HARVEST BEETS AT NORTH OGDEN

Wet Ground Hampers Digging; Work Now Accomplished

NORTH OGDEN, Nov. 18.—Considerable difficulty in harvesting beets and potatoes has been experienced by North Ogden farmers. Rains have made the digging of these crops a tedious task. Practically all the beets in the district are now harvested, it is stated, though many have not yet been hauled.

Elders Asa I. Draper and James Storey will deliver a lecture at the ward teachers' report meeting Sunday morning on "The Temple at Kirtland."

Mrs. Rhoda Jones has been called to North Ogden from Idaho because of the uncertain condition of Mrs. Sarah Ann Herrett, her mother. Mrs. Herrett is over eighty years of age and has not been enjoying the best of health recently.

Steps have been taken in North Ogden for the organization of a ward gymnasium. The elders' quorum, under direction of Charles H. Storey, J. M. Larsen and Thorneil W. Jones, have arranged a public benefit dance to be held in the ward amusement hall on Friday night.

Samuel Shaw has completed the construction of a foundation for a new house. It is expected that the building will be completed before winter sets in in earnest.

Eugene B. Jenkins, builder and contractor, who has been ill for several days, is reported to be recovering from his sickness.

Arthur G. Berrett made a business trip into Idaho during the past week.

The tenth temple excursion for North Ogden church members, to be held in connection with other Ogden stake wards, will be held December 3. Residents of North Ogden will depart for Ogden at 7:45 a. m. and will leave Ogden on the 9:30 Bamberger train.

Mrs. Josephine Elaylock, Miss Leah Montgomery, and Robert Montgomery made a trip to Salt Lake Tuesday. Miss Mary Higgins of Ogden accompanied them.

FEW CHANGES MADE IN IDAHO'S STATEHOUSE

BOISE, Ida., Nov. 18.—Few changes will be made in Idaho's statehouse as a result of the recent election, because practically all of the appointees under Governor Davis will hold office.

D. A. Banks, who has been acting as commissioner of finance, will succeed John W. Eagleson as state treasurer. Stewart H. Jones will succeed Robert N. Bell as state mine inspector. Mr. Bell has been state mine inspector for some time. Since B. Walker retired three months ago, Captain Banks has been acting as finance commissioner and a member of the cabinet. Governor Davis will fill the vacancy shortly.

Neither will there be many federal posts to fill after the new national administration goes into office. Lewis Williams, interior revenue collector, will be succeeded by a Republican on or before March 4, when his term expires. District Attorney McClear will hold office for some time. Delay in Frank Kinyon, receiver of the land office, and Frank S. Heer, registrar.

United States Marshal Jones has another year to serve. General Edward Hedden, surveyor general, still has a year to serve.

UNIVERSITY STUDENTS TO GET TURKEY DINNER

SALT LAKE, Nov. 18.—To determine the number of University of Utah students who have no homes in the city and who have not been extended an invitation for dinner on Thanksgiving, the University of Utah women's league is making a canvass of the student body.

An effort will be made to make provisions for these students. A number of the students, according to Miss Lucy Van Cott, dean of the women, will not be able to go home for Thanksgiving. Hosts for the students are being sought. It is stated.

DAVIS COUNTY HOGS KILLED BY CHOLERA

SALT LAKE, Nov. 18.—Dr. H. W. Hoggan, state livestock inspector, reported yesterday that Frederick Handlin, of Davis county, has lost 46 head of hogs from hog cholera. Delay in proper diagnosis of the disease is responsible for the heavy loss, it is stated.

Other hogs of the herd have been immunized and the premises cleaned and disinfected. No further disease among the herd is anticipated.

CUT THIS OUT OLD ENGLISH RECIPE FOR CATARRH, CATARRHAL DEAFNESS AND HEAD NOISES.

If you know of some one who is troubled with catarrhal deafness, head noise or ordinary catarrh cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires constitutional treatment.

Secure from your druggist 1 ounce of Parantol (double strength). Take this home and add to it 1/2 pint hot water and a little granulated sugar, stir until dissolved. Take one tablespoonful four times a day. This will often bring relief from distressing head noises. Plug nose with cotton wool, breathe through nose and hearing improve. The inflammation in the eustachian tube is relieved. Parantol used in this way acts directly upon the blood and has a tonic action that helps to obtain the desired results. The preparation is easy to make, comes in little and is pleasant to take. Every person who has catarrh or head noises or is hard of hearing should give this treatment a trial.—Advertisement.

LIST WORK OF HIGHWAY BOARD

Present Program Will Cost \$74,000, Chief Clerk Reports

SALT LAKE, Nov. 18.—Work now on hand by the state road commission will cost \$74,000 so far as it is possible to complete it this year, according to estimates presented by engineers. The announcement was made yesterday and was taken from a summary of the report made to the road commission by C. A. Whiting, chief clerk.

In addition to this there are bills payable of more than \$150,000 now in the office. The monthly disbursements of the road commission at present are running between \$400,000 and \$500,000. With such a volume of business passing through the office, it takes about ten days after presentation of a claim, before the warrant has been issued, and on that basis the total of such bills is rather high, at the \$150,000. This checks with a recent actual compilation of the claims on hand.

To meet these liabilities to be incurred before the end of the year—some of them already incurred—the road commission will have a revenue of \$1,351,749, according to Mr. Whiting. It is expected that the close of the year, between the bills likely to be incurred before that time and the amounts the state has a right to expect to be collected by is \$426,000.

The state road taxes levied by the various counties for the improvement of roads within those counties total \$1,928,929, according to the levels announced. In addition, vouchers have been approved by the district office of the United States bureau of public roads, and have been presented to the department of agriculture for collection, under existing federal aid contracts totalling \$85,750. The state has due to it from empty cement tanks returned to the cement factories \$60,000 approximately. A like amount is represented in bills collectible. For example, there is \$30,000 due from the Bamberger Electric Railway company as its share of the cost of construction of the overhead road crossing at Farmington. There are also amounts due from various counties for cement furnished them by the state. There is another \$60,000 in the suspense account, which is the balance in the state treasury of the \$1,251,749, and after deduction of claims on hand and likely to be incurred before December 31, a balance remains of \$425,000, according to the report.

Part of the money due from the state road fund of the counties has already been spent. It was loaned to the counties from the suspense account, in preference to having the counties pay heavy interest by borrowing the same before the collection of taxes. The taxes are now being paid, and become delinquent before the close of the present month.

SENATOR-ELECT OF IDAHO TAKES REST

SALT LAKE, Nov. 18.—Frank R. Gooding, United States senator-elect from Idaho, and twice a member of that state in Salt Lake for a rest of several days. He is accompanied by Mrs. Gooding, and is staying at the Hotel Utah.

Senator-elect Gooding received a majority in Idaho over the present incumbent, Senator John F. Nugent, his Democratic opponent. Two years ago, when the same men were opponents for the senate, Senator Nugent had a majority of about 900 votes. Mr. Gooding said yesterday that he believed that the cabinet of two years ago had much to do with his defeat at that time.

The Nonpartisan league was thoroughly beat in Idaho this fall, Senator Gooding says. The vote was very disappointing to many of the league members, and many of the farmers have been affiliated with the league are now said to be giving up their memberships.

SAME LIGHT RATES PREVAIL AT HYRUM

SALT LAKE, Nov. 18.—Under decision of the public utilities commission yesterday, the Hyrum City Municipal Electric Light company plant must continue to furnish lighting service to its customers at the present rates. An increase of 3 1/2 cents within city limits and 5 cents out of the city limits. The industrial concerns has been authorized.

The city sought permission to increase its lighting rates for service furnished on both flat rates and meter rates basis. Parts of the application were denied while other parts were restricted, despite the fact that no protestants appeared at the hearing and investigation heard by the commission.

PLAN PUBLIC CLINIC FOR UTAH SURGEONS

SALT LAKE, Nov. 18.—At the meeting of the state committee of the American College of Surgeons held at the Hotel Utah yesterday afternoon, the complete program for a public clinic of the Utah section, clinic of the college was arranged. The clinic will be held Monday, Nov. 22.

Plans indicate that the open session will be held in the ballroom of the Hotel Utah. Dr. A. J. Hooper, state chairman, will open the meeting and will then introduce Bishop Joseph S. Glavin, president of the college. Dr. Franklin Martin, secretary general of the American College of Surgeons and Dr. John Bowerman, secretary, both of Chicago, will be among the speakers as will Judge Harold M. Stephens of Salt Lake.

SEEK AID OF BOXELDER IN TUBERCULOSIS DRIVE

BRIGHAM, Nov. 18.—The state board of health has asked Br. Elder county to subscribe \$1800 in the tuberculosis campaign, according to word from Ashley Bartlett, who was in Brigham recently.

The Red Cross has already taken steps to secure a community nurse, and has solicited assistance of the county commissioners and county school board.

Dear Joe: There'll be new uses for the rolling pin if you "DON'T EVER MARRY". Your Myra.

MADE HISTORY IN EARLY DAYS

Man Who Saved Starving With Ogden Spuds, Dies In Denver

DENVER, Colo., Nov. 18.—Calvin Luther Lightburn, friend of Henry W. Longfellow, Brigham Young, General William T. Sherman and many celebrities of half a century ago, died at his residence here yesterday morning. He was 78 years of age.

Mr. Lightburn was born in Clark county, West Virginia, September 17, 1842. He served throughout the civil war, much of the time as aide-de-camp to his brother, General Joseph Lightburn.

He came west in a prairie schooner from St. Joseph, Mo., in 1866. Proceeding north from Greeley, Colo., over the Overland trail, he reached Salt Lake, where he established a social and business connections with Brigham Young, until 1872.

He saved the lives of nearly 2000 men and women in South Pass City during the winter of 1869-70. In the autumn of 1869 food ran short there due to the sudden influx of fortune-seekers from Virginia City. Mr. Lightburn met the situation by hauling potatoes in prairie schooners from Ogden during the winter, and laid the foundation for the city.

It is recalled that Lightburn led a posse of former civil war soldiers on an expedition of reprisal against Indians who killed several of a small band, but had to flee from an army of 2000 Washackies, reaching Lander just in time to gain the protection of the fort. He was also engaged in several other conflicts with Indians.

No arrangements for the funeral have yet been made.

ENGINEERING JOKE COSTLY TO POCATELLO

POCATELLO, Ida., Nov. 18.—Approximately \$70,000 must be spent in straightening out the viaduct, an engineering joke in the city for several years, according to City Engineer Neville.

Eight years ago the railroad built a viaduct over its tracks. It is stated that the residents were asked whether they preferred a subway or a viaduct at Center street, and a viaduct was preferred. One was constructed with circular approaches at the eastern end. These have been a serious handicap to the city's traffic in the last few years and have also been a serious menace to safety of all vehicles running over the "hump."

It has been called an "engineering joke," and other names not in the engineers' dictionary for its freakish curves, and now it is up to the city to straighten out the curves and run the viaduct straight across the tracks.

KILLED FEW MINUTES AFTER BRIDE ARRIVES

BOUNTIFUL, Nov. 18.—Tragic details in the death of E. G. Klempau, killed in the Soldier Summit yards Tuesday night by a light engine, were learned yesterday afternoon when the body of the dead man, accompanied by his bride of a few months, arrived here.

Mrs. Klempau, upon the evening of her husband's death, had arrived a few minutes prior to the accident. They were making their way across the tracks to their home. The light engine which killed her husband threw Mrs. Klempau some distance. She was formerly Miss Matilda Super of Fort Jones, Calif. Funeral services will be held Sunday afternoon at 2 o'clock at the Second ward meeting house, with Bishop Jed Stringham presiding.

Germany is producing a considerable quantity of liquid fuel by distillation of coal and lignite.

ESCAPES DEATH IN GRAVEL PIT

Salt Lake Workman Has Unique and Thrilling Experience

SALT LAKE, Nov. 18.—Buried alive to his chin, with tons of gravel threatening to further engulf him and snuff out his life, John Jarvis, 57 years old, of 21 West Sixth South street, calmly smoked a pipe supplied him by a fellow workman, while two score men worked frantically to dig him from his precarious position.

Jarvis was working at the gravel pit near the Warm Springs. He was at the top of a gravel chute attempting to break a conglomerate mass of gravel. The springing of a trap to load a wagon caused Jarvis to be drawn into the gravel chute.

Screaming, he slipped down the chute. At the end of the trip he was landed upright, but was buried to his chin in the mass of gravel.

Fellow workmen were attracted by his screams. Many immediately started construction of a barrier to hold back several hundred tons of gravel that threatened to pour down the chute. Others, with buckets, scooped the gravel away from Jarvis until a rope could be fixed under his arm pits. The pain became too great when the workmen attempted to pull Jarvis loose with the rope. Jarvis then tenaciously held from the city fire department was substituted.

Jarvis was literally uprooted, screaming, while that his right foot was being torn off. Finally he was free. It was discovered that his right foot had been pulled loose from a tightly laced shoe. Jarvis was taken to the emergency hospital at 3:30 o'clock yesterday afternoon. At 7 o'clock last evening, he left the hospital apparently no worse for his narrow escape from death.

Three Amendments Approved by Voters

SALT LAKE, Nov. 18.—Returns from twenty-three of the twenty-nine counties in Utah on the constitutional amendments indicate that three of the amendments have been approved by the voters.

Amendment No. 1, concerning the right of cities to formulate their own charters, shows a majority for of 1853. Amendment No. 2, to provide state support of \$25 per capita of school population for each school district, majority for, 22,240.

Amendment No. 3, to increase the state's limit of indebtedness, majority against, 2575.

Amendment No. 4, affecting the right of action in cases of injury resulting in death, majority for, 4367. Counties in which reports had not been received by the secretary of state up to the close of office hours last night, included Carbon, Davis, Duchesne, Juab, Rich, Salt Lake, Uintah and Utah. In the compilation made above, what purport to be official returns on the amendments as voted by the boards of county canvassers in Duchesne and Uintah counties have been included. The totals used in the other twenty-one counties are those furnished by the county clerks to the board of state canvassers, of which Harden Bennion, secretary of state, is secretary.

The official report from Clerk W. N. Farr of Weber county was received by Mr. Bennion yesterday. It differed quite materially from the preliminary report that had been made, and the results on amendments Nos. 1 and 4 from majorities against the amendments in the twenty-three counties. The official reports now on file with the secretary of state show that on the first amendment Ogden voted 1434 for to 1925 against, and the county as a whole, including Ogden, 1293 for and 2230 against. On the second amendment the Ogden vote was 1069 for and 2230 against, and the county vote 1527 for and 2018 against. On the third amendment the vote stood in Ogden 785 for and 2093 against, and in the county 956 for and 2575 against.

BUCKHECHT Fine Shoes are priced \$8.50 to \$14

BUCKHECHT SHOES

A QUIET elegance, a rich simplicity, a colorful harmony—conspicuously beautiful are the fine points of our No. 438. Faded Hair Now Easily Renewed

Every woman knows how important it is to keep her hair attractive and free from gray, faded streaks. Proper care of

the hair is the very cornerstone upon which beauty culture is builded.

Do not despair because you cannot afford the fees asked by beauty specialists for tinting gray hair but do it yourself at home with no other aid than a bottle of Brownstone, the same preparation used by the foremost hair dressers.

Special Free Trial Offer. For convincing proof that with Brownstone you can retain and preserve in your hair its natural, original color—whether golden, black or any shade of brown—try Brownstone yourself. Guaranteed absolutely harmless. Send 11 cents to pay postage, packing and tax to The Kanton Chemical Co., 240 Condit Bldg., Covington, Ky. for trial package. Or get a regular package from your druggist. Two colors—Black to Medium Brown or Dark Brown to Black. Price 50c and \$1.00. Tear this out.

Ends Stubborn Coughs in a Hurry

For real effectiveness, this old home-made remedy has no equal. Easily and cheaply prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief given is almost like magic. It takes but a moment to prepare, and really there is nothing better for coughs.

Into a pint bottle, put 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to make a quart. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, the full pint saves about two-thirds of the money usually spent for cough preparations, and gives you a more powerful, effective remedy. It keeps perfectly, and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tickling cough, and soon you will notice the phlegm thin out and then disappear altogether. A day's use will usually break up an ordinary throat or chest cold, and in more severe cases of bronchitis, croup, hoarseness, and bronchial asthma.

Pinex is a most valuable concentrated compound of pure, natural Norway pine extract, the most reliable remedy for throat and chest ailments.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain. How to Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning gas, bloating, nervousness, are due to the excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is retarded and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try Sloan's Liniment for "2 1/2 ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

When one feels always tired without working, or suffers from backache, lumbago, rheumatic pains, sore muscles or stiff joints, it is not always easy to locate the source of trouble, but very frequently it can be traced to overworked, weakened or diseased kidneys. Mrs. L. Gibson, 12th and Edison St., La Junta, Colo., writes: "My kidneys were giving me a great deal of trouble for some time. I took Foley's Kidney Pills and they helped me right away." Sold everywhere.—Adv.

"OUCH! THAT OLD RHEUMATISM!"

Get out your bottle of Sloan's Liniment and knock the pain "galley-west"

WEREN'T ready for that last quick switch in temperature, were you? Left you stiff, sore, full of rheumatic twinges?

You should have had a bottle of Sloan's Liniment handy that would have penetrated without rubbing, warmed and soon eased up the muscles, quieted the pain, put the affected part and brought gratifying relief. Helpful in attacks of lumbago, sciatica, external soreness, stiffness, strains, aches, sprains. Get a bottle at your druggist's. 35c, 70c, \$1.40.

Sloan's Liniment (Pain's Enemy)

BLACKHEADS GO QUICK BY THIS SIMPLE METHOD

Blackheads—big ones or little ones—soft ones or hard ones—on any part of the body, go quick by a simple method that just dissolves them. To do this get about two ounces of calomel powder from your druggist—sprinkle a little on a hot wet sponge—rub over the blackheads briskly for a few seconds—and wash off. You will wonder where the blackheads have gone. The calomel powder and the hot water have just dissolved them. Pinching and squeezing blackheads only open the pores of the skin and leaves them open and unclean—and unless the blackheads are big and soft they will not come out, while the simple application of calomel powder dissolves them. To do this get calomel powder from your druggist and you are troubled with these unsightly blemishes you should certainly try this simple method.—Advertisement.
