MISSOURI TO GO REPUBLICAN, OBSERVER SAYS

Both Parties Well Organized, However, and Tough Fight Looms

By MARK SULLIVAN KANSAS CITY, Mo., Oct. 8.—Harding is in Missouri today and will return again before the election. Cox has already spoken in three western cities of the state and is expected to make one more speech in St. Louis later in the campaign. Until after these visits, it probably leans a little toward the Republicans. There is no evidence here of the country-wide landslide condition which the Republicans claim and which undoubtedly does exist in several parts of the country. Conditions in Missouri do not vary greatly from normal, but "normal" for Missouri has come to be almost as often Republican as Democratic. Changes have been taking place in Missouri's population. An ex-governor, who undoubtedly knows the state well, tells there are more native Missourians in Oklahoma and Texas than in Missouri itself. And in proportion, as the native Missourian moves out, there is an influx, especially in the southeastern part of the state, of farmers and others from Illinois, mostly Republicans, moreover, here as elsewhere, during the war demand for city labor, the country negro of the south has been coming into the cities and solidifying the Republican city vote.

WRECKERS AT WORK

Wrecking crews have been dispatched from Green River to the scene of the derailment. Traffic will be held up several hours, it is said. Trains No. 19, 21, 3, 9, 7 from the east are not expected to reach Ogden until after 8 o'clock tonight. Trains can not be shunted around the wreck as the line is single-tracked. East bound traffic will not be delayed from Ogden, Stationmaster S. H. Tracy said, as he has been advised that the line will be cleared by the time trains from Ogden reach that point.

REPUBLICAN SPEAKERS TO INVADE THE SOUTH

Johnson, of California, would arrive in Chicago next week to take an active part in the Republican campaign and that Governor Calvin Coolidge, vice presidential candidate, accompanied by Governor Lowden of Illinois, the governor of Missouri, and Governor Hugh S. Morgan of Kentucky and Job Hughes of New York, would swing through the border states of the south, beginning October 27.

BOGUS REVENUE STAMPS SEIZED AT PRINT SHOP

PHILADELPHIA, Oct. 8.—Secret service men today raided a printing plant here which is alleged to have turned out thousands of counterfeit internal revenue stamps to be used on cheap whiskey and colored alcohol in bottles of standard brands. Quits for counterfeiting official government franked envelopes and whiskey labels bearing the names of a Baltimore distillery were also discovered. Three men were arrested in connection with the raid were held in connection with a hearing before United States Commissioner Manly.

WELL ORGANIZED

The Republicans here are well organized and will be able to register their maximum vote and get it to the polls. The Democrats are well organized, too, much better than in most states. In fact, the local Democratic organization in Missouri has been able to send some funds on to the national committee in New York an experience which must have been agreeably surprising to the New York headquarters. The Democrats here will be able to accomplish all that organization can fairly be expected to accomplish, but the thing that no organization can accomplish or change, or even find out, is the disposition and intentions of the Hon. James H. Reed. Reed is a law unto himself at all times and just now a little more so than usual. Reed knows well there isn't a chance of his returning to the senate or even getting any other honor or emolument from his party. That being so, Reed isn't subject to discipline. He can't be forced into line, and the only question remaining is whether persuasion can do what intimidation can't.

EL PASO, Texas, Oct. 8.—President elect, Alvaro Obregon of Mexico, Gov. W. P. Hobby of Texas, Gov. O. A. Larrazo, of New Mexico, and Gov. Thomas E. Campbell of Arizona, were guests of the International Exposition and Military Carnival which is being held here this week. In the course of an address, General Obregon said: "A year ago Mexico was recognized by the United States. The situation today is very different; we are not recognized by the United States but we have the respect and confidence of the American people and I would like to have the respect and confidence of the people of the United States through recognition of the government."

ROMANCE OF EX-KAISER'S REFUGEE IS REVEALED

AMSTERDAM, Holland, Oct. 7.—A romance of the stay of former Emperor William of Germany in Holland culminated today in the marriage of Captain Sigurd von Iseemann, his adjutant, to Countess Elizabeth Bentinck, daughter of William's host at Amerongen. The one-time emperor and his wife were present at the official ceremony in the town hall. Augusta Victoria here asked divine blessing on the newly married couple. At the public church ceremony when the royal ex-lux did not attend, Minister Barbas said: "Through the fall of an emperor this couple found each other." The former kaiser gave the bride a Turkish carpet as a wedding present.

GREAT BRITAIN THREATENS TO TAKE ACTION

LONDON, Oct. 8.—Great Britain has threatened to take "certain action" against soviet Russia if steps are not taken by October 10 for the release of British prisoners held by the bolsheviks, says the Herald, organ of labor, which this morning prints what purports to be the text of notes exchanged by the British and soviet governments. Leonid Krassin, head of the Russian bolshevik trade mission here, has replied on behalf of the bolshevik regime that it will promise to fulfill the conditions required by Great Britain when the latter carries out her part of the bargain made last July for the mutual release of all prisoners and cessation of all hostile action.

Thompson, in an army balloon, and H. E. Honeywell in the "Kansas City II." Captain Hirschauer will represent France while the Belgian pilot will be Ernest Ernest Denuyter in the "Belgica."

SARDINIA'S BLOODY FEUD ENDS IN RECONCILIATION

ROME, Oct. 7.—Eight Sardinian families which have been principals in a vendetta for 65 years, have become reconciled, according to reports to the Giornale d'Italia. Since the feud began there have been 75 murders and much property damage done by members of the families involved. The bishop of Tempio, whose motto is "Reconciliation," presided at the ceremony of reconciliation, which was conducted in a crowded church, there being 200 identities with the feud in attendance. After the bishop had blessed the men his blessing, the feudists embraced and took the oath of reconciliation. A te-deum was then sung by the entire congregation.

FIFTY NEW SEATS IN HOUSE NOW CALLED FOR

Indications Point, However, to Reduction, Not Increase, in Members

WASHINGTON, Oct. 8.—(By the Associated Press.)—Examination of the final census figures of the country which place the total population of the continental United States at 102,583,108, indicates that the west and south proportionately will gain more in a political sense than the east or middle west through increased membership in the house of representatives, more votes in the electoral college and in larger delegations to the national political conventions. This result will determine whatever basis of apportionment is adopted by congress next winter, fixing the size of the next house, which in turn is reflected in the electoral college and the conventions of the big political parties.

SOME WOULD LOSE

By holding the house membership to 435, gains could be distributed with three to California, two to Michigan and Ohio, and one each to Connecticut, New Jersey, North Carolina, Oklahoma, Texas and Washington. To offset these gains, Missouri would be forced to lose two congressmen, while Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Mississippi, Nebraska, Rhode Island, Vermont and Virginia would lose one each. All other states would retain their present numerical delegations in congress. At the last session of congress some Republican leaders expressed opposition to any change in the house that would be of profit to the south. However, the new census does not indicate that the south can be affected without a corresponding effect on states where the Republicans might not be inclined to reduce the delegations.
