ATTACKERS OF GERMAN ENVOYS TO BE PUNISHED

PARIS, June 24. (By the Associated Press)—The military government of Paris has ordered the commencement of legal proceedings against persons whose names at present are not known in connection with alleged attacks on members of the German peace delegation as they were departing from Versailles for Weimar recently.

The Temps says an investigation has established the affair was greatly exaggerated; that the offensive attitude of the Germans brought the first demonstrations by the crowd and that it is doubtful if stones were thrown at their carriages.

Several persons present at the time of the departure of the Germans from the station at Noisy-le-Roi gave evidence that neither Dr. Theodore Melichior nor Madame Dornbluth showed signs of bruises.

Alleged Murderer of Ruth Cruger Now Accuses His Wife

BOLOGNA, June 24. (By the Associated Press)—Fighting for acquittal, Alfred Cocchi, charged with the murder of Ruth Cruger in New York in 1917, presented to the court and jury a vivid description of killing of the girl. He contended that his wife was the guilty one. He explained that he

had made his former confession for her protection, but declared that, now she had abandoned him, he would tell the truth.

Cocchi said: "I was talking to the signorina. My wife struck her on the back of the head with one of my tools. It was not I who struck the fatal blow; it was my wife. I hid the body to protect my wife." To this Signor Bagnoli, president of the court, retorted: "But the American tribunals have exonerated your wife and found her innocent."

Cocchi answered: "It is impossible for any one to call her innocent. Nobody could have an opinion on the affair unless he were there to see it."

"He told me that he had come to pay his respects and so we chatted for some time in a most pleasant manner.
