

### The Tale of the Sale

It started out as Ogden's first sale on blue Serges. It still is. Men want blue serge suits—they are in good taste everywhere—in business—in the social world. And Dundee showed the way to remarkable savings on hand tailored Blue Serge suits.

We bought at a special figure as much blue serge cloth as we could get. It is a regular \$50 grade. We're making it into three-piece suits—to your measure—for \$47.50. With two pair of pants, if you want them, at \$58.00.

All other fabrics are reduced 10 per cent from our regular prices. Nothing is reserved. But the sale is fast coming to its end—the special Blue Serge is almost all sold. Get your suit ordered before it's too late.

### Suffrage Plank Given Approval

SAN FRANCISCO, July 1.—The suffrage plank, as approved by the platform committee, is understood to follow the lines of that framed in the sub-committee, calling on the Democratic governors and legislatures of Tennessee, North Carolina and Florida...

AERIAL SERVICE OPENS. GENEVA, July 1.—An aerial service between Paris and Geneva was opened today. The plane carried two passengers and mail and negotiated the distance between Paris and Geneva in three hours and fifteen minutes.

Here's where we call a spade just that

THE POET says a rose, BY ANY other name, WOULD SMELL as sweet, AND THAT'S all right, BUT CALLING, SOMETHING ELSE a rose, WON'T CHANGE its smell, OF COURSE not, AND I'M not knocking, BUT JUST telling you, RIGHT OUT, THAT THERE are only, THREE GRADES, OF TURKISH tobacco, FIRST, GOOD Turkish, WHICH IS mighty good, AND ALSO expensive, AND SECOND,

POOR TURKISH tobacco, WHICH IS less expensive, AND NOT so good, AND THIRD, tobacco, CALLED TURKISH, which, NEVER SAW Turkey, BUT GREW thousands, OF MILES away, AND DOESN'T even, TASTE LIKE Turkish, AND IT'S the good Turkish, THAT'S REALLY from Turkey, THAT YOU get, IN THE cigarettes, THAT SATISFY.

OUR resident buyers in Turkey are experts. They know we want the best—and we get it. And the same with Domestic leaf. Blend them together—by that can't-be-copied method—and you get a smoke that actually does "satisfy."

### TELLS OF WORK DONE BY DEAF

Big Companies Employ Them, This Ogden Man Explains

"Editor Standard-Examiner: Your reporter in his write-up of the story of the arrest of the two deaf mutes, and their trials and retrials seem to have a very poor idea of the deaf as a rule, especially when he mentioned the fact that on account of their affliction they could not secure work."

"Of course, the deaf are in a class by themselves, as far as their loss of hearing goes, and in many cases it is a blessing to them instead of a handicap. Those that are deaf are divided into classes just like normal people; some are simple, others are not. In the case of these two boys it must be remembered that they were drifting around from place to place, not caring whether they secured employment or not, just as they secured enough to keep body and soul together, and they acted just like any one else would do. The actions of these two boys need not reflect upon the deaf as a class."

"The Goodyear Tire and Rubber company of Akron has over 600 deaf men and women in its employ, and are advertising for more. Records of the Goodyear company show that in the physiological or mental alertness tests, similar to the army's 'nut' test, given recently to all employees, the deaf mutes men and women in the factory attained the highest grades."

"These deaf mutes have a colony of their own, and many of them own their own homes, many of them are members of the Chamber of Commerce, and it is said that among the company's twenty-eight thousand employees, their experience in the building has demonstrated that their affliction does not constitute a handicap, and that it increases rather than diminishes mental and physical alertness. The company has recently opened another factory in Los Angeles, and is anxious to start another colony."

"Besides, the Firestone company, of the same city, is employing all the deaf it can get. And just recently the American Car and Foundry company of Milton, Penn.; the Exide Battery company of Philadelphia, and many others have awakened to the value of the deaf as expert workmen."

"And the salaries which they receive would put many normal people to shame. The great publishing house of Rand & McNally, of Chicago, is also employing deaf printers, and an Ogden printer will tell you that they are making more than they are, and there are boys seventeen years old, right out of the local school, making \$5.00 per day."

"So what do we deaf care? If one of us should go wrong, why let it be in the same light as if it were a person who can hear. It need not reflect upon every deaf person in the country."

"And Tom Edison is deaf too." HARRY S. SMITH.

Falsely Accused, Star Serves Prison Sentence for Girl's Sake

Robert Warwick's role as the star of "Thou Art the Man," his new photoplay, is said to be one that appeals to all classes of moviegoers. The picture is now playing at the Alhambra theatre.

### Bosses Decide Ticket to Defeat McAdoo

(Continued from Page 1) general impression seems to be that there will be anywhere from twelve to fifteen ballots. Palmer will be the first rolled out, then Cox will make his drive and when he is through the McAdoo onrush will take place. If he can be stopped with Marshall and Smith, well and good; if another combination is needed, then, after the first few ballots, when it is evident how the alignment exists, an attempt will be made to form it and this is the hope of Ambassador Davis.

### FARM BUREAU MAN TO TALK

C. E. Gunnels Will Address State Meeting to Be Held in Salt Lake

That C. E. Gunnels, former assistant chief of western extension work, department of agriculture, who is now assistant secretary of the American farm bureau federation, will address a meeting to be held in Salt Lake soon, was information given out yesterday by W. P. Thomas, Weber county agricultural agent.

Mr. Gunnels visited yesterday at the Utah Agricultural college at Logan and was in conference with Dr. H. J. Evans of the U. A. C. extension division.

Mr. Thomas said that all members of the state farm bureau in Weber county, 960 in number, were also members of the national organization. He said that of 1400 farmers in Weber county, 900 belonged to the county farm bureau.

Thirty-two states have taken up the national farm bureau movement, and the national enrollment is approximately 30,000, according to Mr. Gunnels.

Matters of cooperation and methods of developing the farm bureau movement will be taken up at the Salt Lake meeting.

The principle purpose of the federation is to act as a clearing house for all farm problems. There are now being established separate and distinct bureaus in the federation for special problems. These are: The bureau of farm economics and statistics, bureau of transportation, bureau of trade relations and the bureau of cooperation and legislation. Each bureau will act in its particular field to make all information on the subject available for the use of the farmers.

The economic bureau and statistics concerning crops and production will be given out by the bureau of economics and statistics. Rates and ways of transportation come under the second bureau, while the other two take up the fields of selling and buying and all laws that are enacted covering the field of agriculture. The information thus accumulated must necessarily have a powerful influence for more intelligent farming.

'BLIND YOUTH' SCORES HIT AT OGDEN THEATRE

### Six White Men Are Adopted by Crows

RED LODGE, Mont., July 1.—Six white men, well known characters who have had a share in the life of the Crow Indians of this section, have been selected by the Indians for adoption into the tribe. The selections were made at a recent meeting of the tribal council and the names of the men chosen will be sent to the commissioner of Indian affairs at Washington, D. C. If he approves, formal adoption of the white men will take place.

The men are: Major Pease of Absarokee; Tom LaForge of Wyoila; Al Morrison of Provo; Bernard Provo known as Barney Bravo; George Depute, of Lodge Grass and J. W. Cooper of near Billings. All of these men have inter-married with the Crow and have grand children who are members of the tribe.

The dean of these men is Major Pease, who in early days was an army scout and led the expedition of General Harney. Later he became the first Crow Indian agent. Tom LaForge one of the most picturesque white men in eastern Montana, was one of the soldiers sent against the Sioux at the time of the Custer massacre, although not with Custer, himself.

Provo is a veteran of the Civil war and of numerous Indian wars as well. He is of German descent. Morrison also is a Civil war veteran, while Cooper has served as an army scout. Depute has been an Indian trader and clerk for 25 years.

Several years ago two white women who had taught in the government school at Crow agency, and had married educated Indians of the Crow tribe were admitted to the tribe. A Negro, long in government employ, also has been adopted by the Indians.

### Congressional Medal Awarded to Marines

WASHINGTON, July 1.—The congressional medal of honor was conferred today on Lieutenant Herman H. Hanneken and Corporal William E. Buiton, both of the marine corps for "extraordinary heroism" displayed in leading the force which killed the Haitian bandit chief, Charlemagne Feraille last October. Presentation of the medals was made at the navy department by Major General John A. Lejeune, the new commandant of marines.

### EMPLOYEES ON STRIKE

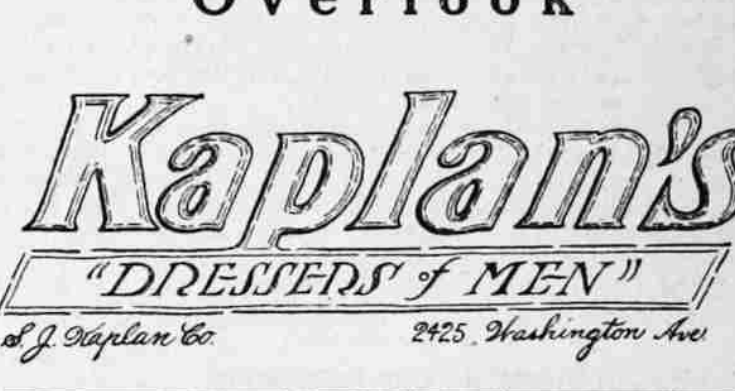

NEW ORLEANS, July 2.—New Orleans was without street car service as a result of a strike of the 6,000 employees of the New Orleans Trolley and Light company, which followed a failure of the union workers and the federal receiver for the company to reach an agreement as to wages.

### Don't Poison Baby.

FORTY YEARS AGO almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and a FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labeling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without you or your physician know of what it is composed. CASTORIA DOES NOT CONTAIN NARCOTICS, if it bears the signature of Chas. H. Fitcher. Genuine Castoria always bears the signature of Chas. H. Fitcher.
