SUDS and the THOR

You'll See Them Both at The Alhambra

You can tell by the very title that "Suds" is a great picture. And the fact that Mary Pickford is going to play the leading part is all that is needed to make it a masterpiece.

But the film isn't the only interesting thing you are going to see as you enter the Alhambra. In the lobby is Mary Pickford herself—or at least, a girl who looks so much like her that you can hardly tell them apart.

And she, too, is going to be dabbling in a great foamy mass of suds overflowing the sides of a Thor Electric Washer. She is there to tell you what making suds and all the other features of washing mean to the modern housewife who has a Thor with which to perform this important household task.

Be sure to see "Suds," playing at the Alhambra for four days beginning today. And be sure to see the Thor display in the lobby of the Alhambra.

RUSSIAN CHURCH PRELATES SLAIN

SEOUL, Korea, Aug. 21.—(Correspondence)—The head of the Russian Orthodox Mission at Seoul has received a letter from Siberia describing "the terrible and intolerable situation in which the Russian clergy found themselves after the overthrow of Admiral Kolchak's government when the bolsheviks came into possession of all the Siberian territory."

The author of the letter is a well-known man in the Russian Far East, the abbot of a convent in the Amur province.

Archbishop Silvester, the primate of all Siberia, died a sudden death at the Omak prison; he was a prominent leader of the Russian Orthodox church, and his sermons were gathering crowds of people," he wrote. "Professor P. Procosheff, author of many works upon church history, and former minister of cults, vanished without leaving any vestige. It is supposed that he was killed secretly. His fellow minister, Pisareff, aged over 60 years, Dr. of law and professor at the high church academy, went mad. Bishop Andrew (Prince Udomskri) of the world's most active and leading promoter of the church regeneration in Russia, was bayoneted by the Red Guard near Krasnoyarsk.

All the bishops and the leaders among the clergymen in Irkutsk are imprisoned as well as the professors of the precatory. Archbishop Zosima of Irkutsk went mad in prison. The other leading members of the Irkutsk clergy were strangled to death."

PARK BEARS ON RAMPAGE. LIVINGSTON, Mont., Sept. 25.—Bears from Yellowstone national park are dining sumptuously upon mutton from flocks of sheep ranging near the playground border, according to messages from sheepherders to forest service officials. Accustomed to friendly tourists, the bears are particularly bad customers to deal with when they get

How Iron In The Blood Helps Push You Forward To Health, Success and Power

While Lack of Iron May Drag You Backward To the Depths Of Weakness, Ill-Health and Despair—Physician Explains Why

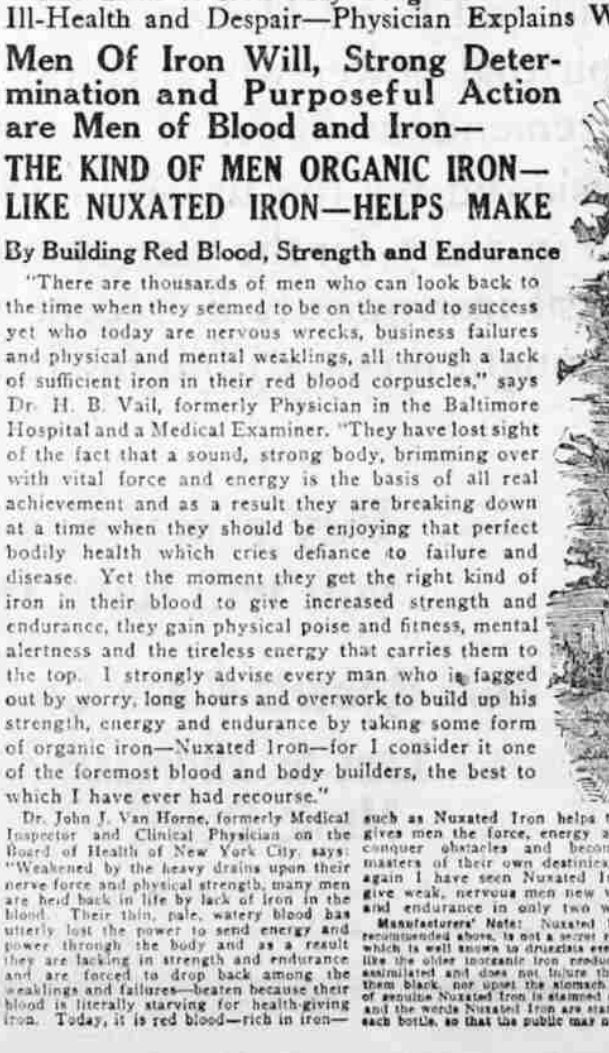

Men Of Iron Will, Strong Determination and Purposeful Action are Men of Blood and Iron—THE KIND OF MEN ORGANIC IRON—LIKE NUXATED IRON—HELPS MAKE By Building Red Blood, Strength and Endurance

"There are thousands of men who can look back to the time when they seemed to be on the road to success yet who today are nervous wrecks, business failures and physical and mental weaklings, all through a lack of sufficient iron in their red blood corpuscles," says Dr. H. B. Vail, formerly Physician in the Baltimore Hospital and a Medical Examiner. "They have lost sight of the fact that a sound, strong body, brimming over with vital force and energy is the basis of all real achievement and as a result they are breaking down at a time when they should be enjoying that perfect bodily health which cries defiance to failure and disease. Yet the moment they get the right kind of iron in their blood to give increased strength and endurance, they gain physical poise and fitness, mental alertness and the tireless energy that carries them to the top. I strongly advise every man who is fagged out by worry, long hours and overwork to build up his strength, energy and endurance by taking some form of organic iron—Nuxated Iron—for I consider it one of the foremost blood and body builders, the best to which I have ever had recourse."

Dr. John J. Van Horne, formerly Medical Inspector and Clinical Physician on the Board of Health of New York City, says: "Weakened by the heavy drains upon their nerve force and physical strength, many men are held back in life by lack of iron in the blood. Their thin, pale, watery blood has utterly lost the power to send energy and power through the body and as a result they are lacking in strength and endurance and are forced to drop back among the weaklings and failures—failures because their blood is literally starving for health-giving iron. Today, it is red blood-rich in iron—

such as Nuxated Iron helps to build that gives men the force, energy and power to conquer obstacles and become virtually masters of their own destinies. Time and again I have seen Nuxated Iron begin to give weak, nervous men new vigor, energy and endurance in only two weeks' time. "Manufacturers' Note: Nuxated Iron, which is recommended above, is not a secret remedy but one which is well known to druggists everywhere. It is like the other iron salts in that it is easily assimilated and does not irritate the stomach. Each bottle of Nuxated Iron is stamped as follows: 'Nuxated Iron' and the words 'Nuxated Iron' are stamped into each bottle, so that the public may not be led

into accepting inferior substitutes. The manufacturers guarantee successful and enduring results to every purchaser or they will refund your money. It is dispensed by all good druggists.

HAVE BEAUTY WITHOUT EFFORT

Let Stuart's Calcium Wafers Do the Work to Rid Your Face of Pimples and Such Blemishes.

Instead of those futile efforts of steaming the face, massage, creams, lotions, etc., that have brought only disappointment, suppose you leave it to the wonderful action of calcium.

There is but one way to remove pimples, blackheads, and such blemishes—through the blood and skin. In Stuart's Calcium Wafers, taken at meals, the wonderful calcium serves to supply the blood with one of the most remarkable articles known to science. This is its activity in keeping firm the tiny fibers that compose such minute muscles as those which control the slightest change of expression. It is this substance which acts upon the skin, keeps it healthy and drives away impurities. Get a 60-cent box of Stuart's Calcium Wafers at any drug store.
