Berthana Is Scene of Pageant and Dancing Party Given by Daughters of Pioneers

Without the slightest exaggeration last evening's pageant and dancing party given by the Weber County Daughters of Pioneers, was the finest event of its kind ever given in this city," said a prominent lady of Ogden. Berthana was none too lovely a setting for the largest, most attractive and thoroughly enjoyable parties of the season so far advanced and no detail which might add to the pleasure of those who attended was overlooked. The ladies comprising the various committees in charge of the pageant and dance which followed, are worthy of considerable praise for the splendid manner in which everything scheduled on the program was carried out. Mrs. Belle E. Ross, whose efficiency as director of pageants and fancy dancing is so well known to all Ogdentites, gave her time and effort to the perfect staging of the historic features of the program and to the dancing numbers. History of Utah, from the time the earliest pioneers arrived in 1847 down to the present, was perfectly set before the eyes of the interested onlookers who crowded the Berthana.

And women, too, for none but they will ever gather in this way. When we get there amongst the rest industrious but we'll be blessed, and in our chambers be shut in. While Judgment cleanse the earth from sin. For well we know it will be so God's servants spoke it long ago And tell us it's high time to start. To cross the plains with our hand carts.

Crickets and Gulls.
The story of the crickets and the gulls was well told by the children, then one of Utah's first children, Kate Tonopce, was escorted into the hall by a stork and several little flower girls. Joined by a number of the other pioneers of later years the whole company marched around the hall under the direction of Mrs. Ross. A beehive representing the state of Utah was formed. As a conclusion to the program, "Come, Come Ye Saints" was sung by the entire company. The remainder of the evening was enjoyed to dancing. Refreshments were served.

RETURNED SOLDIERS RECEIVE CHILLY RECEPTION

Has America forgotten? That was a question asked today when three California officers passed through Ogden en route to their homes in California.

The men, Captains "Happy" Jack West and Franklin Homestead and Major Willie Miller enlisted in the army early in 1917 and after more than two years of service overseas are returning home.

"The boys who returned home during the early part of 1919 received a real welcome, we are told, when the big boats arrived, but when we returned recently in New York we missed the spirit of welcome," said Captain West this morning.

"When we departed with the Rainbow division early in 1919, millions wished us good speed and a happy return. That was the way of war. A few days ago we returned to New York, after more than two years of service overseas. The glad hand, the smile we expected, the greetings were missing, and our reception was not in any way comparable to that accorded the departing soldiers who left Germany a few weeks ago."

MURDER WILL OUT, IS VIEW OF SLAIN MAN'S FRIEND

P. W. Corcoran, Wyoming oil man, who arrived in Ogden Christmas day to identify the body of George Lowes, who was murdered here, will return to Rawlins, Wyo., this evening. Corcoran stated this morning after the funeral of his friend that he believed the slayers would be captured.

"A murderer always carries the fear of detection with him," said Corcoran. "In my experience I have seen many men give themselves up, after years of worry, fear, and thoughts of the crime they had committed."

"In the case of Lowes I am sure that the man or men will be captured. It was a cold-blooded murder, but one in which some one will confess to."

Lowes leaves more than 20,000 shares of Wyoming oil stock, and other valuables which will be sent to his sister at Lindsay, Canada.

W. P. Thomas, county farm agent, stated this morning that the towns of the county, as a general rule, are favorably inclined towards the idea of the irrigation district. While some small opposition is anticipated, it is expected that there will be little difficulty in carrying through the proposed district.

EATS ANYTHING SET BEFORE HIM

Eight Years Trouble Gone and Feels Fine Every Day Since Taking Tanlac

"Since I commenced taking Tanlac all my troubles have left and I feel better than I have in eight years," said J. Curry, a well known flagman for the Key Route System, who lives at 577 West Eleventh street, Oakland, Cal. "I had been troubled with a bad case of indigestion so long that it had become chronic," continued Mr. Curry, "and I had little or no appetite for I knew if I ate anything I would be troubled for hours afterwards. I could hardly retain a thing I had eaten and about an hour after I had taken a few bites belching spells would come on me and I would feel nauseated and would have a bad taste in my mouth. I was troubled with constipation and had to take a laxative almost every day, and one time I had such a bad spell of lumbago that I had to lay off from work a whole week. At night I could never sleep good but would roll and tumble from one side of the bed to the other and when morning came I felt so tired I had to drag myself off to work."

"I started taking Tanlac as I had read so much in the papers about it and I will say right here it certainly measures up to everything the people say it will for after eight years of troubles it has put me back on my feet in fine health. I can eat anything set before me with no fear at all for my digestion is perfect and I have no trouble retaining everything I have eaten, and the bad taste has left my mouth. My constipated condition has been greatly relieved and I haven't had an attack of lumbago since I started taking Tanlac. I sleep like a log eight or nine hours every night. I can do as hard a day's work as any man and I have more strength and energy about me than I have had in years. I give all the credit for my fine condition to Tanlac and say it is the most dependable medicine I have ever heard of."

Tanlac is sold in Ogden by A. R. McIntyre Drug Co. Two busy stores.—Advertisement.

WORLD'S MARKETS

NEW YORK, Dec. 30.—The uncertain money situation continued to weigh upon the stock market at the irregular opening of today's session. Gains of 1 to 3 points in the better known oils, coppers, rails and local utilities were offset by declines of 1 to 2 points in steels, shippings, leathers and kindred specialties. American Woolen, the market's conspicuously strong feature yesterday, lost almost four points at the outset, but immediately rallied. The tone became heavier within the first half hour, General Motors reacting three points.

Stocks became more subservient to monetary conditions during the morning, all other developments being ignored. Representative oils, coppers and a few specialties escaped the pressure shown elsewhere, especially among steels and equipments. Mexican Petroleum, Shell Trading and Royal Dutch were 2 to 2½ points higher and several of the minor specialties gained 1 to 3 points with Endicott-Johnson. American Woolen extended its early rally and sugars developed sudden strength. Trading quickened when call money opened at 15 per cent.

CHICAGO GRAIN

CHICAGO, Dec. 30.—Corn took a decided upward swing in price today largely as a result of brisk export demand for oats, rye and wheat. Rural complaints of car scarcity tended also to strengthen the corn market. In this connection the smallness of receipts here had a small bullish influence. Opening prices, which ranged from 1½ to 2¼¢ higher, with January \$1.31½ to \$1.32¼ and May \$1.30¼ to 1.31¼, were followed by some additional gains.

Talk of big export sales lifted the oats market. Trade was unusually active. After opening 1-4 to 1/2¢ higher, including May at 82½ to 83¢, prices reacted a little but then scored a fresh advance. Provisions were higher with hogs and grain. Business was on a somewhat larger scale than has been the rule of late.
