

# B. H. ROBERTS TO SPEAK HERE

### Democrats Preparing to Bring Number of Spellbinders To Ogden Rallies

Owing to the difficulty in obtaining a theatre during the latter part of the week, the Democratic campaign committee has been successful in changing the Ogden speaking date of Brigham H. Roberts from Thursday, October 21, to Monday, October 25, according to an announcement today by Martin P. Brown, chairman. Mr. Roberts will deliver an address on "The League of Nations" in the Orpheum theatre on the evening of October 25.

Due to Mr. Roberts' widespread popularity in this state and also because of his recognized ability as an orator, the Democrats are looking forward to the Roberts meeting as one of the principal rallies of the present campaign in Weber county. Further arrangements other than the change in date and the place for holding the meeting have not been completed at this time, according to Chairman Brown.

The campaign committee in charge of speakers is still working on details for the meetings to be held in connection with the visit of William G. McAdoo, former secretary of the treasury, to Ogden on Thursday, October 21. It is probable, according to the Democratic leaders, that Mr. McAdoo will deliver an address at or near the Union passenger depot in addition to his speech in the Orpheum theatre on that day.

Among the meetings announced by the Democratic organization for the coming week are a rally at Hooper Monday evening with L. R. Martineau, D., of Salt Lake, and former Senator Joseph C. Chee of this city as speakers. On the same evening Henry D. Moyle of Salt Lake and Martin P. Brown will speak at a Democratic meeting in Layton.

During the coming week, according to the announcement at Democratic headquarters yesterday, the Cox-for-President club would arrange for cottage meetings and organization of precinct clubs throughout the city and county. Chairman Brown stated that arrangements were being made for another important rally in this city following the Brigham H. Roberts meeting when Congress James H. Mays of Salt Lake would be the principal speaker.

# OGDEN DOCTOR HIGHLY HONORED

### Fellowship in American College of Surgeons Conferred on Dr. Edward I. Rich

(Special Dispatch).  
MONTREAL, Quebec, Oct. 18.—A unique ceremony—the first of its kind for the United States and England—took place when a silver mace, in the traditional shape and proportion of the Civic Mace of the seventeenth century was presented to the American College of Surgeons by the consulting surgeons of the British army in memory of mutual work and fellowship in the great war, 1914-1918. It is the work of Omar Ramsden, and its scroll work shows in symbolic manner the close union of the United States and England. The extreme length is four feet and the weight of silver is 139 ounces.

This presentation was made at the Eighth Convocation of the American College of Surgeons held here last night when 951 surgeons were admitted to Fellowship in the college. Of these, 496 were from the United States, 155 from Canada, 34 from the republics of Chile, Argentina, Uruguay and Peru, in South America and three in China.

The college now includes in its Fellowship more than 5300 surgeons of the two American continents. The purpose of the organization is the betterment of the clinical practice of surgery. Although the organization is democratic and open in its membership to any surgeon who proves himself to be competent, its scientific standard is exacting. By this means, the college aims to provide for every man, woman and child in need of surgical treatment the best service known to the science of medicine.

The convocation closed a week of clinics held in the Montreal hospitals, and scientific sessions where distinguished surgeons of the Americas and the continent discussed recent discoveries in the art and science of surgery. Prominent among the foreign guests were Sir Berkeley Moynihan, Leeds, England; Sir William Taylor, Dublin; A. Carless, London; His Excellency, the Rt. Hon. Sir Auckland Geddes, British ambassador to the United States, delivered the address of welcome to the foreign guests.

Fellowship in the American College of Surgeons was conferred on the following surgeons of Utah:

Augustus C. Beble, Salt Lake City; Robert R. Hampton, Salt Lake City; Samuel H. Pinkerton, Salt Lake City; Edward I. Rich, Ogden; Joseph E. Tyree, Salt Lake City.

# STORY OF DEMOCRATIC PARTY IS SUBJECT OF CARVER'S DISCOURSE

"If you know of a Democrat who does not know of the great accomplishments of his party you will find a man who knows little of the history of the United States. His party, through its leaders has given to this country three of the greatest documents the world has ever known—the Declaration of Independence, the Constitution and the Monroe Doctrine.

"This country virtually is built upon the great theme of the Democratic leaders—Jefferson, Madison and Monroe—of western expansion. I have often wondered why Democrats do not speak more of the wonderful rise of their party, of those three great men who pushed the boundaries west to include the great tracts of Louisiana, Texas and what is now Oregon, Washington and California.

"These, in part, were sentiments expressed last night by the Rev. John Edward Carver, pastor of the First Presbyterian church, in an evening sermon on the subject, "What has the Democratic party wrought for America? How did it arise? Why did it change its name from Republican to Democratic?" It was the first of a series of pre-election sermons by the Presbyterian minister on the great parties of this country.

This country is so closely interwoven with the history of this party." The Rev. Carver also referred to Andrew Jackson as the man who had firmly cemented Democratic policies and that this country had never done him full justice. To Polk as the first exponent of civil service for government employees and a president who had the courage to veto over 100 bills. He said it was interesting to note that in that recently submitted for a hall of fame in this country the name of Grover Cleveland lead all others.

The pastor said he would not speak of Woodrow Wilson for the reason that his time and his accomplishments are too near to us as to demand the historical comment accorded other Democratic leaders. One of the purposes of this sermon, as well as the others which he will deliver during the next few weeks, the minister said, is to give the men and women of this community a true conception of the great power, the dignity and authority which lies in their hands when they go to the polls on next election day, November 2.

# Woman Candidate Chums With Wife Of Her Opponent

HATTIE HARI

COUNCIL BLUFFS, Ia.—Politics is one thing—and social life is another. Mrs. Hattie B. Hari, candidate for Congress, is proving this. Her opponent is W. R. Green, who has represented this district for several terms in Congress. Mr. and Mrs. Hari live at the Grand Hotel, as does Mrs. Hari. Mrs. Hari starts her daily political battle to unseat Representative Green by having breakfast each morning with Mrs. Green. She remains very "chummy" with the congresswoman's wife, despite her own political ambition.

# FIRST VOTERS DAY IN MARION

### Senator Harding Speaks to Group of Young Men and Women

MARION, O., Oct. 18.—First voters day at Senator Harding's front porch, brought to Marion today many delegates of young men and women to hear the Republican nominee make a plea for "America first" as the motto of those about to cast their ballots for the first time.

Indiana, Michigan, Illinois, Pennsylvania, West Virginia, Kentucky and Ohio sent the largest representation, although citizens from many other states were present. Several special trains brought delegations from outside Ohio and many from the cities nearby came by motor. A bicycle division also was one of the features of the parade, which preceded the senator's speech.

Mrs. Edna Thomas Gordon, of Ottumwa, Ia., was designated to present the women first voters to Senator Harding, and Walter Rogers, of Columbus, O., was the spokesman for the men. A number of civil and world war delegations also came for the occasion and there was a group of Polish-Americans from Cleveland, a general delegation of Italian-Americans, and a committee of Lithuanian-Americans from Illinois.

One of the first separate organizations to present itself at the front porch was from Pittsburgh. It was headed by Mayor Babcock and included a group of women in marching uniforms of blue and white who serenaded the nominee with campaign songs. In response Senator Harding made a short speech in which he expressed gratification that women had come into full possession of American citizenship.

"The battlefield of the soviet movement would embrace Asia as well as Europe under the plans and opinions of leaders.

"The formation of an indissoluble union between the laborers of the east and soviet Russia" was the announced objective of the congress, "a union destined to be the greatest champion of the proletariat and the peasants, against the capitalistic enterprise.

"Enver Pasha, ex-minister of war of Turkey, addressed the congress in the name of the 'union of revolutionary peoples of Morocco, Tunis, Tripoli, Turkey and Arabia."

# IRISH FASTERS MAY DIE QUICKLY

Hold First Death Sunday Will Have Bad Effect on Others' Strength

CORK, Oct. 18.—The death last night of Michael Fitzgerald, first of the eleven hunger strikers in the Cork jail to succumb as a result of their fast of more than two months, probably will have an extremely bad effect upon the other hunger strikers, the jail doctors said. Although the men occupy separate cells, it is difficult to keep news of what is happening from reaching them.

Joseph Murphy, Sean Hennessy and several of the other fasting prisoners are noted so low that the end is expected shortly.

**MAY FEED MAYOR.**

LONDON, Oct. 18.—Terence MacSwiney passed a very good night at Brixton prison, according to a bulletin issued early today by the Irish Self-Determination league. It is said he slept well, but seems to have caught a slight cold.

In a later bulletin the league says a doctor has told MacSwiney that his condition is becoming more precarious. The doctor is said to have declared he would feel bound to do all he could to save the lord mayor's life, and would feed him as far as he could while he was unconscious. MacSwiney is quoted as saying that if any attempt was made to feed him under such conditions he would again commence his hunger strike as soon as revived.

Chairs are being made of paper, twisted and reinforced with steel rods.
