BOLSHEVIKI SENDING AGENTS HERE TO FORM SOVIETS OF JOBLESS

WASHINGTON, Nov. 24.—Russian soviet authorities estimated that the unemployed in the United States will number 5,000,000 by the end of the year and two representatives of the third international have been sent to organize soviets here, according to information from Moscow.

The representatives of the internationale plan to arrive in the United States in December, it was said, and propose to form committees of the unemployed in connection with the communist party, establishing soviets of each trade. Their mission, the advices stated, is to unite the revolutionary movement in America into one fighting body to bring about an armed revolution.

While government officials discounted the internationale's estimate of the unemployment in this country, every precaution is being taken to keep the soviet organizers from entering the United States.

For First Time in 150 Years U. S. Has Artillery for Large Army

WASHINGTON, Nov. 24.—That artillery troops for the American army in the world war were forced to drill with improvised wooden guns, rope harness and other makeshifts because of lack of equipment is officially revealed today in the annual report of Major General William J. Snow, chief of field artillery.

Large quantities of guns, howitzers, ammunition and other artillery material are on hand left over from the war, the report said, "and the country thus, for the first time in half a century has on hand sufficient stocks of artillery to equip a large size army."

CENSORSHIP OF NEWS IN GREECE BRINGS PROTEST

Newspaper Men Visit Premier To Voice Complaint on Suppression

ATHENS, Nov. 23.—(By the Associated Press)—Foreign newspaper correspondents went before Demetrios Koumndis, minister of war, and George Rhalhis, premier, today and complained that the press censorship established during the Venizelos regime was being continued. They declared that their dispatches were being delayed or absolutely suppressed.

The two officials answered that during the last week bulletins cut and injured eighteen overhead wire systems, and that this was responsible for any delays that have occurred. They declared that if the censorship was still in operation, it was due to the fact that some correspondents had misinterpreted last week's demonstration of the former German emperor. This was declared to be untrue. The two ministers, however, promised to remove all censorship restrictions.

NEWSPAPERS ENJOYABLE TO FORMER KING CONSTANTINE ARE OPTIMISTIC OVER THE SITUATION. The Journal Hesperia states that King George of Greece is known to believe it to be one of the best times in his life.

Principal interest centers at present in the question of whether Great Britain will continue her financial support of Greece. It is charged that the Venizelists left the treasury empty, and that the British have refused to pay the expenses of the Greek army in Asia Minor, claiming that bills presented were irregular.

Assertions are made that members of the Venizelos government carried off or destroyed documents belonging to several ministries, and that two valises full of papers were burned at the Temple of Jupiter.

Princes Andreas and Christoph, brothers of ex-King Constantine of Greece, arrived in Athens at 5 o'clock this afternoon. The prince and his wife were escorted by large and enthusiastic crowds to the palace from the dock at which their steamer arrived from Italy.

Heavy Bonds Fixed by U. S. Commissioner Upon Their Arraignment

COUNCIL BLUFFS, Ia., Nov. 24.—The seven men and one woman held by the federal government in the investigation of the robbery of a mail car on the Burlington railroad in this city on the night of November 13, were formally arraigned in federal court here this forenoon before United States Commissioner W. A. Byers. All waived examination and were held under heavy bonds.

The charges upon which the accused are being held are: Merl Phillips, Orville Phillips and Fred E. Poffenberger with robbing the United States mails; Mr. and Mrs. T. A. Eddy, Clyde R. Poffenberger, Fred A. Poffenberger and Sumner Knott, with concealing money they knew had been stolen from the United States mail train.

HEAVY BONDS FIXED Bonds were fixed by the commissioner as follows: Fred E. Poffenberger, \$15,000; Orville Phillips, \$25,000; Merl Phillips, \$20,000. The bonds of the other five were fixed at \$10,000 each.

Commissioner Byers announced that if the heavy bonds were to be forfeited, the bonds would be reduced, intimating that any attempt to secure the release of the prisoners would be made.

The only testimony offered by the government was given by United States Marshal Fred Shoemaker and Sumner Knott, attorney E. G. Moon, informally announced during the hearing that it was the largest mail robbery in the history of the United States.

The prisoners were brought to the federal building from the county and city jails under guard. The court room was packed to the doors during the arraignment and a combination of community organization allied with the National Educational association.

FUR WILL FLY IN WISCONSIN

MADISON, Wis.—John J. Blaine, Republican governor-elect of Wisconsin, is a furrier by choice and a lawyer by accident. While working on his farm an accident to his arm drove him out of actual farm work and he took up law. Blaine was elected senator in Wisconsin in 1908 and was the author of the initiative and referendum and recall bills which were defeated as constitutional amendments. He is third owner of a Holstein farm near Roscoe. Blaine was the LaFollette-Non-partisan League candidate, nominated as a Republican. There are strong groups in the legislature alike of progressives aligned with him and reactionaries bitterly antagonistic. Fur will fly when the legislature meets in January, and there will be a lot of it because the Wisconsin lawmakers usually stay in session several months, longer than almost any other state.

PAPER ASSERTS THERE IS PLOT FOR OUTRAGES

Secret Service in Britain Said To Have Uncovered Plans Against Notables

LONDON, Nov. 24.—Suggestion that a plot to kidnap British agents would attack prominent persons and property in London and other large cities of London, have been current during the last few days, but nothing substantial has been found to lend color to them. The Graphic claimed today that a "high authority" had said the British secret service had discovered a plot aimed at the lives of the citizens of London. The newspaper adds the secret service recently discovered a Sinn Fein plot to destroy property, mentioning the Manchester ship canal and the Liverpool docks, "the chosen scenes of Sinn Fein outrages." Elaborate precautions, it is said, have been taken at both places.

The Sinn Fein official publication, the Irish Bulletin, prints what purports to be a circular from the Royal Irish constabulary headquarters to police inspectors warning the latter of the Sinn Fein's intention to employ move a resolution condemning outrages and instructing them to remember this when conducting investigations. H. H. Asquith, former premier and leader of the opposition in the house of commons, was prepared today to move a resolution condemning outrages against newspapers and citizens in Ireland. The resolution he had written expressed abhorrence of the brutal assassination of officers in Dublin last Sunday, and condemned the action of the Irish executive department in attempting "to suppress crime by methods of terrorism in reprisals involving the lives and property of innocent persons." He declared the urgency of taking immediate steps to bring about the pacification which is demanded in the interests of Ireland.

GREY WILL SPEAK Viscount Grey was expected to come forth from his semi-retirement and speak in the house of lords today on the Irish home rule bill. It has been reported that Viscount Grey and Mr. Asquith have reached an understanding as to policy relative to Ireland and in future will work together. It is said the government is still anxious over the fate of the home rule bill in the house of lords, where threats of rather drastic amendment have been made.

FORD EMPLOYEES TO GET SEVEN MILLION BONUS

DETROIT, Mich., Nov. 24.—Bonus checks aggregating more than \$7,000,000 for employees of the Ford Motor company are now being written and their distribution will start January 1, according to announcement this morning by Edsel B. Ford, president of the Ford Motor company.

Mr. Ford also announced a forthcoming extra dividend for the six months ending December 31 on Ford investment certificates held by employees of the company. This, Mr. Ford said, is in addition to the guaranteed six per cent. He added that eight per cent had been paid July 1st, last, making a total of fourteen per cent on the certificates for 1920.

Mr. Ford's statement was made, it was announced, to correct what he said was an erroneous report of testimony by S. S. Marquis, director of the Ford educational department, before Judge Alschuler in Chicago yesterday to the effect that the recent reductions in the price of Ford cars had resulted in the bonus to employees being practically cut off.

The statement that 6,000 men of the Detroit force had quit work within the last 90 days was correct at the executive offices of the company here, but the men had left voluntarily and in increased numbers since the outbreak of the strike. In the meantime ordinary loaves of bread are virtually unobtainable.

BREAD LINES HALF MILE LONG FORMED IN SPANISH CAPITAL

MADRID, Nov. 23.—This city and its immediate neighborhood is again in the grasp of an acute bread shortage. In the poor districts bread lines half a mile long formed from the earliest hours this morning and the people remained for hours outside the bakeries despite the sharpness of the weather.

Efforts are being made by the government to improve the situation by issuing bread from military bakeries, but bakers have been rendered difficult by the master bakers, who have refused to grant wage increases demanded by the men. Bakery employees, as a result, threaten a general strike. In the meantime ordinary loaves of bread are virtually unobtainable.

U. S. FORCE STOPS WESTERN UNION LANDING OF CABLE

MIAMI, Fla., Nov. 24.—What was described as an attempt by the Western Union Telegraph company to land its cables from Barbados to a cable from Miami at the west end of the causeway here today was stopped by an armed force from the United States submarine chaser 154.

Orders to prevent the connection of the two cables were received by the commandant of this district from the navy department some time ago and the commander of the submarine chaser had in turn been ordered to prevent any attempt at such an operation.

PRICELESS BECHER MANUSCRIPTS LOST IN FIRE AT CHURCH

NEW YORK, Nov. 24.—Priceless manuscripts and relics written and collected by Harry Ward Beecher, including many sermons in his own handwriting, were consumed by a fire early today that destroyed the Sunday school church, the historic Plymouth church, Brooklyn, where the famous pulpit orator was pastor for many years. The old church edifice, erected in 1845, narrowly escaped destruction.

EX-LIEUTENANT ACCUSED OF DRIVING BANDIT CAR COUNCIL BLUFFS, Ia., Nov. 24.—Indirect testimony was given before United States Commissioner W. A. Shoemaker today by Marshal Fred Shoemaker quoting a statement of Fred E. Poffenberger that Keith Collins was the driver of the car used in the robbery of a Burlington mail car here the night of November 13. Hearing of the seven accused men and one woman held for the robbery set for 10 o'clock this morning is being delayed.
