TACOMA YOUTH SINGS HIGHEST NOTE EVER REACHED BY VOICE

NEW YORK, Nov. 19.—Two youthful country prodigies, Rochi Hardy, 12-year-old Columbia freshman, master of a dozen languages, and Samuel Rzeschewski, 9-year-old Polish chess wizard, recently checkedmate nineteen West Point strategists in a row—but neither of them can sing. Robert Murray, 12, of Tacoma, Wash., can. Yesterday before a group of famous metropolitan stars, including Mme. Frances Alda, who "discovered" the youth last summer, Murray not only reached with ease the high notes in arias of Galli-Curci and Tetrazzini fame, but, to the astonishment of his hearers, he transported those high notes to a higher key and breathed them with equal facility and resonance. The singers who heard the performance asserted this was the highest note ever reached by the human voice.

SEVEN ARRESTS MADE; BIG SUM OF MONEY FOUND

COUNCIL BLUFFS, Ia., Nov. 19.—Believing that they had under arrest all the principals in the robbery of a storage house near Burlington, Iowa, last Saturday night, the large force of government officials who effected the capture of the boys implicated in the big robbery are today gathering up the tangled ends of evidence preparatory to presenting the men to court for their preliminary arraignment. They are: Orville Phillips, 17; Merl Phillips, 20; Fred E. Poffenberger, 19; T. A. Daly, 45; and H. A. Reed, 45. No estimate was made today by government men on the amount of the loss or of the sum recovered. A count of the cash, which was recovered early this morning, is being made. None of the government securities have been found and it is believed that the part of the confessions of Orville Phillips and Fred E. Poffenberger to the effect that the bonds were destroyed is true.

GERMANTOWN, Md., Nov. 19.—James Bolton, a farmer, whose home near here was dynamited yesterday morning died last night, increasing the death toll to three. Montgomery county authorities said an investigation showed Bolton and Thompson had been enemies of long standing and that their enemy culminated an encounter election day in which Thompson was shot in the neck by Bolton. Fifty pounds of dynamite is believed to have been used in the destruction of the Bolton home.

HOG, CORN AND GRAIN PRICES SLASHED DOWN

CHICAGO, Nov. 19.—Grain prices smashed heavily downward today along the line, with hogs and provisions following suit. Corn led the way, notwithstanding that it was already lower than at any time since 1915. Expected greatly enlarged pressure of offerings from the new crop of corn appeared to be a leading factor in emphasizing bearish sentiment caused by unsettled financial and economic conditions. As a result, before the day was half over, wheat had fallen 7 1/2 to \$1.43 1/2, for December delivery and to \$1.43 1/4 for March, corn was off 2c to 6 3/8c, December, and oats down to 46 1/2c for May.

MOVIE BEGUN TO MARK SULLIVAN PUT EX-MONARCH ON THRONE AGAIN

WASHINGTON, Nov. 19.—Senator Harding is on the sea, bound for Panama. He says he is giving no thought to cabinet appointments. A good many politicians at home, however, are acting as if the cabinet appointments were already being made. They could not be more energetic if it were known that Senator Harding is going to hand out his completed list when he gets off the boat on his return home, December 4. But there is better evidence that what Senator Harding says about the state of his own mind is a simple statement of fact. And it could readily turn out that the energy of those who seek cabinet appointments, and of their friends, may be a handicap rather than a help.

PANAMA TOLLS ACT

The fact is that in Senator Harding's mind Panama as a place to go on a sea trip for a recreation, and Panama as a subject of policy, have little except an accidental relation to each other. MEX JUST LAUGH

She says further that when she asked them if the money was from the robbery the night before they just laughed. Mrs. Daly added, as though she thought it quite a joke: "I told them I was going to have company in the afternoon and didn't want any officers coming in, musing things up. They then went out to the garage and hid the money in a sack. The next morning Fred E. Poffenberger came and took away about ten thousand dollars, saying 'I'm going to get honest-to-goodness money.' I told them they were 'made.' My husband knows nothing of the case. He and Mr. Reed were home the night of the robbery."
