

COX SPEAKS ON LABOR'S RIGHTS

Collective Bargaining Theory Advocated by Democrat Nominee in Minnesota

MINNESOTA STATE FAIR-GROUNDS, Sept. 6.—Labor and agriculture were discussed here today by Governor Cox, of Ohio, and he declared that interests of both would be served by success of the league of nations.

Measures to increase farm production, acreage and labor supply were advocated by the Democratic presidential nominee, and he declared again for collective bargaining by labor. He also pledged himself specifically to increase salaries for postal employees.

The governor's address at the state fair was the first of three scheduled here today on his visit to St. Paul and Minneapolis on his western tour. Numerous receptions were arranged.

Interests of labor and agriculture, Governor Cox declared to his fair-ground audience, are inter-twined and inter-dependent.

Referring to the league of nations with a statement that it was not a political question except when turned to partisan uses, Governor Cox continued:

LABOR AND THE LEAGUE.

"Labor is vitally interested in the plan of readjustment which will be adopted by the league of nations. The answer to present difficulties lies in the adoption of plans of the past; that progress has gone too far. I am not of that class. I think that the solution is in the dawn of a new day when the human soul and the human body shall count for more than the so-called dollar.

"Labor Day came to be one of the milestones on the road of progress. But for progressivism, Labor Day could not have been. Reactionists would not recognize it. The reactionists are in various groups. They consist primarily of the holders of privilege, of the holders of power, of the holders of special privilege conferred by law. Special privilege is granted to the few suffering and loyal postal employees the relief they so richly deserve in the way of appropriate and adequate wages.

"The governor also reiterated his advocacy of federal regulation of cold storage, declaring that 'it would break the circle of profiteering.'

RIGHT TO ORGANIZE.

"Labor should have the right to organize and through representatives of their choosing negotiate collective bargaining. This right has not been secured. This right must be exercised that government at no time be made oppressive in maintaining the laws of the land. I have said that public opinion will settle industrial disputes and to this end believe means should be provided for proper investigation in all cases with provision for the filing of the facts without prejudice, so that the public may have full information. The right to free speech and free press and the right of orderly assembly, guaranteed by the constitution, must never be infringed.

There should be greater remuneration for government employees and Governor Cox said that if elected he would sign a bill granting 'the long suffering and loyal postal employees the relief they so richly deserve in the way of appropriate and adequate wages.'

The governor also reiterated his advocacy of federal regulation of cold storage, declaring that 'it would break the circle of profiteering.'

ST. PAULING TO BAKITA.

St. Paul, Minn., Sept. 6.—Governor James M. Cox, Democratic presidential nominee, reached the northwest today in his campaign on behalf of his candidacy. Three speeches in the Twin Cities were on today's program.

Arriving here this morning by special train from Chicago, the governor was tendered an informal reception by state Democrats. After a brief conference with state party leaders, Governor Cox and his party were escorted to the state grounds, where at 1:15 p. m. he delivered an address on agriculture. At five p. m. he was to speak in the St. Paul auditorium following a radio broadcast.

Tonight Governor Cox will talk at

You wouldn't put tannin in tea. Tannin, you know, is what they tan leather with. It is bad for digestion and nerves, and is good for nothing.

So why buy common tea with all its tannin? It hasn't fragrance; it hasn't the flavor; it doesn't cheer, it doesn't invigorate.

And it costs more per cup than fine tea.

So get Schilling Tea, and enjoy the delights of fine tea.

WAYS ANSWERS COX'S CHARGES

Quotas Were Always High and Really Meant Little, Says G. O. P. Chairman

(Special Dispatch)

NEW YORK, Sept. 6.—Chairman Will H. Hays of the Republican national committee made the following statement here today:

"According to public reports, Governor Cox yesterday made the following accusation against me personally: 'I charge that Will Hays perpetrated a deliberate falsehood when he said under oath that there were no quotas.'"

"In my written statement, read to the senate committee on August 30 in Chicago and which is now in the record of that hearing, I said: 'Tentative quotas were fixed by the treasurer's office, all tentative and rather as goals always high, of course, for the particular state to drive for, and changing constantly.'

"At different periods different quotas have been suggested by the treasurer's office as tentative goals in different states, and the state committees themselves have fixed different quotas. I never suggested any quotas being constantly, and always, of course, were made very much higher than either necessary or anticipated.

"The fact that at all times remains a certain amount of money is not in dispute. Furthermore, whatever may have been suggested as quotas by over-zealous solicitors in their enthusiasm in different localities, the fact remains that the amount suggested was never accepted, which is \$3,979,027 for the use of the national committee. Let the public judge as to the truth of falsity of Governor Cox's accusation. It has the same reckless irresponsibility as his charge that I had received an appointment on the reliability of his statements is unnecessary."

the Minneapolis armory, leaving immediately afterwards for Miami, S. D.

COX WRONG AGAIN?

CHICAGO, Sept. 6.—Replying to charges by Governor Cox that an attempt had been made to levy a Republican campaign assessment of \$30,000 on certain coal operators, J. K. Higgins, named by the governor as one of the principals, in a statement made public today, said:

"We never held any such meeting as Governor Cox described. The committee of which I was chairman met, but never assembled even the committee alone in the Auditorium hotel, generally the committee met in my office, and generally it was I who had to run around to the coal men and pay the money out of them. We raised between \$18,000 and \$20,000, and turned it over to Eved W. Upham, chairman of the Republican national committee.

BIG CROWDS SEE CONNIE TALMADGE AT UTAH THEATRE

Her Best Picture to Date "Perfect Women"

John Emerson, Aulta Lees and Constance Talmadge, co-workers in some of the best farce that has been brought to the screen, satisfy expectations in "The Perfect Woman," a farce in the vein of "A Virtuous Vamp," and closely approximating the spontaneity of that sensational success.

In "The Love Expert," the star appears first as a school girl, wise in her years and a devout student of affairs sentimental. Putting into practice theories learned by rote she succeeds in this, in the pleasant and intriguing complications which provide a wealth of amusement before the satisfactory ending is reached.

Charles Meredith, as the employer whose heart she wins in the end, gives a satisfactory performance. A role similar to that portrayed by Conway Tearle in "A Virtuous Vamp," he gives it similar treatment with like result.

Constance Talmadge, by exhibitionary report based upon public comment and box office indication, is one of the best stars of the day. Her popularity and the popularity of the Lees-Emerson style of farce is sufficient guarantee that attendance will be large when a new picture is announced. In this case the attendance should increase in volume as the run progresses. The picture was numerous times applauded by a large audience at the premiere showing last night at the Utah theatre. It will be observed that Connie is one of the most ardent and loving things ever caught in the act of matching a man from single blessedness.

FAILURE TO CLOSE VALVE CAUSE OF 'SUB' SINKING

PHILADELPHIA, Sept. 6.—According to an unofficial report received here, Lieutenant-Commander Charles M. Cooke in his testimony on board the battleship Ohio in the preliminary inquiry, is of the belief that neglect to close the main induction valve was responsible for the sinking of the submarine S-5 off the Delaware capes last week.

According to the unofficial report, Commander Cooke said:

"At the time of making a crash dive there are innumerable things that must be done almost at the same instant and I can hardly hold anyone culpable, I believe, for the overlooking for an instant of one detail. The vessel carried some ballast to correct a slight list and this I believe, accelerated her dive to more than ordinary speed."

Asked if any member of the crew was deserving commendation or condemnation, Commander Cooke, according to the official statement, said:

"I do not believe any particular member of my crew or of the crews of the vessels that attended to our rescue were deserving of a letter of commendation owing to their exceptional behavior during our confinement."

FARMER-LABOR TICKET NAMED

Weber County Organization Decides on Intensive Campaign Here

With large representations from labor organizations and country districts present, the Farmer-Labor party yesterday, in convention in the county court house, named a ticket for the county election. The session was presided over by William M. Piggott, and Mrs. Alice Snow acted as secretary. These officers were the temporary officers and were made permanent officers by vote of the organization.

The convention named Mrs. Meyer as candidate for state senator, four-year term, and R. H. Ritter of Riverdale for senator, two-year term.

Plans will immediately be made by the central committee for an intensive campaign in Weber county, it was announced. No headquarters will be opened up in Ogden, but the members of the party will act as volunteer workers.

The meeting adopted resolutions endorsing the national and state candidates and platform. It also passed a resolution urging that no discrimination be shown in the handling of teachers' applications.

In the naming of the county ticket the convention left the offices for county commissioner and county attorney open to be filled in later by the central committee. The ticket is nominated follows:

State senator, four-year term, Mrs. Alice Snow Meyer, senator, two-year term, R. H. Ritter, Riverdale.

Representative to legislature, Joseph H. Young and John Quinn, labor organizations, and Charles T. Jones, North Ogden, and James H. Schaeffer, Harrieville, farmers.

For county clerk, C. E. Woods, treasurer, George P. Phillips, recorder, Charles H. Schaeffer, sheriff, L. G. Meritheimer, assessor, W. M. Piggott, constable, Hyrum Wright. The place for city judge was left vacant to be filled in later by the central committee.

The great Kimberley diamond mine in South Africa is more than 4900 feet deep.

KNIGHTS OF COLUMBUS VISIT LOURDES GROTO

LOURDES, France, Sept. 6.—The American Knights of Columbus who are touring Europe, arrived here this morning. They visited the famous grotto where they were welcomed by the Bishop of Lourdes.

REAL THRILLER SHOWING HERE

Anita Stewart Plays in "The Yellow Typhoon" at the Orpheum Theatre

Playing a dual role Anita Stewart gave Orpheum patrons last night thrill upon thrill in her latest picture of adventure, "The Yellow Typhoon." No doubt hundreds of Ogdenites have read this story by Harold McGrath, but it was left to the First National picture to put over the story in a form everybody could enjoy, and such as it appears at the Orpheum theatre.

Miss Stewart excels in the difficult role of twin sisters. Scenes of Chinese gambling dens and rendezvous of the big gambling centers of Europe are faithfully reproduced.

The same show will have a holiday matinee today and will continue through Wednesday night.

The story in part:

Surprised in an attempt at Manila to steal the plans of a valuable war invention for an enemy agent, Berta Nordstrom, called "The Yellow Typhoon" because of her golden hair and headless manner, shot and killed the husband whom she had deserted some years before, after squandering his fortune. By a strange coincidence Hilda Nordstrom, Berta's twin sister and a secret service operative, witnessed the crime. Thrilling events followed on an ocean voyage to San Francisco and a trip to New York where the climax was reached in another attempt to get the plans.

Favorites Fare Well in Golf Tournament

ROSLYN, N. Y., Sept. 6.—Favorites for the national amateur golf championship fared well in the first 13 holes of the qualifying round today.

Francis Ouimet, of Boston, former champion, Chick Evans and J. Wood Platt, of Edge Hill, Pa., had the best scores—77. Bobby Jones, prodigy from Atlanta, Ga., had 79, one stroke more than Jesse Guiford, the heavy hitter from Massachusetts and Richard Hickley, also of Atlanta.

Fred J. Wright, Massachusetts, also took 79. Davy Herron of Pittsburgh, present champion, required 82, one more than Cyril Tolley, English title holder, who defeated R. A. Gardner, Chicago, 81 to 82. B. D. Armour, champion of France, took 79, and the same score was made by the best performer of the Canadians to finish early, G. H. Turpin of Montreal. G. P. Grier, Canadian champion, took 83.

Walter Mails Wins First for Cleveland

CLEVELAND, O., Sept. 6.—Walter Mails, late of the Sacramento club, pitched his first full American league game this morning, allowing seven hits and proved effective against St. Louis, Cleveland winning 7 to 2.

In only one inning did he allow more than one hit. The two runs scored off him were the result of extra base hits by Jacobson and Sisler. The largest Labor day morning crowd in the history of Cleveland baseball was present.

Ogden Man Held As Women's Assailant; Taken to Salt Lake

Jack the Huggler, a so-called pervert who has terrorized womenfolk of Ogden for several months, is believed to have been captured, Detectives Walter L. Moore and W. L. Taylor having arrested Roy Mitchell, alias Floyd Watson, alias Albert W. Miller, alias George Arthur Miller yesterday.

Mitchell is suspected of having attacked two women in Salt Lake Saturday night and has been partially identified as the man who committed the act, officers assert. He has been employed as a barber at the Dea hospital.

SHOOTS AT INTRUDER.

At 11 o'clock Saturday night, Mrs. Clarence Miller, 332 South Third East street, was attacked in her home by a man. She obtained a revolver and shot at the intruder who fled. Later Mrs. L. E. Montgomery, who lives at the Palm hotel, was attacked by a man near Fifth West and Second South streets while returning from a visit with a neighbor. Two hours later she was found in an alleyway by a patrolman. She had been rendered unconscious by a blow, she said.

A description of the assailant was sent to the Ogden police department and at 3:50 o'clock yesterday Mitchell was arrested at the hospital.

Following his arrest, Detectives L. F. Wire and G. B. Hamby came to Ogden and took the man in custody.

POLICE RECORD CLAIMED.

Officers say Mrs. Miller made partial identification of the man, while Mrs. Montgomery was too ill from the effects of the blow to attempt to identify her assailant.

Mitchell, or Walton, is well known to Salt Lake police, it is claimed, and recently served six months in the city jail in that city for a similar offense. On numerous occasions, they say, he has escaped Salt Lake police by running.

OFTEN PURSUED.

It is believed that the prisoner may be the prowler who has been in the habit of insulting women in this city recently. For considerable time, operations were confined to the upper portion of the bench, but his more recent offenses have been somewhat removed from the places where his appearance was at first reported.

The Ogden police have pursued suspects on several occasions and several shots at intruders have been fired, not only by officers, but by people whom the pervert has alarmed by his vile conduct and obscene language.

GIRL'S RECOGNITION.

Within the past two weeks, a girl was attacked on Jackson avenue by an unknown man and in the struggle that followed, a ring was wrested by the girl from the man's hand. The girl will probably be asked to view Mitchell to determine whether or not he was the person who attacked her. The girl is said to have obtained a first class description of the man.

ANTHRACITE MINES TO RESUME OPERATIONS

SCRANTON, Pa., Sept. 6.—Excepting the Pennsylvania Coal company's mines in the Pittston district, where insurgent miners have been on strike since early in July against the contract mine system, all the anthracite mines in the Lackawanna and Wyoming valleys are expected to resume work tomorrow.

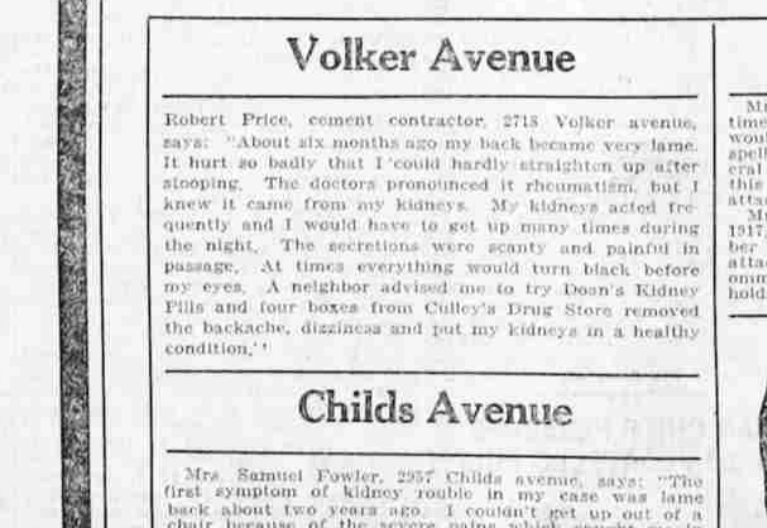

SEN. HARDING PROMISES OKLAHOMA CITY SPEECH

ARDMORE, Okla., Sept. 6.—Senator Warren G. Harding, Republican nominee for the presidency, will speak at the Oklahoma City in October, according to an announcement here today by Jacob L. Hammond, national committeeman from Oklahoma. The date will be fixed later.

MOTHER AND SON ARE VICTIMS OF LIGHTNING

DES MOINES, Ia., Sept. 6.—Mrs. E. Meyer, mother of Frank E. Meyer, killed by lightning Saturday night, died early today from injuries received at the same time. Mrs. Meyer was standing at the side of her son, holding his hand, when he was struck. They had just left a circus tent.

Back Achy? Feel "All Worn Out?"

ARE you burdened from morning to night with a dull, nagging backache? Does any little exertion leave you "all worn out"? Does it seem sometimes as if you just can't keep going? You know then, there is something wrong. So why not find out what it is and correct it? Very likely, it's your kidneys. Modern life with its hurry and worry, and lack of rest and sleep, throws a heavy strain upon the kidneys. The kidneys slow up and that tired, depressed feeling and constant backache, are but natural results. You may have headaches and dizzy spells, too, and annoying kidney irregularities. Don't wait for dropsy, gravel, or dangerous Bright's disease. Determine to be well and stay well. Use DOAN'S KIDNEY PILLS. DOAN'S have helped thousands. They should help you. ASK YOUR NEIGHBOR!

These Are Ogden Cases:

Volker Avenue Robert Price, cement contractor, 2715 Volker avenue, says: "About six months ago my back became very lame. It hurt so badly that I could hardly straighten up after stooping. The doctors pronounced it rheumatism, but I knew it came from my kidneys. My kidneys acted frequently and I would have to get up many times during the night. The secretions were scanty and painful in passage. At times everything would turn black before my eyes. A neighbor advised me to try Doan's Kidney Pills and four boxes from Culley's Drug Store removed the backache, dizziness and put my kidneys in a healthy condition."	Twenty-first Street Mrs. Mary A. Hughes, 611 Twenty-first street, says: "At times my kidneys have become disordered and my back would ache and pain dreadfully. I would have dizzy spells and my sight would become blurred. It was several years ago that I first used Doan's Kidney Pills for this trouble and since then when I have had a return attack, Doan's have never failed to give me fine results. Mrs. Hughes gave the above statement February 27, 1917, and on December 4, 1919, she added: "For a number of years I have been using Doan's Kidney Pills for attacks of lame back and kidney disorder. I always recommend them and my former endorsement of 1917 still holds good."	Adams Avenue Wm. Urry, 170 Adams avenue, says: "The jarring and jolting of the street car is what weakened my kidneys and caused lumbago a year ago. I could hardly get on or off the car because of the terrible pains or stitches which caught me through the small of my back. My kidneys acted too frequently and the secretions were scanty and highly colored. I heard about Doan's Kidney Pills and one box banished the lumbago and put my kidneys in good condition. I have had no trouble since that time."
Childs Avenue Mrs. Samuel Fowler, 2957 Childs avenue, says: "The first symptom of kidney trouble in my case was lame back about two years ago. I couldn't get up out of a chair because of the severe pains which caught me in the small of my back. My feet and limbs bloated so fully and my kidneys acted irregularly. I was so miserable that I couldn't sit still. I heard about Doan's Kidney Pills and two boxes from Ervies's Drug Store removed the pains from my back and all the other troubles entirely disappeared."	Thirty-fourth Street Wilber Lewis, chauffeur, 245 Thirty-fourth street, says: "The jarring of the auto is what weakened my kidneys and caused lame back a year ago. At times I could hardly get in or out of the machine because of the awful condition of my kidneys and bladder. My kidneys acted frequently and burned in passage. I had pains in the top of my head and spells of dizziness. An astrologer of the family had used Doan's Kidney Pills with good results. I got some from Culley's Drug Store. Doan's soon knocked the pains out of my back and rid me of the dizziness and headaches. They strengthened up my kidneys in good condition."	

No package of Doan's Kidney Pills is genuine unless it bears the maple leaf trade-mark and the signature—"Jas. Doan."

Doan's Kidney Pills
