FRANCIS ELECTED MAYOR BY BIG VOTE WARD LEADS ALL OTHERS; LARSON RE-ELECTED

Deadlock in Move to End Coal Strike

STRIKE MUST BE REVOKED

Gompers Claims That Injunction Must Be Withdrawn.

PALMER REFUSING

Attorney General Says Strike Must Be Called Off First.

WASHINGTON, Nov. 5.—The government was faced today with a new development in the soft coal strike situation by the statement of Samuel Gompers of the American Federation of Labor that if the federal injunction were withdrawn a way would be opened for settlement of the difficulty. Mindful of the effect the statement might have in fixing responsibility for continuation of the strike, government officials planned to go into this phase of the subject thoroughly in search of an avenue to restore the nation's full coal supply.

As the situation stood early today, a deadlock existed. Attorney General Palmer, of the department of justice, has announced that the injunction would not be withdrawn until the strike order was revoked and with the issuance of the Gompers statement, labor has practically said that the strike would not be called off until the injunction was lifted.

Washington continues to cling to the hopeful outlook for an early settlement of the strike, and developments of today were looked forward to with optimism.

LEWIS IS SILENT.
INDIANAPOLIS, Ind., Nov. 5.—When informed of the statement of Judge Ames, assistant attorney general, John I. Lewis, acting president of the United Mine Workers of America, said today that he had no comment to make.

"My statement last night covers the situation," Mr. Lewis said.

STATE ELECTIONS

BOSTON, Nov. 5.—Governor Calvin Coolidge, Republican, who made support of law and order the sole issue of his campaign, was re-elected yesterday by a plurality of 124,175 over Richard H. Long, Democrat. The revised vote was: Coolidge, 317,847; Long, 193,674.

The vote given Governor Coolidge was the largest ever cast for governor in this state, although his plurality has been exceeded. The total vote was unusually heavy.

Long also ran against Governor Coolidge last year and was defeated by a plurality of 17,025. Yesterday the Coolidge vote was more than 100,000 ahead of that of 1918 and the Long vote in Boston last year was cut to 5,143 yesterday.

In his campaign Long appealed particularly to the labor vote on the ground that Governor Coolidge had shown hostility to organized labor in denouncing the striking Boston policemen as deserters.

Outside of Boston Long carried only four cities out of 37 and in all but one of these his plurality was much smaller than a year ago. Nine cities which returned pluralities for Long in 1918, swung over to Coolidge yesterday.

The entire Republican state ticket was elected by large margins. The Republicans control both houses of the legislature.

BALTIMORE, Md., Nov. 5.—The result of the election in Maryland yesterday was in doubt this morning with both sides claiming the governorship by a small margin.

Albert C. Ritchie, the Democratic nominee, carried Baltimore city by 1,735 plurality over Harry W. Nice, his Re-

YOUNG TEDDY ELECTED

Oyster Bay Gloats Over Remarkable Run and a New Son.

OYSTER BAY, N. Y., Nov. 5.—Oyster Bay gloats today over the election of Lieutenant-Colonel Theodore Roosevelt to the state assembly and shared with him his happiness at the birth of an "election day" son.

The one topic of discussion in the little town, where the name of Roosevelt is worshipped, was "young Teddy's" remarkable run in yesterday's election, his majority over his Democratic opponent, Elias Raff, being estimated at between 3000 and 3500. This was declared to be the biggest Republican majority ever rolled up in the second assembly district in Nassau county. When the returns last night indicated a sweeping victory Colonel Roosevelt went to Republican headquarters at the Oyster Bay Inn and was greeted with cheers. "Hello, everybody! It's perfectly fine!" he exclaimed as his friends crowded about him and grasped his hand. "And I've got a seven-pound boy, too," he added with a broad grin. The boy has been named "Quentin," after the ex-president's son who was killed in France in aerial combat.

publican opponent. The vote was: Ritchie, 53,971; Nice, 52,238.

DEMOCRATIC GOVERNOR.
TRENTON, N. J., Nov. 5.—Edward I. Edwards, Democratic candidate for governor of New Jersey, was elected yesterday by a plurality of approximately 12,000. With returns missing early today from only 51 of the 2,011 districts in the state he had 29,371 votes as compared with 157,147 for Newton A. K. Bugbee, his Republican opponent.

The victor stated his political future upon the "wets" and won. The Republican nominee had the backing of the Anti-Saloon league.

Edwards is pledged to oppose ratification of the prohibition amendment and to fight "by all lawful means" enforcement of anti-liquor laws. He has promised his support to woman suffrage.

The Democratic governor-elect will have a Republican legislature against him.

KENTUCKY IN DOUBT.
LOUISVILLE, Ky., Nov. 5.—With ten counties missing out of 120, unofficial returns early today gave Edwin F. Morrow, Republican, a majority of 25,575 votes over Governor James I. Black, Democrat, in the race for governor of Kentucky.

Unofficial returns from thirty counties indicate the state-wide prohibition was defeated by a majority of 15,551. The Republicans will control the lower house and the Democrats the senate.

Great Republican Vote.
PHILADELPHIA, Nov. 5.—Congressman J. Hamilton Moore of the Third Pennsylvania district, who was elected mayor of Philadelphia yesterday, was congratulated today for receiving one of the largest Republican pluralities ever given a mayor of this city. Mr. Moore carried the city, according to the complete unofficial count, by 183,516 over his Democratic opponent.

Ohio Votes Dry.
COLUMBUS, O., Nov. 5.—Ohio yesterday voted to remain in the dry column by a majority which may reach three times the size of that by which it voted prohibition a year ago, according to incomplete and unofficial returns received early today at the office of the secretary of state.

Secretary of State Smith said early today that partial returns to his office from half the counties in the state indicate a dry majority on all four prohibition proposals of approximately 75,000.

Yesterday's dry victory came just a year after Ohio first voted state wide prohibition by a majority of 25,000 and less than six months after prohibition became effective on May 27th.

In addition to defeating the proposed repeal of state-wide prohibition, Ohio yesterday apparently voted by big majorities to uphold the action of the legislature in ratifying the federal prohibition act; to kill a proposal for the manufacture and sale of beer containing as high as 2.75 per cent alcohol, and to put into effect the Crabbe pro-

WILSON VOICES CHOICE

Congratulates Massachusetts Governor on Law and Order Victory

WASHINGTON, Nov. 5.—President Wilson from his sick bed today telegraphed Governor Calvin Coolidge of Massachusetts, congratulating him on his re-election, which the president said was a "victory for law and order."

The telegram follows:
"Hon. Calvin Coolidge, Boston, Mass. I congratulate you upon your election as a victory for law and order. When that is the issue all Americans stand together."
(Signed) WOODROW WILSON.

White House attaches said this probably was the first time in history that a president had congratulated a candidate of the opposite political party on his election to office.

Administration officials shared the president's view. They said Governor Coolidge's sweeping victory should go far to encourage officials generally over the country who are combating radical propaganda, disorder and general social unrest.

hibition enforcement bill passed by the legislature last spring. All of the prohibition proposals were initiated by the wets.

Mayor Harry L. Davis, Republican, was re-elected in Cleveland. Major Cornel Schreiber, Independent, was re-elected in Toledo and Mayor George J. Karb, Democrat, was defeated for re-election in Columbus by J. J. Thomas, Republican.

LINCOLN, Neb., Nov. 5.—While election returns from Nebraska were still incomplete, reports indicated, according to the Lincoln Daily Star, that less than a dozen candidates alleged to be in sympathy with the Non-Partisan league had been selected as delegates to the state's constitutional convention which meets here next month to revise the Nebraska constitution. The convention will be made up of 100 delegates.

In Lincoln the voters overwhelmingly defeated a proposition by which the city proposed to take over the street railway system.

SAN FRANCISCO, Nov. 5.—District Attorney Charles M. Flickert was defeated for re-election in yesterday's municipal by Matthew Brady, police judge, by a majority of 6433. It was announced today by Registrar of Voters Harry Zemansky. Mayor James Rolph defeated Eugene E. Schmitz by a majority of 27,598.

The vote announced Registrar Zemansky gave:
For mayor: Rolph, 61,771; Schmitz, 34,173.

For district attorney: Brady, 46,771; Flickert, 46,338.

There were 103,111 votes cast out of a total registration of 149,540. Besides electing a mayor and district attorney and other city and county officers, nine supervisors were elected. The election was non-partisan.

SALT LAKE CITY, Nov. 4.—E. A. Bock was elected mayor of Salt Lake City by a plurality of nearly 20,000 over J. E. Darmer, at the municipal election held yesterday. City commissioners elected were Herman Green and Theodore T. Burton. Counting was very slow and it was not until early morning that the winners were finally determined upon.

Texas Vote Light.
DALLAS, Texas, Nov. 5.—Although the vote was regarded as surprisingly light, the result of yesterday's state-wide election was still in doubt today and additional returns were awaited to determine what disposition the voters had made of the six proposed constitutional amendments and a constitutional convention resolution printed on their ballots. The resolution providing for a constitutional convention apparently was defeated.

One of the amendments regarded as defeated provided a \$75,000,000 food roads fund.

The older a man gets the harder it is for him to feel sorry for a woman whose pet dog has just died.

LONG FIGHT AHEAD

Refusal of Government to Vacate Injunction Delays Settlement.

WALLACE STATEMENT

Strike Could Have Been Ended in Forty-eight Hours.

WASHINGTON, Nov. 5.—The government cannot accept the proposal of organized labor to end the coal strike by vacating the injunction against the officials of the United Mine Workers of America, Assistant Attorney General Ames, in the absence of Attorney General Palmer, announced today that the government could not abandon its position as the strike was in violation of law.

Judge Ames issued the following statement:
"The strike is a violation of law. As long as it continues we are going to proceed in the courts. The dispute between the mine owners and workers is an entirely different question that they can settle in their own way. The government cannot tolerate continued violation of the law such as this strike constitutes."

Refusal of the government to vacate the injunction means a long fight in the coal fields while its withdrawal would have opened the way for settlement of the strike within 48 hours, according to Edgar Wallace, legislative representative of the United Mine Workers of America.

Production at Standstill.
CHICAGO, Nov. 5.—Confronted by statements of both miners and operators that the country was in for a long struggle in the bituminous coal fields, where production virtually has been at a standstill since the nationwide strike of miners went into effect at midnight Friday night, government circles today still apparently were pervaded by an undercurrent of optimism regarding an early settlement of the big walkout. Indications were that the mine workers' leaders and the coal mine operators were sparring for the opening that might lead to an amicable settlement of the dispute.

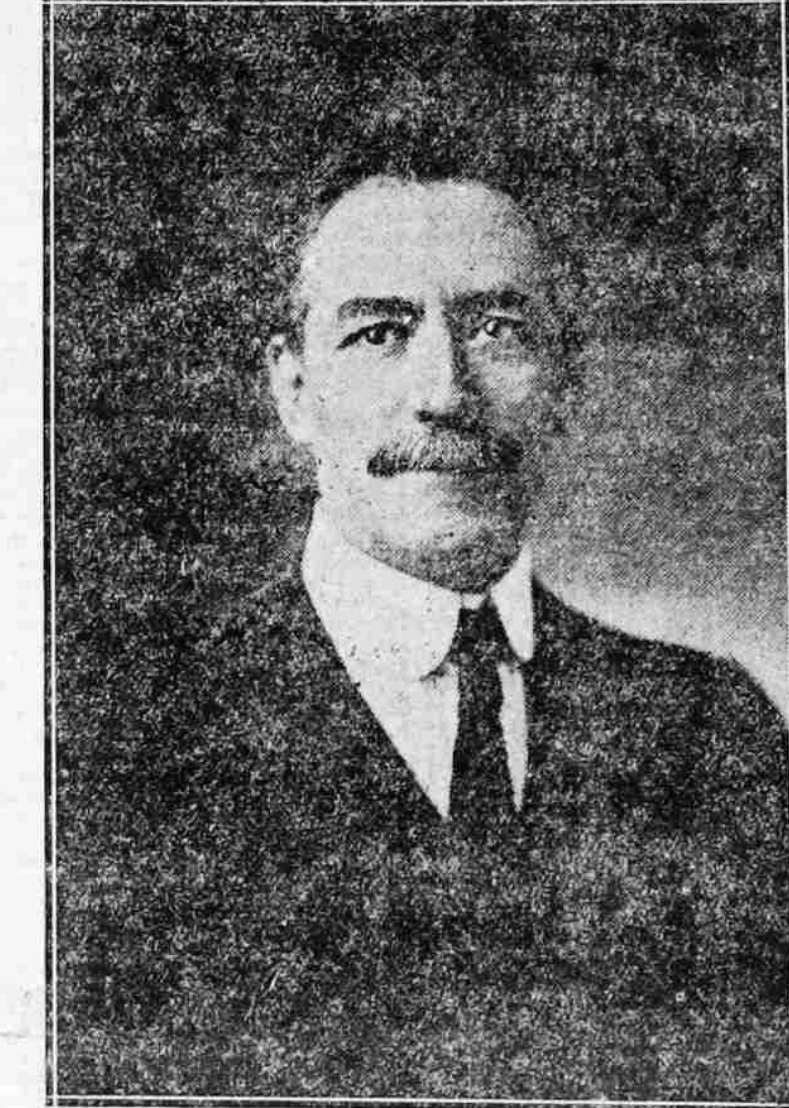

Statements of Samuel Gompers, president of the American Federation of Labor, that dissolving of the federal injunction which has sealed the lips and stopped the activities of the miners' leaders in fostering the strike might point the way to peace, and of John I. Lewis, acting president of the United Mine Workers of America, today, that negotiations could start any time, were pointed to as indicative of the willingness of the workmen to negotiate. The desire that the injunction be vacated, however, was equalled by the operators' demand that as a preliminary to negotiations the strike be called off.

As the approximately 425,000 miners added another day to the strike, the fuel shortage made itself further felt by the public in some parts of the country, notably Montana. From St. Louis also it was reported that a fuel shortage threatened. Other places, mainly west of the Mississippi frontier, were making what preparations were possible to combat advent of winter.

So far railroad operations have not been interfered with and the closing down of industry because of the coal strike has been reported.

There was little change in the general situation during the past 24 hours. Reports from West Virginia that four union mines in the New River district were in operation and that two in the unorganized Guyan field were closed by a sympathetic strike; a threat of the North Dakota lignite miners who returned to work after one day's lay off, to walk out unless increased wages were granted, and a statement by the warden of the Oklahoma state prison that four mines on the prison farm probably would be reopened with convict labor Thursday, were regarded as

the most important developments.

Should the Oklahoma mines be placed in operation, it would be the first resumption of production in the south-west in any mine affected by the strike. Ed Boyle, mine inspector of Oklahoma, however, ordered his aides to see that the state law against inexperienced persons working in mines was enforced.

Thomas T. Brewster, chairman of the coal operators' scale committee, announced that the operators, acting individually, probably would sue the United Mine Workers of America for breach of contract.

Except for a fight between mine guards and miners at one point, regarded as of no consequence, no disorder today had been reported from any district.

More War Brides Leave France For United States

BREST, Tuesday, Nov. 4.—(By the Associated Press.)—The last of the war brides of American soldiers left here yesterday for the United States on the steamship Northern Pacific. There were nine of them.

"This virtually completes the war war brides' work of the Young Women's Christian association," Mrs. Seymour, the Y. W. C. A. secretary in charge of war

work. "I am proud of our American boys. So far as is known only one war bride is coming back of nearly 3,500 we sent to the United States."

Three-fifths of their number were French, one-fifth were English and the other fifth scattered among twenty-one nationalities. The brides ranged from 15 to 55 years of age. Some of them had three or four children by previous marriages.

Six Employees In Tampico Oil Fields Murdered

WASHINGTON, Nov. 5.—Six employees were murdered and more than \$1,825 in American gold stolen from oil companies operating in the Tampico oil region during July, August and September, according to an official report just completed, it was learned today. Six bandits implicated in two of the outrages were arrested and two of them publicly executed.

Carranza soldiers were implicated in some of the outrages, the report stated, although in some of the camps of the region, the federal soldiers were "behaving well." On September 23 a camp at Comala was raided by 100 Carranza soldiers who stole all the clothing of the foreign employee and drove away the last mile in the camp.

LARGEST VOTE IN HISTORY

Returns Show Heavy Majorities for Successful Candidates.

7,107 VOTES ARE CAST

Francis' Majority Is 947; Ward's 1,301; Larson Leads by 311.

Within two hours after the polls closed last night, the voters of Ogden city knew that Frank Francis had been elected mayor; J. R. Ward commissioner and A. E. Larson auditor. The returns were available thus early through the united effort upon the part of the judges of election to get the results to the people at the earliest possible moment. The second district reported within twenty minutes from the time the count started and from that time until 9:15 o'clock the districts reported rapidly.

In the total of 7,107 votes cast, a new high record is established. The vote was about two thousand more than that which was cast, when the law permitted the hauling of the voters to the polls.

The election was filled with many surprises. The majority of the successful candidates was the cause of much comment. Francis' majority over T. S. Browning was 947; Ward's majority over W. J. Parker was 1,301, and Larson's over Moyes 311. The returns show that Ward led in forty-seven districts, while Francis carried all but eleven districts. In one district Francis and Browning each received 86 votes.

The race between Larson and Moyes for auditor was comparatively close. The strength developed by Moyes since the primary of two weeks ago when Larson had a majority of about 1,300, was the subject of much comment. Moyes cut down Larson's lead by about a thousand votes.

The great interest of the voters in the election was shown last night at the Standard office, where one of the largest crowds of many years gathered and watched the returns from the various districts as they were flashed upon the screen.

OFFICIAL COUNT TO DETERMINE.
NEW YORK, Nov. 5.—Only an official count will determine whether Tammany hall failed yesterday in its efforts to elect a president of the board of aldermen. On the face of virtually complete returns, Representative F. H. La Guardia, Republican, defeated Robert L. Moran, Democrat, by 1,520 votes. Tammany lost all contests for seats on the supreme court bench in the first and second judicial districts.

James A. Foley, son-in-law of Leader Murphy, scored a moderately easy victory over James O. Malley, his Republican opponent for surrogate of New York county. This was about the only solace found in the result, for Henry C. Curran, Republican, was elected president of the borough of Manhattan.

Reuben L. Haskell, Republican, was elected a county judge in Brooklyn on a "wet" platform.

The Socialists failed to make good their claim that they would poll a larger vote than they did in 1917 and apparently gained no seats in the assembly.

DRYS WIN IN OHIO.
COLUMBUS, O., Nov. 5.—Additional returns received up to noon today by Secretary of State Smith served only to substantiate earlier predictions that drays carried all four prohibition proposals by big majorities at yesterday's election. Chief Statistician Johnson, of the secretary's office, said the dry majorities would reach 75,000, bearing out the claims made last night by dry leaders.

LA GUARDIA WINS.
NEW YORK, Nov. 5.—Complete returns of the vote for president of the board of aldermen show that Representative F. H. La Guardia, Republican, defeated Robert L. Moran, Democrat, incumbent, by 1,521 votes. An official recount will be asked for in Mr. Moran's behalf.
