Married—A marriage license was issued yesterday afternoon to Phil Cassidy and Elvina Jensen, both of Salt Lake. They were married in the court house by District Judge A. E. Pratt.

Dumke floral store now open in Fortola Cafe. 370 24th. Phone 250. 1116

Address—Paul Findlay, retail merchandiser of the California Fruit Growers' exchange, gave a talk to members of the Grocers' association and other merchants of Ogdren at the Weber club last night, showing how to handle perishable stock.

Clean rags wanted at The Standard office.

Mr. and Mrs. Samuel L. Davidson announce the engagement of their daughter Edna Lucille to Fred B. Jones the wedding to occur Sunday, the eleventh day of January, Nineteen hundred and twenty, in Ogdren, Utah.

Prompt taxi service. Phone 22. Clean new cars. New drivers. 2070

OGDREN HIGH WINS IN JUDGING CONTEST AT STOCK SHOW

The students' judging contest which was one of the features at the final day of the Ogdren Livestock show resulted in a victory for the Ogdren high school in the team judging contest. Payson High school won second place in this contest, while the Granite High school was awarded third place. There were eleven high school teams entered.

Sterling Price of Payson scored highest in the individual judging contests in all classes.

Cornwall Memorial of Springville scored first in judging fat cattle.

Wiley Williams of the Ogdren High school won second place in the fat cattle contest.

Jerome Brown of Payson was the winner of the hog judging contest, Sterling Price of Payson winning second. Winners of the individual contests were awarded \$5.

Names of Students.
The teams which placed for honors in the contest were as follows: Ogdren High—Wiley Williams, Percy Stanfield, James McElroy. Payson High—Sterling Price, Jerome Brown and Merton Peery. Granite High—Angus Norberg, Arel Davis and Sidney Cornell.

Prices of \$25, \$15, and \$10 were awarded the winners.

Large crowds were present for today's show. The auction sales were especially interesting. In the auction sales yesterday, the grand champion steer was sold to Lou Kellar at the price of 25 cents per pound.

It was stated that had feeding conditions been better during this winter that the fat stock exhibit would have been even better than those offered for sale at auction yesterday and today.

In the college judging contest, the following were winners: Rue Clegg, first; J. R. Bateman, second; Morgan McKay, third; George Bateman, fourth; Ordth Price, fifth.

Cattle which were not judged yesterday were passed upon by the judges this morning. The judging of swine also was continued, and the judges also completed the work in the judging of the sheep.

Indications that large prices for cattle offered at auction will be prevalent during the remainder of the show.

Awarding of Prizes.
This distribution of trophies and ribbon awards will take place this afternoon, as will the paying out of prize money. The list of winners of ribbons, trophies and prize money was not available early this afternoon.

ANDREW JACKSON AND HIS WILL TO BE THEME ON SUNDAY NIGHT

The life and personality of Andrew Jackson was a favorite study of the late Theodore Roosevelt. There was in their strong personalities, in their inflexible wills, in their ability to make progress against adverse opposition which in common between the nature of these two great presidents.

The American people have this week recalled something of the life and achievement as well as something of the thought of President Jackson. It was the dynamic power of President Jackson's will, however, rather than his political trends that gave him a place of leadership in the annals of his country. By writers on the human will he is often cited as an example.

The dynamic power of the human will as illustrated in the life and influence of President Jackson, will be the Sunday night theme in the First Presbyterian church. The choir will render special music.

EIGHT SOUTHERN PACIFIC TRAINMEN PLEAD GUILTY TO CHARGES; EACH IS GIVEN FOUR MONTHS AND \$200 FINE

Four months in the county jail and \$200 fine was the sentence given seven railroad men in the city court by Judge D. R. Roberts this afternoon when they entered pleas of guilty to robbing box cars upon the Salt Lake division of the Southern Pacific road.

The eighth man, Ray J. Cole, who received three months in jail and no part in the robbery was sentenced to two months in jail and to pay \$100 fine.

In view of the fact the defendants have been in jail eight days the same was deducted from the sentence.

Those who will serve 112 days in the jail and pay the \$200 fine are: Daniel M. Flaherty, William W. Davidson and Bentley Shields, conductors; William W. Gove, Percy A. Blackwell, Grant Wilcox and Sylvester Lee, brakemen.

Men of Families.
In the sentencing of the defendants the court said that he was sorry to see men in such a predicament, especially owing to the fact they were men of families and had been residents of the city and respected for months and even years. Why the defendants had slipped and committed the offense in view of the other cases which were recently before the court was hard to understand. He said he hoped that the present sentences would serve as a warning to men working for railroad companies or other corporations and that there would be no more pilfering of the box cars. The court warned the defendants that they had not only violated the law and had been guilty of a breach of trust by taking the property they were supposed to guard.

In view of the recommendation of the attorneys the court said he believed the end of justice would be met.

Before the passing of the sentence Attorney George Halverson, Joseph Chee, George Barker and John C. Davis advised the court they appeared for all of the defendants. It was announced the reading of the complaint would be waived and plea of guilty entered for each man. It was said that in view of the fact that the state had consented to file a misdemeanor charge against the defendants that they recommended a sentence not to exceed four months in jail and \$200 fine, except in the case of Ray Cole, which would be one-half in view of the fact he did not take any part in the robbery.

COUNTY ASSESSOR CALLS ATTENTION TO PERSONAL PROPERTY TAXPAYERS OF WEBER COUNTY TO NEW STATE LAW

County Assessor Owen M. Sanderson called attention again today to the fact that his department is working under the new state law which requires that persons who reside in Weber county and who do not own real estate must pay the tax upon their personal property at the time the assessment is made.

The assessor says that difficulty is encountered because residents are not ready to make payments.

Assessor Sanderson said: "The people of this county, and residents of this city who are not real estate owners should be informed that taxes on their personal property and automobiles will be collected at the time of assessment, which will be this month and next."

"There are several advantages to the new law. In the first place it will save the property owner much annoyance in calling at the office and eliminates the danger of property being advertised, which adds to the tax. When paid now this tax question will not be coming up to bother again for one long year."

"People should not worry about paying \$5, \$10 or \$15 on their personal property when others who own real estate pay often ten times this amount."

"Despite the fact that the schools demanded more money and raised the levy we are paying less taxes than many other counties in this state as well as in other states. Cache county paid more than 19 mills the past year while we pay 14.03 in this county. Logan city paid 34 mills while this city paid only 26.10. Loyal citizens will pay their taxes without quibbling, we feel sure."

LEGAL EXPERTS ANSWER QUESTIONS ON IRRIGATION DISTRICT PROPOSED FOR WEBER COUNTY; DOUBTS CLEARED AWAY

To crystallize the sentiment for the proposed irrigation district in Weber county, D. D. McKay, former president of the Weber County Farm Bureau, corresponded with a law firm of Kimball & Richards at Salt Lake, submitting questions relative to the proposed district, which had in some instances caused doubt and uncertainty in the minds of farmers and other county residents.

A list of the questions, with answers has been received from Salt Lake. W. P. Thomas, county farm agent, stated that special attention should be paid by farmers and stockholders in irrigation companies regarding questions No. 2 and 4. The queries and answers which are based on the irrigation laws of the state follow:

- 1.—Are lands at present fully watered to be especially exempted by section one of the law relating to irrigation districts?
- 2.—Lands which are at present fully watered are especially exempted by Section one of the law relating to the irrigation districts.
- 3.—By voting in favor of the organization of an irrigation district do parties thereby transfer to the district the operation and control of irrigation systems owned by such parties and supplying water to lands within the limits of the district?
- 4.—The only question determined at the first election is whether or not a district shall be organized and in no way will it affect the operation or control of an irrigation system or company. Ditches and canals which are now in use will not be affected by the district, the purpose of the organization being to secure and distribute additional water than that now available for use upon district lands. Property may, of course, be purchased by the district under the limitations of the act in the same general way as similar

\$2,284 OBTAINED IN WEBER COUNTY TO FIGHT WHITE PLAGUE THROUGH SALE OF RED CROSS SEALS BY COMMITTEES

The committee in charge of the sale of Red Cross Christmas Seals for Ogdren City and Weber county has just completed its work, and makes the following report, through its chairman, Mrs. Ralph E. Bristol:

The work in Ogdren City was under the direct supervision of Miss Kathryn Joyce. Miss Joyce had a complete organization of workers, scattered throughout the business district, which was handled by members of the Rotary club of Ogdren, and there were special committees in charge of the booths, also in all the schools, churches and lodges of the city. These committees have been working steadily for three weeks and the results obtained are very gratifying to the executive committee of the Weber County Chapter of the Utah Public Health association.

The chairman of the sub-committees under Miss Joyce were as follows: Mrs. Marrison Browning, lodges; Mrs. Milton Boyle, clubs; Mrs. Fred Hess, churches; Mrs. Eliza McFarland, wards; Miss Gladys Rich, business district; Miss Lophylla Bunyon, schools; Mrs. F. E. Lewis, booths.

The results of the Christmas Seal sale for Ogdren for 1919 follow:
Rotarians, down town district \$54.00
Booths 329.94
Schools 149.28
Lodges 149.28
Wards of L. D. S. church . . . 104.46
Women's clubs 74.60
Churches (other than L. D. S.) 68.26

Total \$1,729.83

Expenses of the Sale.
Fifteen moving picture \$3.75
Fifteen moving picture slides \$3.75
Sign painting \$4.00
Miscellaneous 7.90
Stamps 1.50
20.25

Net receipts \$1,709.58

Weber county was handled through the schools of the county with John Hall as chairman, who makes the following report, showing the net proceeds from the county as \$475.10, making a grand total for Ogdren City and Weber county of \$2,284.68.

The money provided as shown by the report above is to be placed in the state fund, and from this state fund a proper amount to take care of the needs of the work in Weber county and Ogdren city is secured by the executive committee for the county, composed of the following members: Mrs. Ralph E. Bristol, chairman; Mr. George Bennett, secretary; Mr. J. R. Cooper, Mrs. D. C. Eccles, Dr. R. S. Joyce, Mr. Chas. R. Hollingsworth.

The committee has employed Miss Ida M. Schwartz, who is a trained visiting nurse, and social worker, and who will be constantly employed within the confines of Weber county, to assist in solving some of the many health problems in the homes, and to give specialized care, attention and advice to those now having tuberculosis. Miss Schwartz entered upon her work on January 2 and one of her first duties will be to assist Dr. Cragun, newly appointed physician of the county schools, in a survey of the children of the county schools. She will then take up similar work at the State Industrial school, the school for the Deaf and Blind, Martha Nursery, and will cooperate with Dr. Merrill of the Ogdren city schools in a survey of the city school children.

Will Help Tubercular.
Miss Schwartz is anxious to get in touch with those who are afflicted with tuberculosis, for it will be her special privilege to assist them in getting proper attention and advice.

Miss Schwartz can be reached through the office of Mr. Geo. D. Bennett, Metropolitan Life insurance company, in the Col. Hudson building.

The committee also hopes to cooperate with the medical profession of the sanitary departments of the city and county, and others interested in this work, so that Weber county in 1920 may make some real progress in preventing the further spread of tuberculosis.

The executive committee wishes to thank each and every one of the workers who assisted in any way in the sale of Red Cross Christmas seals, and also those good citizens who made the fund possible by purchasing seals.

Pocatello Man Will Build 6 Houses Here

Building permits were issued today to L. H. Lathrop of Pocatello for the construction of six frame bungalows in the Arlington Heights addition. Each cottage calls for an expenditure of \$2500. They are to be built on Twentieth street between Van Buren and Harrison avenues.

Stamps 1.50
20.25

Net receipts \$1,709.58

Weber county was handled through the schools of the county with John Hall as chairman, who makes the following report, showing the net proceeds from the county as \$475.10, making a grand total for Ogdren City and Weber county of \$2,284.68.

The money provided as shown by the report above is to be placed in the state fund, and from this state fund a proper amount to take care of the needs of the work in Weber county and Ogdren city is secured by the executive committee for the county, composed of the following members: Mrs. Ralph E. Bristol, chairman; Mr. George Bennett, secretary; Mr. J. R. Cooper, Mrs. D. C. Eccles, Dr. R. S. Joyce, Mr. Chas. R. Hollingsworth.

The committee has employed Miss Ida M. Schwartz, who is a trained visiting nurse, and social worker, and who will be constantly employed within the confines of Weber county, to assist in solving some of the many health problems in the homes, and to give specialized care, attention and advice to those now having tuberculosis. Miss Schwartz entered upon her work on January 2 and one of her first duties will be to assist Dr. Cragun, newly appointed physician of the county schools, in a survey of the children of the county schools. She will then take up similar work at the State Industrial school, the school for the Deaf and Blind, Martha Nursery, and will cooperate with Dr. Merrill of the Ogdren city schools in a survey of the city school children.

Will Help Tubercular.
Miss Schwartz is anxious to get in touch with those who are afflicted with tuberculosis, for it will be her special privilege to assist them in getting proper attention and advice.

Miss Schwartz can be reached through the office of Mr. Geo. D. Bennett, Metropolitan Life insurance company, in the Col. Hudson building.

The committee also hopes to cooperate with the medical profession of the sanitary departments of the city and county, and others interested in this work, so that Weber county in 1920 may make some real progress in preventing the further spread of tuberculosis.

The executive committee wishes to thank each and every one of the workers who assisted in any way in the sale of Red Cross Christmas seals, and also those good citizens who made the fund possible by purchasing seals.

Pocatello Man Will Build 6 Houses Here

Building permits were issued today to L. H. Lathrop of Pocatello for the construction of six frame bungalows in the Arlington Heights addition. Each cottage calls for an expenditure of \$2500. They are to be built on Twentieth street between Van Buren and Harrison avenues.
