FARMER-LABOR LEADER TALKS

Dick of Denver Attacks Both Old Parties and Urges Changes

William Dick of Denver gave a political address under the auspices of the Farmer-Labor party at the Eagles hall Friday night in which he denounced the two leading political parties and urged his hearers to work out their own salvation by means of the vote.

Mr. Dick said in opening his address that when the Esch-Cummins bill was passed, thousands of people discovered that the headquarters of the government was in Wall street and the headquarters were all over the United States.

He mentioned hearing Congressman Wellins of Utah say that he voted for the Esch-Cummins bill, and that he wanted the people of Utah to promote him by sending him to the senate.

He advised all who have not read the bill to do so. It is the most gigantic steal the government has ever suffered, he declared.

The speaker discussed the National Security League and asked why Utah senators had not sent reports which were ordered printed by the special committee, who investigated this league.

He said that the government paid for printing and pays the postage. There are many thousands in Washington, D. C.

He said that the government paid for the salaries of its officials and that the government was the largest employer in the world.

He said that the government was the largest employer in the world and that it was the largest employer in the world.

He said that the government was the largest employer in the world and that it was the largest employer in the world.

KILLING FROST HERE ON OCT. 7

Frost Occurs Earlier on Flats; Later in Hills and Sloops

The average date of the first killing frost in autumn which terminates the growth of field crops generally and precipitates the harvest season are given in the following table. Around Ogden it is October 7. They are from United States Weather Bureau records, made by co-operative observers. Frost usually occurs somewhat earlier over the flat, open plains than on the adjacent slopes; hence, all stations situated on foothill or slopes have a somewhat longer season without frost as a rule. The higher and more inclosed valleys of the state have the shortest seasons.

DOG SATURATED WITH KEROSENE AND SET ON FIRE

A case involving unusual juvenile terpidity in Davis county will be tried next Wednesday by Juvenile Judge Dan Sullivan.

According to Judge Sullivan, two boys released a blooded dog belonging to the stationmaster at Wood's Cross. After pouring turpentine, coal oil and gasoline on the animal, the boys tied a rag saturated with kerosene to the dog's tail and ignited it.

The agitated animal ran madly through nearby fields, the wind fanning the blaze that had spread to its body. Dashing from field to field, grain in three was set afire. However, the fires were extinguished before any great damage was done.

When the animal returned home its rear quarters were almost burned to a crisp. It was necessary to chloroform the animal to end its misery.

High School Cadets Get Their Equipment

Cadets of the Ogden High school have been issued new equipment according to Lieut. Ronald Eversly, in charge of military work at that institution. The equipment consists of uniforms, shoes, caps and other materials and has been issued to more than 325 cadets which is more than 75 more than were in the cadet corps last year.

The cadet work this year, according to Lieutenant Eversly, will get a six weeks start over that of last year as the school was without an instructor for that period.

Knights of Columbus

Funeral services for Mrs. Callaghan, wife of Brother J. F. Callaghan, 825 Twenty-second street, will be held Monday morning at 10 o'clock at St. Joseph's church.

Marriage Annulment Sought by Ogden Man

An amended complaint was filed in the district court yesterday by George T. Terry against Addie E. Terry, seeking divorce. The plaintiff alleges that at the time of their marriage in Ogden, January 7, 1919, he believed the defendant to be moral, mentally and physically fit, but since he has discovered her to be abnormal and for this reason has refused to live with her.

He sets forth that his wife was legally committed to the state mental hospital four years ago and he had no knowledge of this until after the marriage.

Thurman to Confer on Americanization

Arch Thurman, state director of Americanization, will confer with representatives of the Americanization classes in this city during the fore part of the coming week. In a letter to Supt. W. Karl Hopkins of the local school system, Mr. Thurman praised the work of the Americanization classes here last year stating that they ranked with the best in the state.

More than 2900 students were enrolled in the various schools of the state in the work last year, more than 300 of that number being enrolled here. This season the registration promises to even surpass that number, according to Supt. W. Karl Hopkins.

Elephants, snakes and turtles in captivity live long lives, but monkeys and foxes worry themselves to death in cages.

Hogge Promises to Care for Family

D. S. Hogge, given a suspended sentence about two months ago in the city court, following his plea of guilty to a charge of issuing a check without sufficient funds, appeared before the city court yesterday. It had been alleged by his wife that he had again issued a bad check but this charge was not proven.

Hogge, it appears, had separated from his wife and was allowing her \$10 a week for herself and three children. Mrs. Hogge appealed to County Attorney Joseph B. Bates, alleging that her husband was spending his money on other women and neglecting his children.

He promised that he would consider his family in the future. It being shown that he had kept his promise to the court regarding checks, Hogge was allowed to go free.

The American college for girls at Constantinople will celebrate its semi-centennial soon.

BERTHANA WILL OPEN THIS WEEK

Dance Season to Start Wednesday With New Features

Completely renovated and put in first class condition, the Berthana will open for the winter dance season on Wednesday. Miss Lillian Thatcher will have charge of the music this year. Dances will be held every Wednesday and Saturday as was the rule last year.

Miss Thatcher only recently returned from a tour of the principal cities of the Pacific coast where she spent considerable time looking over the dance halls. New dances, new music and features, which have become popular on the coast will be introduced at the Berthana, Miss Thatcher said. The orchestra will be stationed in the center of the floor, instead of on the balcony.

Manager J. F. Goss said that the dances this year will be conducted similarly as heretofore, according to the young people—the old folks, too—opportunity to enjoy dancing under the proper supervision.

Hoodlum Trick, Judge Terms Cherry Incident

"Work them harder and restrict their freedom and do not aid them in their crimes by resorting to the old saying, 'Boys will be boys.'"

This advice was given in the city court by Judge D. R. Roberts yesterday morning, following the trial of Curtis Nelson, Harry Olson and Lee Tracy, all of Huntsville, who were arrested by the sheriff's department on a charge of disturbing the peace.

The boys were alleged to have thrown choke cherries into the face of S. T. Jeppson, his wife and others, who were riding in an automobile. The trio entered a plea of not guilty.

Cases against Olson and Tracy were dismissed, the boys proving that they had not been connected with the case. Nelson, driver of the car, was found not guilty. He said that his brother, Roscoe Nelson, Leroy Sprague and a youth named Roberts were in the car. He denied knowledge of choke cherries and testified that Jeppson had called him and other boys vile names.

Although Leroy Sprague and Roscoe Nelson were notified to appear in court they failed to show up. It is expected that they, together with Roberts, will be brought before the court on a similar charge.

"It was a hoodlum, smart alec trick," Judge Roberts stated, "and boys committing such acts should be severely horsewhipped."

400 Cars of Grapes Handled Here Daily

More than 400 cars of grapes from California points en route to the east are passing through Ogden daily, according to officials of the Pacific Fruit Express of this city. This is a new record for grape shipments. It is said, the grape crop in California, being heavier than at any time during the past five years.

For the present month up to and including yesterday more than 100,000 cars of freight have passed through Ogden over the Southern Pacific en route east. The record for the season for an individual month is 105,000 and was made during the month of August.
