

LOCAL CAMPAIGN STARTS FOR FUNDS FOR MONUMENT TO THE MORMON BATTALION

The local committee selected to acquire funds for the monument of the Mormon Battalion met at the Weber club at 8 o'clock, Tuesday evening, Jan. H. Douglas, temporary chairman, called the session to order.

Those present—J. S. Lewis, Dr. H. L. Rich, Jas. H. DeVine, Geo. W. Goldard, A. P. Bigelow, Fred W. Taylor, Joseph Ches and A. L. Scoville.

The purpose of the meeting was briefly stated, after which a motion was entered to elect a permanent chairman. Jas. H. Douglas was unanimously sustained. Also A. L. Scoville was sustained as secretary, and A. P. Bigelow as treasurer.

A threefold division of the county was considered. First, the county proper reached through the wards; second, the city wards; third, the business center itself to be canvassed by a committee specially selected. A tentative assess-

MILITARY TRAINING DOES NOT OBLIGATE STUDENTS

Erroneous impressions concerning military training of boys at high school have been corrected by Lieutenant Ronald Every of the high school cadet organization. A number of parents of boys, it is reported, had the idea that, by becoming members of the reserve officers' training corps, the students became a part of the United States army to the extent that he was under conscription laws. This is altogether wrong, the R. O. T. C. being conducted with the view of having adequate trained men for officers should another national emergency arise.

The students receive the basic course for two years and at the end of that time can attend a military school, should they desire. Forty cents a day ration money is allowed for commutation of rations and each summer the boys are given a six weeks' trip, with expenses paid.

Winchester rifles of the modified Enfield type will arrive soon, with cartridges and bayonets for use at the school.

a moderate general upturn. Provisions tended upward despite weakness in the hog market. It was pointed out that supplies of meat might be curtailed by coal shortage hampering the packing houses.

JUDGE CALLS GRAND JURY FOR PROBING OF OPERATORS

Investigation Is Ordered of Charges That Owners of Mines Have Violated the United States Trust Laws.

INDIANAPOLIS, Ind., Dec. 4.—Judge A. B. Anderson, of the United States district court, has summoned the federal grand jury to appear here next Monday morning at 10 o'clock to take up the investigation of alleged violations of the Lever act and the criminal provisions of the antitrust acts by the coal operators.

This information was given out today in a statement by L. Ert Stack, United States district attorney, and Dan W. Sims, special assistant attorney general in charge of the proceedings in the coal strike.

The determination to summon the grand jury, it was said, came as a result of disclosures in the proceeding against the officials of the United Mine Workers of America, which the statement said tended to show that the coal operators, as well as the mine union officials were engaged in a conspiracy to violate the Lever act.

It was said the investigations of the grand jury will cover alleged violations of the Lever act on the part of the defendants in the injunction suit brought against the mine union officials as well as on the part of the coal operators.

What the investigation is to disclose finally, the statement says, is whether "the government of this country rules or whether lawless people shall have their way—whether this is a government of law or of a group of men."

Daily Market Report

NEW YORK, Dec. 4.—Few changes of more than minor importance occurred at the irregular opening of today's stock market. Gains outnumbered recessions, shippings, oils and coppers showing most activity. Rails were under moderate pressure on further curtailment of transportation facilities due to fuel restrictions. The increasing scarcity of certain speculative issues, notably motors and their specialties, caused further short covering in those stocks which advanced 1 to 4 points within the first half hour.

A moderate rally in foreign exchange, easier money tendencies over the week-end and a sharp recovery in Liberty bonds from the pessimism created by the coal strike and Mexican situation were the features of the session at noon. Extreme recessions during the morning of 2 to 6 points in the leading motors and oils and 1 to 4 points in shippings, tobaccos, textiles and food shares were accepted as additional signs of an over-extended short interest. Rails and leathers were the only backward shares. Hide and Leather preferred losing five points.

CHICAGO GRAIN

CHICAGO, Dec. 4.—Absence of selling pressure led to an upturn today in the price of corn. A forecast of unsettled weather tended somewhat to strengthen the market and so, too, did firmer foreign exchange. On the other hand, hog quotations were lower and receipts of corn here were larger than has been the rule of late. Opening prices, which ranged from 3-4c off to a like advance with December 31-39 3-4 to 1-29 1/2c and May 1-33 to 1-33 1-4, were followed by material gains all around and then something of a 39c.

Oats were governed by fluctuations in corn values. After opening 1/4c decline to 1/4c-advance, including May at 78 3-4 to 79 1/2c, the market receded

ENID BENNETT

—in—

"What Every Woman Learns"

The Crisis of Her Life!

FRANTIC with fear, she was calling the only friend she had in the world—the "other man," who loved her, who helped her endure a life she had flung away on a cad. Then the final ruthless showdown! The two men in a struggle that ended in death—and she accused of murder!

A picture that throws a great white light on the problem of love and marriage. Vital, honest, amazingly realistic. Enid Bennett, supported by Theodore Roberts, Milton Sills and Irving Cummings, in a role you'll long remember. Come and see "What Every Woman Learns."
