PROMPT ADOPTION OF RAILROAD BILL PROBABLE, IS CLAIM

Legislation Must be Enacted Before March 1, Chairman Esch Declares

WASHINGTON, Feb. 12.—(By the Associated Press.)—While some opposition to the railroad bill as finally agreed upon in conference has developed, senate and house leaders predicted today that the conference report on the measure would be promptly adopted so that the legislation would be on the statute books before the roads are returned to private control March 1.

The final draft of the conference report will be presented to the senate Saturday or Monday. The house will take it up Monday or Tuesday and leaders said it would be disposed of in two days.

Chairman Esch, of the house interstate commerce committee, one of the authors of the railroad bill, and other leaders based their prediction that the bill would pass upon the fact that as re-written in conference it is substantially the same as the Esch bill recently passed by the house. Senate provisions to which there was objection including the anti-strike section, creation of a transportation board and compulsory consolidations were stricken out in conference. The essential addition to the house bill was the fixing of a guaranteed return of 5 1/2 per cent.

Telephone Service By Wireless to Be Common

NEW YORK, Feb. 12.—Wireless telephone service for commercial purposes will be established between Chicago and New York, it was announced today, following a successful conversation held last night. Robert F. Gowen, in New York, inventor of the radio telephone, talked for thirty minutes with R. H. G. Mathews, in Chicago.

WOMEN GATHER IN CHICAGO FOR THE BIG ORGANIZATION PLAN

National Feature of Female Lawyers to be One Feature of Get-Together

CHICAGO, Feb. 11.—Conferences preliminary to the fifty-first annual convention of the National Woman Suffrage association began today and will continue until the convention ends next Wednesday. Prospects were that the convention would probably formulate a new organization under the name of League of Women Voters. This, suffrage leaders said, probably would be contingent upon ratification of the national woman suffrage amendment by thirty-six states, expected before the convention adjourns, which would bring to a successful conclusion the half-century's labors of the organization.

In connection with the suffrage association's meeting there will be a national convention of women lawyers, the first ever held.

A reconciliation with the Woman's party, the radical wing of the movement, was declared by members of the suffrage association to be 'hardly possible.'

Whether the new League of Women Voters will be held to a strictly non-partisan course was a question in which political observers of the two major political parties were displaying considerable interest.

Suffrage leaders estimated 2000 delegates and their alternates representing 2,000,000 members of suffrage organizations in every state, would attend the convention.

Canadians Wants To Complete New Vessels

OTTAWA, Feb. 12.—Parliament will be asked to appropriate \$2,000,000 to complete ships under construction for the Dominion government, it was learned today. The government has placed orders with Canadian companies for sixty steel cargo steamships. Twenty-three of these have been delivered and the others are nearing completion. Up to December 31, 1919, the government had expended \$40,328,220 for the ships but about \$2,000,000 more will be needed.

CONSTANTINOPLE IS UPSET OVER DELAY IN PEACE DECISION

Cost of Living Mounts High as Speculators Hold Stocks For Rising Market

CONSTANTINOPLE, Feb. 12.—Work in the harbor here is completely disorganized as a result of delay on the part of the peace conference to reach a decision relative to the future status of Turkey. It is impossible to move cargoes to Black sea ports because of the Bolshevik menace and speculators here are holding clothing and foodstuffs for higher prices as a result of which the cost of living is as high in Constantinople as it is in Paris or London.

Thousands of Russian refugees are cordially welcomed here by the people. The average Turk wears out his capacity for hatred in expressing his enmity against the Greeks and pays little attention to persons of other nationalities, even traditional enemies such as Armenians who come to this overcrowded city.

General Resentment Occupation of Smyrna is seemingly on the increase and all factions here say peace is possible if Greeks control territory where there is a predominant Turkish population.

Premier Venizelos of Greece, General Paraskevopoulos, commander of the Greek troops at Smyrna, and M. Veriandis, Greek high commissioner, under arms. It is said his decision was reached because of the fact that Turkish forces in Anatolia have been increased.

Many Encounters Italian soldiers have had little trouble, but the French have had encounters with the Turks in Anatolia and with Bedouins near Lake Tiberias.

Members of the Turkish parliament belonging to the nationalist bloc, numbering 116 have pledged themselves not to accept a peace which does not return to Turkey all territory having Turkish majorities and places Turkey under the guardianship of a single nation having territorial aspirations in the Near East.

RAPHAEL ANNIVERSARY ROME, Feb. 12.—The fourth centenary of the death of Raphael, the great Italian painter, will be commemorated on April 6, by order of the government. Lectures on the painter and his work will be delivered in all the schools of the kingdom.

VESSLS ARRIVE PANAMA, Feb. 12.—Thirty-one destroyers and four tenders, part of the Atlantic fleet of the American navy, arrived at Cristobal yesterday. Admiral H. B. Wilson, commander of the fleet, is not expected to arrive before February 25.
