## ROOSEVELT IS TALKING MONEY

Rakes Over Republicans for Campaign Fund, He Says They Are Gathering

SAN FRANCISCO, Aug. 23.—Franklin D. Roosevelt, Democratic candidate for vice president, in a statement issued here tonight declared that Republican Chairman Will H. Hays had failed to answer charges by himself and Governor Cox that a "huge Republican campaign fund" was being raised, "so big that the presumption must be against the honest use of such a sum."

"Mr. Hays' explanation is not an answer and it will not convince this country that he and his organization do not deserve a thorough spanking," Mr. Roosevelt stated.

**CITES AMOUNTS ALLOTTED.**

He said Mr. Hays had not denied that the sum of \$700,000 was allotted as the quota for the city of Chicago to raise, and charged that in Mr. Roosevelt's own county in up-state New York, Dutchess county, the Republican quota was \$32,000.

Addressing a gathering Mr. Roosevelt said the Republican party had been "betrayed" by "the same group of selfish individuals who have sold it out before" and "destroyed that party's chance of success in the November elections."

"I am quite willing to admit that four months ago the Republican party seemed likely to carry the election," he declared. "If the Republican party had been true to its ideals, it would have had an excellent chance of suc-

cess, but once again it has been betrayed. Once again the element in the Republican party which believes in going forward has been placed in the most difficult dilemma.

**"OPEN REVOLT" SEEN.**

"An open revolt is apparent in Republican ranks against methods used at Chicago. Delegates to that convention, delegates to Republican state conventions, Republican mayors of progressive cities have come out openly in favor of the Democratic ticket. The great big thing this means is that the American voters, men and women, are using their heads—that they will no longer be controlled by party shills, botheis and party expediency. It means that they propose that the United States shall keep on going forward."

Declaring California had made a record for progress, Mr. Roosevelt told his audience he was "not the least bit worried" about what California will do in the election.

**ON NY JOHNSON.**

Touching upon events at Chicago Mr. Roosevelt said:

"In the matter of nominations the country believed a progressive Republican should be nominated for the presidency. A number of progressively minded candidates were discussed—one of them the present senator and former governor of this great progressive state, had indeed received a majority vote in nearly every state in which he had been a candidate in the presidential primaries. And yet it became very clear from the opening day of that Chicago convention that no progressive Republican would be nominated. In fact, I understand on exceedingly good authority that Senator Johnson has since stated in definite terms that at no time did he have a 'chance' of being nominated."

**FIGHT DRAW.**

BRIDGEPORT, Conn., Aug. 24.—Jack Britton, welterweight champion of the world, and Louis Bogaosh of Bridgeport fought twelve rounds to a draw last night.

## COX TO 'PROVE' FUND CHARGES

Revelation of Republicans' "Misdoings" Promised on Thursday Night

DAYTON, Aug. 24.—Governor Cox, Democratic presidential candidate, today gave out a statement declaring that he would "prove" charges regarding magnitude of Republican campaign funds. He stated that he would present his information in his address next Thursday night at Pittsburgh.

The statement of Governor Cox follows:

"Senator Harding denies my charges about a fund which the senatorial oligarchy is raising. 'I am prepared to believe that he knows nothing about a lot of things that are going on around him. This reveals the very dangerous symptom which I have been discussing. In my Pittsburgh speech this week I will advise the country as to matters of which the senator claims to be ignorant and I will prove my charges.'

**ASKED FOR DETAILS.**

Developments in connection with his charge that a "slush fund" of \$15,000,000 was being raised for the Republican campaign and personal affairs yesterday engaged Governor Cox. He received a message from Senator Kenyon, Republican, Iowa, chairman of the senate campaign fund investigating committee, requesting information.

No reply was made by the governor as he had sent Senator Reed of Missouri, Democratic member of the committee, a message promising to transmit information soon.

In addition to the information to be given the committee, Governor Cox said that he would make public other facts in future addresses.

Declaring that he did not expect to testify before the senate committee, Governor Cox said:

**TELL WHEN READY.**

"I will send matter to the committee later. All of the information I have given to the public and, therefore, I don't see any use in going before the committee. I think also, that the committee will recognize that as a candidate I should give it out in such a manner as I see fit, but I have no disposition, of course, to conceal anything from them that I have myself. 'I will give out my information as I think the public interest demands and I think I should be the judge as to when it is to be given.'"

The governor added that no response had come from Will Hays, chairman of the Republican national committee to his request yesterday for information regarding alleged division of the country by the Republicans into sub-divisions and imposition of contribution quotas upon each subdivision.

Governor Cox spent some time posing for a moving picture organization. Accompanied by Mrs. Cox, he drove his automobile to Jaxburg, Ohio, to spend last night on his farm.

## Ogden May Play at Brigham Peach Day

The Ogden baseball club of the Wasatch league will in all probability mix with the Brigham City team at the latter city Peach Day as one of the features of the annual celebration according to an announcement made today by Cy Morgan, one of the Brigham players.

Both Ogden and Brigham City have always been bitter rivals and the contest for this reason should be a humorous running race and other athletic games will also be featured.

## Manager Bill Rodgers Confined to His Bed

SACRAMENTO, Aug. 24.—William Rodgers, manager of the Sacramento Baseball team of the Pacific Coast league, is seriously, although not dangerously ill, it was said at his home here yesterday.

Rodgers returned from Los Angeles Saturday suffering from some variety of fever that has not been definitely identified.

## VITAL STATISTICS LAW IS OFFERED TO STATES

ST. LOUIS, Mo., Aug. 24.—The draft of an act providing for a comprehensive plan of vital statistics registration was endorsed by the national conference of commissioners on uniform state laws at the closing session today. The act now will be submitted to the legislatures of the several states for passage.

The draft provides, in substance, for the creating in each state of the office of registrar of vital statistics, which will be directly charged with the responsibility of obtaining the registration of all births and deaths and outlines the procedure to be followed to insure completeness of these records.

The conference also endorsed the draft of an occupational disease act, which provides that the employer, on the part of an employer when the character of employment is responsible for illness or death of an employe, as though the cause were compensable personal injury or accident.

## SOLDIERS IN HOSPITAL FORGOTTEN BY BUREAU

HOUSTON, Tex., Aug. 24.—Investigation of the public service hospital here shows that of 540 soldier patients 215 receive no compensation from the bureau of war risk insurance, barely half are receiving full compensation. Only 235 are satisfied with their awards.

## WOMAN IS RELEASED AFTER SHOOTING PIONEER

COLUMBUS, New Mexico, Aug. 24.—James E. Saunders, 68 years old, was shot and fatally wounded here yesterday afternoon in the home of Mrs. Mary Henn, according to evidence given a coroner's jury which released Mrs. Henn. Both were pioneers of Columbus.

JERSEY CITY, Aug. 24.—Martin Burke, heavyweight, and Bartley Madden, New York, fought twelve rounds to a draw last night. Madden was the aggressor in the early rounds, but Madden improved as the contest progressed and evened up honors.

**DAILY LOSSES.**

ST. LOUIS, Aug. 24.—Joe Burman of Chicago was given the newspaper decision over Frankie Daly of New York in an eight round bout last night. The men are bantamweights.

## DEBS COMES OUT WITH HOT TALK

Socialist Candidate Makes His First Campaign Statement From Atlanta Prison

CHICAGO, Aug. 24.—The first of a series of statements which will replace speeches in the campaign of Eugene V. Debs, Socialist nominee for president, now confined in Atlanta penitentiary, was issued yesterday by Socialist national headquarters.

"The league of nations controversy is a 'dishonest issue,' and announced the liveest question before the American public was the coal shortage. He declared that while the shortage of coal was making it impossible to meet the demands for coal, 'Mr. Wilson has had made, by special legislative order four thousand cars of a special design to aid the industry of Poland crush out the only genuine democratic government on the face of the earth.'

Besides denouncing the Republican and Democratic parties, attacking President Wilson and Samuel Gompers and branding the Farmer-Labor party as a one-campaign organization that will never survive this year's battle, Mr. Debs dwelt on the recent railroad strike and compared the "vacationists" to the American railway union men whom he led in the "one big union strike in 1919."

**POINTS OUT DEFECTS.**

The Socialist nominee said Senator Harding and Governor Cox "remind me of two happily-duplicates. They are not a single idea for a man who is alive. They get their inspiration from the tomb. The whole performance is a 'rehearsal.'"

"I am campaigning," Mr. Debs said, "I believe I should discuss most of the technical terms and speak in the clearest possible language."

"I should say there can be no change as long as a few people own this country, its industries, and its resources. Take, for example, the situation in Terre Haute. Terre Haute is surrounded by coal, is built over a coal deposit, yet it is impossible to get coal at any price. A few owners have taken possession of coal mines. They say 'this is ours' and they shut out the people. The miners are at their mercy and they cannot dig coal even to keep themselves warm unless the owners give them permission."

**"OPEN COVENANTS."**

"The people in this country have not known what their government was doing in opposing the Russians. It was kept a very private secret until it was revealed by the foreign dispatches and then Secretary of War Baker was forced to confess that the war department had loaned \$100,000,000 on credit to the Polish government on the basis of notes which are not worth the paper they were written on. He presented them with \$20,000,000 worth of American bacon which was 'not available' for the American people—although bacon is 85 cents a pound at home—not available because the beef trust objected that it would check the rise in prices."

**AGAINST POLISH CRUISE.**

PITTSBURG, Aug. 24.—The Socialist party of America went on record as opposed to the Socialist part of Poland, according to a statement issued today by the party executive committee in answer to the appeal of the Polish socialist alliance of the United States asking for support of the Polish cause.

The Polish Socialist party is regarded by the American party "as an organization that is serving the Chauvinist regime in Warsaw," the statement said, and continued:

"There can be no understanding with such an organization that has so grossly betrayed in the ideals of international Socialism. It has become a tool of the imperialistic victors of the entente."

**DELEGATES TO RUSSIA.**

Seymour Weiss, Chicago, candidate for vice president on the Socialist ticket, urged the election of Socialist candidates at the elections in six New York assembly districts September 15, in a statement. He commended the outing of the Socialists from the New York legislature.

Selection of the three men designated at the party's convention at New York last May to act as tentative delegates to the Third Internationale was reconferred today. They are James O'Neal and Algernon Lee of New York, and J. E. Cohen, of Philadelphia. It was announced that these men in company with Alexander Trachtenberg of New York would go to Russia to study conditions if passports could be obtained.

## NATION WATCHES G. O. P. IN UTAH

Mark Sullivan Says Naming of Successor of Smoot Is Important Business

BY MARK SULLIVAN.

WASHINGTON, Aug. 24.—The Republicans are this week in the midst of making a choice of a senatorial nominee which, according to their plans, if they are successful, are to increase the Republican preponderance in the senate from the present majority of eight.

One of the seats which the Republicans hope to win away from the Democrats is that of John F. Nugent. In Idaho both parties will hold their state conventions today. The Democrats will undoubtedly renominate Nugent and the Republican convention will select from some five or six candidates that one who they think would be most likely to make a successful fight against Nugent in November.

Whoever the Republicans nominate, the opposition to Nugent is apparent to be based chiefly on the league of nations. Reports from Idaho say that Senator Borah of the league opposition has been diligently organizing the state and making speeches on this issue. Borah is by far the ablest and best known of the league opponents in the whole country, and Washington has little doubt of his being able to dominate his state on this issue.

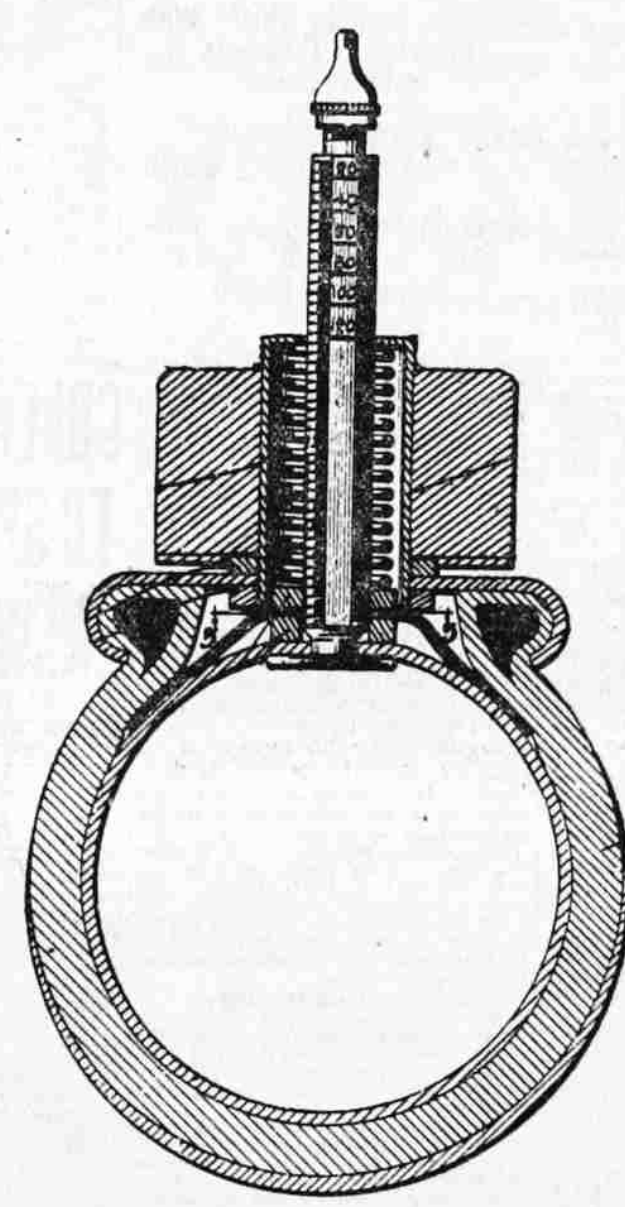

Whoever the Republicans nominate and the Democrats would have a difficult time in Idaho this fall. Nugent won his seat six years ago by less than 1000 votes. On that occasion he had the aid of the Non-Partisan league. This time the Non-Partisan league will have a candidate of its own.

**SENATORIAL SEAT.**

Another senatorial seat decidedly one of the most important in the whole body, will be determined, so far as the two candidates are concerned this week. On Thursday the Republicans of Utah meet to nominate a successor to Senator Smoot. They will unquestionably name Smoot himself. On the following Monday the Democrats of Utah meet to name their candidate to

# YOU HAD BETTER HURRY!

If you want to get in on the Ellis Automatic Tire Pressure Gauge Company, the concern that we predict is going to make more money for its stockholders than anything ever offered in this field. You had better act right now. Ten days from now may be too late. The field for this device is unlimited. Its money-making possibilities cannot be overestimated. A few hundred dollars invested NOW may make you many thousands in the near future. You can't think of a single successful invention in the automobile industry that has not made fortunes for its original investors. But you must buy stock in these concerns before the device is universally used. You can't buy it then for love nor money. Every dollar spent for automobiles in Utah now goes east. Why not establish a factory here that will bring hundreds of thousands of this money back to Ogden?

We are determined to hold this device from the money-grabbers in the east. We are going to make these gauges and distribute them from Ogden if possible. An invention in a device that is a necessity is the surest and quickest road to wealth. Most people who invent devices of this character sell them for a song to the large eastern companies, principally for the reason that they are unable to capitalize their device at home and place it on the market, and thus the large eastern concerns grow fat from the ideas and inventions of western men.

There is not a single automatic gauge on a car in America today so far as we are able to learn. There are 7,600,000 cars awaiting installation. How many Ellis Gauges can we install in the next two years? If we place four in every one hundred we can all make a fortune. We predict with all sincerity that there will not be a car in America without an automatic air pressure gauge within two years. Help us financially to accomplish this result and you will thank your lucky star that you were one of the original investors.

Call at Room 4, Upstairs, Standard-Examiner Bldg., and we will explain the entire proposition to you.

Address ELLIS GAUGE COMPANY, Box 702 Ogden, Utah, For descriptive matter. You may see the Tire Gauge installed at Harrop and Aadneson's, 361 24th Street.

run against Smoot. Here in Washington it is commonly assumed that the Democratic nomination will go to James H. Moyle, who is at present in Washington as an assistant secretary of the treasury. The contest between these two will be one of the most important in the country.

Smoot is without question one of the two or three leading Republicans in the senate. His long service of eighteen years, coupled with the fact that he is an extraordinarily hard worker, has given him such a command of the senate business that the Republicans would feel his loss as a calamity at a time when they are hoping to take over the work of reorganizing the government.

**DEMOCRATS CLAIM STATE.**

The Democrats base their hopes on the claim that within the last four years the League of Nations has been a Democratic issue. His long service of eighteen years, coupled with the fact that he is an extraordinarily hard worker, has given him such a command of the senate business that the Republicans would feel his loss as a calamity at a time when they are hoping to take over the work of reorganizing the government.

1516 Wilson got over 84,000 votes to Hughes 54,900.

It is the momentum of this extraordinary landslide that the Democrats are counting on this year. This Utah senatorial election will be watched by the country with extreme interest.

## ORANGEMEN HOLD AMERICA NOT CONCERNED IN ERIN

CHICAGO, Aug. 24.—The supreme grand lodge of the United States of the Loyal Orange Institution opened its first convention in four years today with 500 delegates from every state present.

"We Orangemen here in the United States hold that the Sinn Fein movement is purely a domestic concern of the British empire and that the United States has no more right to interfere than the British empire would have mixing in our relations with the Philippine islands," said J. T. Lemmon, New York, secretary, who has just returned from the international meeting at Belfast, Ireland, where the Loyal Orange Institution expressed itself as opposed to the Sinn Fein movement in Ireland and in favor of a union with England.

The officers in charge today were George Stewart, Clinton, Mass., supreme grand master; Hugh Wilson,

Pittsburg, deputy grand master; Richard Harris, Pittsburg, treasurer, and Mr. Lemmon.

## WAR PRISONERS ATTACK GUARDS, 210 ARE KILLED

LONDON, Aug. 23.—Two hundred and ten Hungarian war prisoners were killed at Hermannstadt, Transylvania when they attacked Rumanian guards, says a dispatch to the Daily Herald. The prisoners were being repatriated says the dispatch, and when they reached Hermannstadt they were detained at the depot by Rumanian soldiers. This action brought protests from the prisoners.

The mother of one prisoner attempted to force her way into the station. She was struck by a soldier. This enraged the Hungarians, who attacked the guard. In the fight machine guns were turned on the prisoners.
