—is to have a Hoover.

As a concluding argument read this statement of the Anti-Tuberculosis League with regard to the Hoover:

"I am amazed at the work The Hoover is capable of doing. We had on our floor a carpet which we thought was fairly clean but The Hoover obtained from this same carpet five pounds of the blackest dirt imaginable, and did this without raising a particle of dust—this is a point of greatest importance. As is well known, inhalation of the dust of our streets is a most common source of infection of a number of diseases, principally Tuberculosis. The same dust is blown and carried into the house, and daily sweeping with a broom adds to the danger of infection, because the dust is not removed, but merely stirred up. The Hoover Suction Sweeper does away with this danger, by removing dust and dirt completely, and is destined to become a factor in the fight against Tuberculosis."

Get the Hoover because it alone is an electric rug-beater, a dustless remover of hidden dirt and a high-speed, dustless electric sweeper from which no dirt of any kind escapes—besides a foreful vacuum cleaner. Remember: Only The Hoover beats, sweeps and suction cleans. Let us demonstrate its patented construction—and prove why it towers above all others like a skyscraper looms over its surroundings.

BOYLE FURNITURE CO THE HOUSE OF GOOD VALUES

STREET CAR STRIKES A TRUCK AND CONDUCTOR ED URRY HAS ARM BROKEN AND CHEST INJURED

Conductor Ed Urry, 323 Healy avenue, of the Utah-Idaho Central Railway company, received injuries to his chest and a broken arm shortly after 6 a. m. today when his car crashed into a gravel truck trailer, at Twenty-seventh and Washington avenue. The truck and trailer belonged to the J. P. O'Neill Construction company. The street car driven by Mr. Urry was going south and struck the trailer as it attempted to turn east on Twenty-seventh street.

Mr. Urry was hurried to the hospital and examined by Dr. R. S. Joyce. The injuries to his chest may prove serious but it is thought he will recover. The accident was caused through the inability of the truck driver and the street car conductor to see clearly because of a thick morning haze which enveloped the street at that hour.

LADIES' HATS AT \$1 ARE BEING SOLD AT RED CROSS SHOP

Interest at the Red Cross shop today centered about the sale of ladies hats—all priced at \$1. The hats had been re-trimmed and decorated in latest styles and many were bought eagerly. They will be on sale all day. The women in charge of the shop have issued a call for old phonograph records and any one who has records which can be spared is invited to give them to the organization.

There is also a need for a few carpets to more adequately furnish the shop.

Musical entertainment was provided at the shop today by Miss Gladys Rich, Miss Avon Rich and Miss Faye King.

The ladies in the restaurant department of the shop are eager that their amazing luncheon and tea values shall become widely known and well patronized. Every day a hot luncheon is served from twelve to two, a different menu each day, meat, two vegetables, salad, tea or coffee, and all of that for 40 cents only. For 20 and 25 cents a lighter luncheon is served at the same hour and consists of dishes such as Boston baked beans, or baked ham and rolls and tea or coffee. Every Tuesday there will be a Spanish specialty such as home-made hot tamales. Thursdays and Fridays will be the days for hot home-made biscuits.

The tea room is becoming immensely popular by reason of the comparatively inexpensive, dainty and satisfying service. Everything for tea is at the charge of 10 cents; sandwiches of all kinds; corn cake; salads; hot biscuits and jam; tea and coffee. From three to six every day is the tea time at the Red Cross shop and it is hoped that it will become an Ogdenville institution during this time of war activities. The ladies are always in need of helpers. Dishwashers and kitchen helpers are in great demand. Gifts of all manner of fruit are very much needed, and anyone who can give a good fruit chopper will be a benefactor indeed to the cause. If you can help or if you can give, call 504 or 414.

LINCOLN CIRCLE HAS GIVEN \$195 TO THE RED CROSS

Lincoln circle, Ladies of the G. A. R., turned over to the local chapter of the Red Cross today, the sum of \$195.40, that being the amount realized from the sale of the locally published book of poems entitled "Songs of Your Boy and Mine."

Bishop T. P. Terry, Patriarch George Larkin, L. C. Williams and Miss Vera Jones sang two duets, "My Father Knows" and "Shall We Meet Beyond the River?" Mrs. Mary Farley sang "Not Half Has Ever Been Told" and "Abide With Me." Interment was in the city cemetery, the grave being dedicated by Hubert Burton.

THENN—Private funeral services will be held today at 4 p. m. for George M. Thenn in the Kirkendall chapel. Interment will be in Mountain View cemetery.

WILSON—William Henry Wilson, an employe of the Union Pacific at Echo, Utah, died yesterday morning at 2 o'clock after a seven days' illness of pneumonia. He had been a resident of Echo during the past twelve years. The body is at the Lindquist chapel being prepared for burial.

Brief funeral services will be held at Echo at 2 p. m. at the Lindquist chapel until 9 a. m., Sunday and will be taken to the Wilson home at Echo. The body will not be viewed before the services.

WEBBER—Funeral services for Ellen Lenora Irwin Webber, wife of Earl Webber, will be held at the Larkin chapel Sunday at 2 p. m., Bishop T. B. Wheelwright officiating. The body has been placed in a metallic casket so there will be no danger of infection.

Deaths and Funerals

BLACKETTER—William H. Blacketter, aged 58, died at his home, rear 2548 Wall avenue, last evening of tuberculosis. He had been an expressman and jobber. Mr. Blacketter is said to have a sister, Mrs. Childs, living in Oroville, Cal., and authorities of that town have been asked to locate her. The body is at the Lindquist chapel pending funeral arrangements.

BURTON—The funeral of James W. Burton was conducted by Bishop E. A. Olsen yesterday afternoon in the Fourth ward chapel. Speakers were

J. T. HOWARD DIES ON GARFIELD TRAIN

News was received this morning of the death in Salt Lake City of J. T. Howard, familiarly known to his many friends as "Tom." He was employed at the Garfield smelters and was returning to Salt Lake, and apparently dropped to sleep, but on reaching Salt Lake trainmen were unable to arouse him and Dr. Groesbeck was called. On examination he found that Mr. Howard was dead, probably caused by gastritis.

Mr. Howard was a native of Illinois and was sixty-five years old. He came to Ogden in the early seventies and worked for the Southern Pacific as a locomotive engineer, and later for the old Utah Northern and on the Denver and Rio Grande. He lived in Ogden until about fifteen years ago when he moved to Salt Lake where he has since resided. He is survived by two sisters, Mrs. Mary Warnock and Miss Fanny Howard of Clinton, Iowa, a niece Mrs. H. M. Shafter, formerly of Ogden but now of Long Beach, California and four nephews, H. L. McNeill of Fraxton, Idaho, C. E. Robert T. and Thomas Monagan of this city. Funeral arrangements have not been made, waiting information from his sisters in Iowa.

B. A. CAMPBELL NOW IMPROVING

B. A. Campbell, superintendent of the Salt Lake division of the Southern Pacific, who left Ogden on the 22nd of last month for the Southern Pacific General Hospital, San Francisco, to undergo a course of treatment writes to Assistant Superintendent H. W. Wistner, reporting that he is feeling much better and will be back at his desk in a few days.

WORLD'S MARKETS

OGDEN LIVESTOCK MARKET Cattle, receipts 84; choice heavy steers \$10.50@11.00; good steers \$9.50@10.00; fair steers \$8.00@9.00; choice feeder steers \$8.00@10.00; choice cows and heifers \$7.50@8.00; fair to good cows and heifers \$6.50@7.25; cutters \$4.00@5.50; canners \$3.00@5.00; choice feeder cows \$6.00@7.00; fat bulls \$6.50@7.00; bolona bulls \$5.00@6.00; veal calves \$9.00@11.00. Hogs, receipts 78; choice fat hogs, 175 to 250 pounds \$17.50. Sheep, receipts 1793; choice lambs \$13.00@14.00; wethers \$9.00@10.00; fat ewes \$8.00@9.00; feeder lambs \$10.00@11.00.

CHICAGO LIVESTOCK MARKET—Hogs, receipts 8,000; mar-

ket fully steady on good hogs; packing grades dull, about steady with yesterday's close; good pigs 50c lower; butchers \$18.15@18.60; light \$17.60@18.50; packing \$16.75@18.00; rough \$16.25@17.25; pigs, good to choice \$15.50@16.50.

Cattle, receipts 3,000; compared with a week ago, beef and butcher cattle 75c to \$1 lower; calves \$1.50 to \$1.75 lower; stockers and feeders 50c and \$1.00 lower. Sheep, receipts 8,000; market steady. Wethers \$9.00@11.00; ewes \$7.25@8.75; lambs \$13.00@15.00; yearlings \$10.00@11.50; feeder lambs \$11.00@17.35; culls \$5.75@7.50.

KANSAS CITY LIVESTOCK MARKET—Hogs, receipts 1,000; heavy \$17.50@18.10; butchers \$17.00@18.00; lights \$16.75@17.80; pigs \$13.50@16.00. Cattle, receipts 1,500; market weak. Steers \$17.50@19.00; western \$13.00@14.00; cows \$6.00@12.00; heifers \$7.00@13.00; stockers \$7.00@13.50; calves \$7.00@12.50. Sheep, receipts 500; market steady. Lambs \$13.50@15.50; yearlings \$10.00@11.50; wethers \$9.00@10.50; ewes \$8.00@9.50.

Berlin Makes a Semi-Official Denial Of Austrian Peace

AMSTERDAM, Thursday, Oct. 10.—A semi-official denial is given from Berlin to the widely published rumor here that Austria-Hungary has accepted President Wilson's terms for an armistice.

A report from Austria-Hungary as well as Turkey had informed Germany that those countries would accept President Wilson's peace terms contained in a dispatch received in London by the Central News Agency last night from Amsterdam, some twenty-four hours after the semi-official denial from Berlin reached the Dutch city.

Forest Service Red Cross Auxiliary. The forest service auxiliary of the Red Cross is urged to meet at the Red Cross rooms Wednesday evening for gauge work.

TEUTONS TO MAKE STAND

Preparing to Give Battle on Valenciennes Line.

WITH THE ANGLO-AMERICAN FORCES ON THE VALENCIENNES FRONT, Oct. 12.—There was every evidence today that the Germans were preparing to make a strong stand on the Valenciennes line which now has been reached, at least east of the river Selle, by the Anglo-American forces. The evacuation of the city of Valenciennes itself was started three weeks ago. Prisoners captured today said they had orders to hold on to the last and to kill as many Britons and as many Americans as possible.

It is expected the German resistance will continue and will grow more determined until the first phase of the withdrawal in the Douai sector is completed. There are indications that the enemy also is contemplating withdrawals on a large scale elsewhere.

BRITISH NEAR DOUAL

BRITISH HEADQUARTERS IN FRANCE, Oct. 12.—British advance posts now have been pushed to within little more than a mile of the outskirts of Douai. The advance from here to be very cautious, however, as many ground mines have been encountered and there is good reason to believe the town itself is honey-combed with death traps. Considerable gains of ground were made by the British last night northeast of Cambrai. Near St. Vaast between Cambrai and Solesmes the advancing troops encountered considerable opposition. The enemy has dug in and wired his positions and his artillery was disposed to dispute the British progress.

At one or two points the British infantry has fallen back a trifle to give its batteries a clear field to deal with the stiffened enemy resistance.

GERMANS RETIRE

WEST OF DOUAL. BERLIN, Oct. 12.—German forces west of Douai yesterday retired from their positions to lines in the rear, says the statement issued to-

GO TO BED WHEN YOU ARE ATTACKED BY INFLUENZA

Perhaps a great many people will realize the seriousness of the doctor's orders to go to bed when they begin to suffer from the "flu" if they reflect upon this well accredited fact of medical science. The "flu" germ is a little brother of the "pneumonia" germ and his function in activity is to pave the way for his big brother's entrance. Many people being attacked with "flu" remark, "It's only cold," and neglect to take the matter seriously. If they would but recognize that to go to bed at once is the highest wisdom there would be very few, or no serious cases to report.

The following instructions from a U. S. government pamphlet on the trouble give clearly enough the indications of the beginning of this disease: "In most cases a person taken sick with influenza feels sick rather suddenly. He feels weak, has pains in the eyes, ears, head or back, and may be sore all over. Many patients feel dizzy, some vomit. Most of the patients complain of feeling chilly, and with this comes a fever in which the temperature rises to 100 to 104. In most cases the pulse remains relatively slow. "In appearance one is struck by the fact that the patient looks sick. His eyes and the inner side of his eyelids may be slightly "blood-shot," or "congested," as the doctors say. There may be running from the nose, or there may be some cough. These signs of a cold may not be marked; nevertheless the patient looks and feels very sick. "In addition to the appearance and the symptoms as already described, examination of the patient's blood may aid the physician in recognizing "Spanish influenza," for it has been found that in this disease the number of white corpuscles shows little or no increase above the normal. It is possible that the laboratory investigations now being made through the National Research Council and the United States Hygienic Laboratory will furnish a more certain way in which individual cases of this disease can be recognized."

ITALIANS FIGHTING HARD

ROME, Oct. 12.—Italian infantry parties at the confluence of the river Asa with the Ghelpec yesterday broke into the Austro-Hungarian trenches on Cima Tepezzi, says the official statement issued today by the war office. The Italians inflicted heavy losses on the enemy and took several prisoners. On the slopes of the Alibisimo enemy patrols were repulsed.

WITH THE ANGLO-AMERICAN FORCES ON THE VALENCIENNES FRONT

Oct. 12.—Two additional batteries have been captured by the Americans operating on this front south of St. Souplet. The German guns were bayoneted. The British barrage late yesterday completely smashed the hostile artillery which fired heavily on the Americans at St. Souplet.

GERMANS GROWING ANXIOUS

WITH THE BRITISH ARMY ON THE FLANDERS FRONT, Oct. 12.—The Germans apparently are growing extremely anxious regarding the intentions of the British in Flanders. This is indicated by the numbers of long flying airplanes which they have out in reconnoitering work and by constant raids all along the line.

Great Victory Claimed. BERLIN, Oct. 12.—Concerning operations in the Champagne the Berlin war statement says: "In the Champagne the enemy followed us. The victorious issue of the great battle of the Champagne which the army of General von Einem with relatively weak forces obtained over the immensely superior strength of the French and American armies in the fortnight's struggle and the exhaustion of the enemy, owing to his exceptionally heavy losses, rendered possible the smooth execution of difficult movements."

Young Woman Operator Fights Off Three Men

UNIONTOWN, Pa., Oct. 11.—Bar-ricading herself in the tower at the Pennsylvania railroad crossing at Gist, near here, this afternoon, Miss Em Vensel, signal operator, pluckily held her post and fought a revolver duel with three men who attempted to wreck an ammunition train by placing ties across the tracks. With bullets crashing through the sides of the tower house she returned shot for shot until the arrival of the freight train frightened away the intruders.

Japanese Emperor Congratulates the King of Belgium

TOKIO, Saturday, Oct. 5.—Emperor Yoshitomo has cabled King Albert of Belgium expressing his congratulations over brilliant success of the Belgian army and highly praising the chivalry of the Belgian soldiers.
