

CLEMENCEAU IN CHAIR AT PEACE ENVOY MEETING

(By the Associated Press.)

Premier Clemenceau, president of the peace conference, yesterday presided over a meeting of the representatives of the various powers at war with Germany and gave them some of the details concerning the coming Versailles congress on April 25 when the German envoys will be present. It has not been disclosed whether the invitation to the Germans will be issued in the name of the council of five or of all the powers represented at the peace conference.

The foreign ministers, who had under consideration certain provisions of the peace treaty, have reported to the council of ten that some of the articles have been referred back to the drafting committee, and it is understood that the remaining articles will be disposed of at the very earliest date.

The British prime minister, David Lloyd George, has presented the situation at Paris before the house of commons. In a lengthy speech he contented himself with discussing general aspects, rather than details of what the peace conference has done. He proposed intervention in Russia, declared that bolshevism was gradually waning—breaking down under the relentless forces of economic factors, deprecated attempts to sow dissension among the delegates and declared that the whole peace of the world hangs on the society of nations.

Food relief for Russia, under neutral control, has virtually been decided upon by the allied and associated powers. Reservations by the French apparently are the only obstacle in the way of immediate action, and these, according to Paris advices, are expected to be removed.

The agreement to feed the Russians anticipates that the bolshevik must cease fighting.

With rioting still reported to be rampant in Munich and strikes continuing in numerous other parts of Germany, the workmen at Bremen, Germany's big port on the Weser, have called a general walkout which is affecting most of the big industrial works and the street railways. Unofficial advices are that soldiers and non-commissioned officers of the German army also have threatened to strike if an order reducing their pay to a peacetime basis is not rescinded.

The financial section of the allied and associated governments in conference with financiers of Holland, Denmark, Norway, Sweden and Switzerland, have concluded an arrangement to permit Germany to obtain food and raw materials and also for an adjustment of maturing credits of Germany in neutral states.

Albania is the latest state to request the peace conference for complete independence, recognition of its frontiers and the appointment of a mandatory to supervise the government.

Heligoland, Germany's extensively fortified island in the North sea, is to be dismantled and virtually destroyed by order of the council of four, according to unofficial advices.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a ruddy look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for cologne, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

Any druggist can sell to you. It is a fine remedy.

Miss A. R. asks: "Does a solution of horacic acid serve as a good eye wash?"

Yes. It is harmless and often cures sore eyelids.

Bernice asks: "A friend gained 25 pounds by taking Hypo Nuclene Tablets. Can one buy them of druggists?"

Yes. They are generally on sale everywhere.

Major Wood Ready to Fly Across Atlantic Ocean

EAST CHURCH, England, April 17.—Major J. P. C. Wood, the British aviator who is to attempt a trans-Atlantic flight from Ireland, announced his intention this morning of flying to Lincoln this afternoon. If the present improved weather conditions continue, he said, he would start his flight across the Atlantic tomorrow.

ALLIES AGREE TO SEND FOOD FOR RUSSIA

PARIS, April 16.—(Havas.)—The allied governments, according to the Temps, apparently have decided not to wait beyond May 15 for a definite answer from Germany as to whether she will sign or refuse to sign the peace treaty.

PARIS, April 16.—An agreement was reached today by the associated powers to send food to Russia under neutral control, but the French representatives had several reservations which will be considered tomorrow. It seems likely, however, that the objections will be overcome and that the relief work will be pressed rapidly.

The agreement stipulates that the bolsheviks must cease hostilities. The relief work will be in charge of a commission headed by Dr. F. Nansen, the Norwegian explorer. The other members will be citizens of Scandinavia and Switzerland.

The negotiating and associated representatives of the allied and associated governments virtually were completed Tuesday, the Echo de Paris says it learns from an authoritative source.

Satisfied With Wilson.

The newspaper adds that at no time has the understanding between France and the United States been closer, and that the French government is completely satisfied with the attitude of President Wilson.

The Gaults says that the final agreement on the frontiers between Jugoslavina and Italy will be incorporated in the preliminary peace treaty with Germany.

The council of four decided definitely yesterday that military occupation of the left bank of the Rhine shall continue for fifteen years, the newspapers say. At first interallied forces would be used, but they would be withdrawn progressively in proportion as Germany met her financial obligations and be replaced by French and Belgian soldiers.

The Journal says that the central territorial commission of the peace conference has decided the Russian problem in favor of Bohemia as against Poland.

Great Problems.

The council of four yesterday discussed questions relative to Schleswig-Holstein, Heligoland and the Adriatic. While the council was in session the foreign ministers met and considered claims which have been made by Germany to holdings in islands in the Atlantic ocean.

The foreign ministers also took up the draft of articles for the peace treaty providing for the recognition by Germany of the British position and the passing over of the suzerain rights under the Suez canal convention; the acceptance by Germany of allied prize court decisions, and likewise an article dealing with the future status of Morocco.

President Wilson finished the day by a series of calls at the American headquarters, visiting General Tasker H. Bliss and Colonel E. M. House, among others, discussing with them phases of the situation in which they are particularly interested.

The Petit Parisien, commenting upon the settlement of the question relative to the left bank of the Rhine by the council of four, says:

"Not the least interesting feature of the prolonged discussion was to see President Wilson apply himself passionately to the task of solving the problem and still not injuring the rights of France. He uttered a phrase one day which France ought to know. He declared with accents coming from the heart: 'It would be the sorrow of my life if the great peace we are making should be jeopardized by any difficulty between France and America.'

"The man who threw his country into the war for France remains our great friend."

The chamber of deputies today, by a vote of 334 to 156, expressed its confidence in the government on a question whether France's conditions of peace should be made known to parliament after Foreign Minister Pichon had declined to outline the details of the peace preliminaries until the treaty had been signed.

The usual calm marking the morning sitting of the chamber, where electoral reform was under discussion, was broken by Deputy Andre Leber, who, seeing that M. Pichon, the foreign minister, was present, asked the minister when he would accept an interpellation on the conditions on which the government would make known the terms of peace to parliament.

M. Pichon replied that he was willing to be interpellated immediately, but that he refused to give any details of the peace preliminaries. These, the minister added, would be submitted for ratification by parliament as soon as signed. He then asked that the matter be dropped, nothing of a question of confidence in the government. The house, after some heated speeches, supported M. Pichon by a vote of 334 to 156.

Secret Sitting Rejected.

M. Pichon, in his address, pointed out that to submit the peace preliminaries to parliament before the signature of the treaty would be unconstitutional; that it would be substituting legislative for executive power.

M. Pichon reminded the house before voting that the government deserved well of the country. He recalled that M. Clemenceau had given warning that France would not accept any peace concessions. The foreign minister added that if more extended declarations were made in an allied parliament the chamber of deputies might ask for further explanations on Friday.

A demand for a secret sitting of the chamber was rejected by a vote of 341 to 153.

the train in the Gate city at 25,000. All day today the special has played to immense throngs.

Hayburn turned out a big crowd at 7 a. m. to greet the special, and Rupert staged a demonstration that taxed the capacity of the station grounds to accommodate. County Chairman Diney of Minidoka county, backed by the mass of patriotic citizens gathered at the station at Rupert, pledged his county to go across in the Victory train in record time. It is planned to have Minidoka's quota ready to report the instant the drive opens next Monday.

Advance arrangements are already being made to this end.

Acacia showed up with the school children leading a beautiful parade, each pupil carrying an American flag. Minidoka turned out a solid wedge of humanity that packed the station grounds. American Falls put on a demonstration that was elaborate and beautiful. The local choral society furnished patriotic music. Prominent citizens from the Falls met the train at Minidoka.

Chairman Greenwood of Power county assured State Chairman Gwin that his county would make its quota on the first day. Governor Davis was given an ovation when he spoke in American Falls his home town.

Pocatello tipped the roof off when the Victory special reached here. Every engine whistle in the yards and shops broke loose, cannon were fired, sirens shrieked and the overseas men with the train were made to feel as much at home, so far as noise was concerned, as possible.

Speakers today were Governor Davis, State Chairman Monte B. Caino, Senator Lloyd Adams, Willis Martin, Captain Edgar T. Hawley and Private Bates. Mr. Martin joined the train at Minidoka.

Chairman Gwin received a wire at Pocatello from Assistant Chairman Horne, stating that San Francisco had advised that all recruiting officers throughout the United States will detail soldiers as Victory loan speakers through the drive.

HE ESCAPED INFLUENZA.

"Last spring I had a terrible cold and gripe and was afraid I was going to have influenza," writes A. A. McNeese, High Point, Ga. "I tried many kinds of medicine, but remained clogged with cold. Ogden Placed on Pershing Highway As an After Thought

LINCOLN, Neb., April 16.—Half a hundred delegates representing states from the Atlantic to the Pacific met here today and organized the "Pershing Highway," that will extend from New York to San Francisco.

As officially adopted today, the highway passes through the cities and towns where General Pershing spent his boyhood days, where he received his education, and later his early military experience. It is also one of the shortest, if not the shortest, highways in mileage from coast to coast.

B. A. George of Lincoln was elected president of the highway association. Other officers are Clinton Cowan of the Ohio state highway commission, first vice president, and L. A. Nares of San Francisco, second vice president. W. S. Whitten of Lincoln will be the secretary-treasurer.

With these men comprising the national executive committee, boards appointed for the different states through which the road is to pass will co-operate. The president of each state board will be a member of the general board of directors.

The expense of building and maintaining the highway will be as low as that of any that could be planned.

Entering Wyoming east of Cheyenne, the highway as designated goes west through Arvada, Rawlins, Rock Springs and Evanston, thence down

Pershing Highway To Pass Through Salt Lake City

LINCOLN, Neb., April 16.—The "Pershing highway" was selected as a name for the route which will have New York City and San Francisco as its terminals, and pass through Baltimore, Washington, D. C., Indianapolis, Springfield, Ills., Hannibal, Mo., LaCade, Mo., where General Pershing was born; St. Joseph, Mo., Lincoln, Neb., Cheyenne, Wyo., Salt Lake City and Reno, Nev.

The association, it was announced, will be incorporated under the laws of Nebraska and a suitable marker to distinguish the highway from other roads will be chosen by a committee, members of which were appointed today.

PHONE WORKERS TURN DOWN THE BURLESON PLAN

BOSTON, April 16.—Leaders of the striking telephone operators in New England expressed unwillingness tonight to accept plans for settlement of their grievances proposed by Postmaster General Burleson and Secretary Tumulty.

Secretary Tumulty, in a telegram today to Miss Julia S. O'Connor, president of the International Brotherhood of Electrical Workers, urged the strikers to return to work and to file their wage demands with W. R. Driver, Jr., general manager of the New England Telephone and Telegraph company. He said Mr. Driver was authorized to recommend to the government operating board any agreement just and fair to all parties concerned.

Replying tonight, Miss O'Connor sent the following telegram to Mr. Tumulty:

"Your proposition contained in today's telegram is not fundamentally different from the proposal of Mr. Burleson. It states that we may discuss with Mr. Driver, our contentions. Subsequently, he reached a conclusion upon which he will advise us, through to be submitted to the operating board. At no step of this procedure could the methods you recommended be construed as collective bargaining. We insist upon our right to reach a conclusion with Mr. Driver mutually agreeable to the unions and the company and do not recognize the right of any other agency or individual to hold the power to repudiate this agreement."
