Boxing Commission Appointed to Insure "Clean" Bouts Here

With a view of placing the boxing and wrestling game in Ogden on a high plane and as a means of assuring the followers of the sport that they will get full value for their money at all future matches to be staged in Ogden, Mayor Frank Francis and the Ogden board of city commissioners have appointed a boxing and wrestling commission which will immediately begin its functions.

Members of the commission appointed by Mayor Francis with the approval of the city commissioners, are: Royal J. Douglas, former assistant city attorney and a member of the American Legion; A. L. Glasmann, editor of The Standard-Examiner and head of the Ogden Athletic club, and Edward E. Barton of the Southern Pacific railroad shops, who is known as one of the best authorities on sports in the west.

FULL POWER INVESTED Full power is given to the commission to investigate promoters and their affairs and all details of the exhibitions they plan to stage in Ogden. No match can be staged in the city without their approval, it is said, and they must be given full assurance by the promoter that exhibitions will be clean and aboveboard before a license will be granted.

Following full investigation of the commission into the promoter's affairs and the details of his proposed exhibition, the boxing commission will report to the mayor and city commission with recommendations as to whether or not the match shall be staged. The license will be granted by the city only after the commission members have made recommendation that it should be done.

Numerous applications have been submitted to Mayor Francis and the board of city commissioners recently by promoters, asking that they be given permission to stage boxing and wrestling matches in Ogden, it was said today. Within a few days the boxing commission will meet and advise that promoters who plan to stage
