80,000 MEN RETURN TO ILLINOIS

'Strike Ends With Victory' State President Says in His Order

SPRINGFIELD, Ill., July 31.—Without awaiting the order of International President John L. Lewis to reach the eighty thousand striking miners in Illinois, State President Frank Farrington today ordered the men to return to work Monday.

"The strike has ended with a great victory for Illinois miners," he said, "the pledge of President Wilson that a state commission will be called and the miners' demands met."

The strike has been in effect about two weeks, in most sections, and at least a week in all mines. Demands of more pay for "shift men" were the cause.

In his message to the local unions Mr. Lewis repeated the telegram he received last night from President Wilson insisting that the miners return and demonstrate their good faith in keeping their contract. The president said when the miners returned he would invite the joint state committee of miners and operators to conduct a strike.

Mr. Lewis today acknowledged President Wilson's message of last night. He told the president he was impressed with the fairness of his suggestions and informed him of the telegrams that had been sent to local unions ordering them to return to work.

IRELAND FACES RAILROAD TIE-UP

Train Crews Refuse to Move Troops, Police or Guns on Lloyd George's Orders

DUBLIN, July 31.—(By The Associated Press.)—If Premier Lloyd George's threat to disperse every man on the Irish railways unless they carry arms, ammunition, soldiers, police or anything that the government wanted them to carry, is enforced, there will be no railway operating in Ireland next week, according to predictions here.

A dire, worse calamity, from the Irish point of view, is that the Dublin horse show, an annual event in which every Irishman is deeply interested, will either have to be cancelled or become a mere parody of the usual exhibition. It has been learned that Viscount French, lord lieutenant of Ireland, will not attend.

BEES' BATTING PUTS OVER WIN

Hood, Jenkins and Cullop Best Tigers in Fast Contest

LOS ANGELES, July 31.—The bottom third of the Bee batting order today beat the Tigers, single-handed, or perhaps 'twere best to say triple-handed. It was Wally Hood, Joe Jenkins and Nick Cullop who put the Bees over in the fifth game of the series 2 to 1. The score reverses the count of Friday's game, when the Bees were by that score 1 to 0. Cullop and Schellenback pitched a slick game of ball, running about even in the matter of hits and other things incident to the pitching act.

The Tigers scored their tally in the second inning on Barton's single and sacrifice. High's single and Smith's safe out.

The Bees tied it in the seventh, when Hood's sped stalked them to a tally. Wally walked and went all the way to third on Jenkins' infield out. Cullop came through with a neat hit to center. Hood scoring.

In the ninth Hood doubled and scored on Jenkins' hit.

High led off the ninth for Vernon with a double, but was retired at third when Smith hit to Johnson. The decision was close and a great row followed. Police made ready to march upon the field, but were kept back by the officers threw a cordon of safety around Empire Holmes and escorted him of the field. The uniform gamblers who are doing their best to sell baseball here were much disappointed this afternoon and it was they who started the demonstration.

The game may be summarized in this way:

SLAVE GIRLS SAVED BY NOTE

SAN FRANCISCO, Cal., July 27.—Shuffling homeward through the fog in the San Francisco Chinatown the other night, a Chinese youth noticed a piece of white paper flutter through a circle of light from a street lamp and fall to the pavement. He picked it up and read its message, in Chinese characters.

"I am a slave girl. I wish to get away from my cruel masters. I have been kept a prisoner six years on the fourth floor of 1115 Stockton street. My name is Lol Mu. I was brought here from China when I was a little girl. I have a friend who says if I can send word to the man who passes through the street after dark that I will help me. I want to go back to China. Please help me."

The young Chinese to whom the note had fallen happened to be an American born Chinese. He knew that it was dangerous to interfere with the girl's captors and to inform the police might mean death for him and his family.

His better instincts guided him to the Hall of Justice with the note. His name was known to anyone who kept the police.

Police Captain O'Meara, with federal officials and a representative of a Chinese mission raided the place at about 11 o'clock. The girl was rescued and taken to a safe place. She was then brought to this country afterwards. Detectives say she was held by the Hop Sing tong, one of the strongest factions of Chinatown.

Police repeatedly chased the pickets away, but each time the boys returned. Gardeners, chauffeurs and even maids were pressed into service today as caddies.

BERLIN, July 31.—Allied troops in the plebiscite district, says a semi-official communication, have been withdrawn from the frontier. Polish detachments which crossed into Germany have been disbanded by security police.

Arrival of additional Polish troops and their stay in the eastern area, it is pointed out, might lead to undesirable consequences.

SCIENTIST FINDS BAMBOO GROWS WELL IN SOUTH

NEW ORLEANS, July 31.—Eight years ago Edward A. Melhenny of Avery Island was commissioned by the United States bureau of plant production to experiment in the growing of Chinese and Japanese bamboo so as to determine the best varieties that may be made here. He is now ready to make his report to the government regarding his forests.

The bamboo, Mr. Melhenny says, sometimes reaches a height of 60 or 70 feet in three weeks.

According to the experimenter, one of the most satisfactory growths have been the phyllostachys pubescens, valuable as timber, and particularly so when used for paper. The tender shoots, when six or eight inches above the ground, may be eaten as a salad and are also used in other culinary ways.

MAHOMEDANS SCHEME TO BUILD NEW STATE

WARSAW, July 31.—A strong movement to create a large Mahomedan state in Trans-Caucasia, extending from the Caspian sea to Tzurum, has been started recently according to reports received here. It is designed to make the new state a satellite of Turkey. A purely national idea is said to be behind this movement and which has nothing in common with Bolshevism, according to reports here.

It is said that the Russian premier, and Mustafa Kemal Pasha, the Turkish national leader, both have the same aim—to attack Great Britain. But while Kemal cannot admit Moscow's supremacy over Armenia and the Mahomedan Caucasus, the latter are ready to create a large Turkish state in the Caucasus.

Consequently, though allied, the two leaders are really rivals.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

That beautiful, even shade of dark, glossy hair can only be had by using a mixture of Sage Tea and Sulphur. Your hair is your crown. It makes or mars the face. When it fades, thins or turns streaked, just an application of two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get the famous old recipe improved by the addition of other ingredients at a small cost, all ready to use. It is called Wyeth's Sage and Sulphur Compound. This can be used morning and night to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been used. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.
