

# LIST RULES FOR STOCK JUDGING

### Contest to Be Held at Ogden Livestock Show January 7

Rules for the judging of cattle by students at the Ogden Livestock Show have been forwarded to all counties agents in the state, according to E. W. Robinson, Weber county agent.

The contest will be held Friday, January 7, and will start at 9 o'clock.

There are two classes in the stock contest, one a non-collegiate contest, designed for high school and boys' club members.

The second class is an individual contest, open to any person in the United States who has never before judged a cow, sheep or hog, and one who has never taken part in any interstate or international show or who has not been an instructor in animal husbandry.

For the first class, prizes of \$25, \$15 and \$10 are offered for the three highest teams. In addition to this award, the team scoring highest will be awarded \$5 while second highest will be awarded \$3.

In the second contest, five awards are offered. For instance, the first, second, third, fourth and fifth places will receive \$5 awards.

Arrangements have been made for the entry of cattle, sheep and hogs by boy and girl club members. A special silver trophy will be awarded to the entry having the best record. Under this arrangement the club members can enter a lamb, a sow and litter, a fat hog less than six months, a fat hog under one year, a dairy calf or baby beef.

The rules provide that any high school student or club member under 19 years of age, who has never before competed at interstate or international stock shows is eligible for the judging contest.

The contestants will be presented with a scoring card. Fifty points will constitute a perfect scoring.

There are a number of lesser rules and regulations, written to prevent any discrimination in favor of any of the contestants. For instance, no students or club members will be allowed to wear any colors, uniform or insignia which might identify them as a member of some school or organization.

E. W. Robinson, Weber county club leader, said yesterday that the club members of Weber county, together with students at a number of the county schools, are confident that they will take awards in the stock judging contest as well as in the exhibits of cattle. By reason of the thoroughbred calf project which was started last spring, there are scores of registered dairy calves in the county, it is said, and some of them are said to possess exceptionally fine points.

### Through Service on Washington Car Line

Through street car service on north and south bound Washington avenue cars was resumed today, according to Walter Ellington, traffic manager of the Utah Rapid Transit railroad. With the completion of the paving work on north Washington, the service in the future will be run on schedule, Mr. Ellington said.

Through service was suspended last June when the work on the new road beds was started north of the Ogden river on Washington avenue. Transferring from one car to another was necessary and considerable difficulty was encountered in handling the traffic. Cars will now turn back at Twenty-fifth street as heretofore.

"With the work entirely completed our former schedule on Washington avenue will be resumed," said Traffic Manager Ellington today. "We will endeavor to give the public first class service now that the work is completed."

### Sign Up First Player for Ogden Ball Club

Tommy Fitzpatrick, coach at the University of Utah, and one of the best semi-pro baseball stars in the state, has signed to play with Ogden during the 1921 baseball season, according to an announcement made today by Manager Frank Scott of the Ogden club.

Fitzpatrick has been playing baseball in Utah for many years and is expected to be one of the big stars on the Ogden club when the season gets under way. Tommy will hold down the far corner for Ogden.

He managed the Potomac club in the Snake river league last year and played several games during the latter part of the 1920 season with Ogden.

Fitzpatrick is the first player to sign with the 1921 Ogden team. Manager Frank Scott has his eyes on several other first class men and expects to land them during the next two weeks.

### Brother of Ogden Man Dies in Salt Lake

Herbert J. Foulger, 71 years of age, of Salt Lake and brother of Wallace and Frederick Foulger of Ogden, died at his home last evening as the result of an apoplectic stroke, according to information received here this morning. Mr. Foulger was born in London, England. He was a member of the L. D. S. church and as a carpenter aided in building the Salt Lake temple.

### Implement Firm Sues on Promissory Note

Suit to recover \$125 alleged to be due on a promissory note has been filed in the district court by the Sidney Stevens Implement Co. against Ephraim Jessop and Sylvia Jessop. The plaintiff company alleges that the note was executed July 23, 1918, and no part has been paid.

Second suit is also entered against the defendants for another note for \$25.55 alleged to be due. Judgment, interest and attorney fees are asked.

### U. S. GOODS POPULAR

WASHINGTON.—The popularity of American goods in Norway is described in a report to the Department of Commerce by Trade Commissioner Nels A. Gensston, which says that American automobiles and trucks are so predominant that they give a distinct American touch to street traffic in many of the cities.

Shoes worn by some Chinese women are only five inches long.

### School Boys Quit City Court Hurriedly

"What are you boys doing here? Don't you belong in school? If you do you had better leave."

L. J. Hatcher, judge pro-tem, addressed these words to a group of boys who were seated in the court room this morning, listening to the proceedings. With one accord all of the youngsters excepting two departed hurriedly. The remaining two were a trifle more leisurely in their departure.

It is reported that the court is a favorite place for truants, since the weather has become somewhat severe for them to roam about the streets.

### Japanese Beet Topper Sues for Season's Pay

Seeking to recover \$247.20 alleged to be due for work of cultivating sugar beets, T. Suzuki has filed suit in the district court against S. Saunders. The plaintiff alleges that he entered an agreement with Saunders whereby he was to receive \$4 a ton for cultivating and topping ten acres of beets on Saunders' farm in Roy.

Suzuki complains that he has not received his money although he fulfilled his contract and the beets have been sold.

### Catarthal Deafness May Be Overcome

If you have Catarthal Deafness or are even just a little hard of hearing or have had noise go to your mind and get a noise of constant (loud) ringing, and when it is a part of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will act as a quick relief from the irritating noise, ringing, buzzing, and other such noises. It is easy to prepare, simple to use and is certain to take away the annoying hearing or noise. Has Catarthal Deafness or hard of hearing? This prescription will help.

### 3 Big Meals a Day But Still Thin

Why is it that so many people who eat three hearty meals a day are so thin and emaciated? It is not because they do not eat enough, but simply because they require more natural phosphate and iron in their system than food alone is able to supply. It is really remarkable what Blood-Iron Phosphate will do for such people; it strengthens their nerves and enriches their blood, puts the bloom of health into their cheeks and, best of all, it enables them to put on pounds of solid healthy flesh. When elderly people who have tried Blood-Iron Phosphate say it makes them feel from ten to twenty years younger and its benefit is as lasting as it is certain. As it is sold under a binding guarantee of satisfaction or money back, there can be no reason why you should not go to the leading drug store or any other drugist and see enough Blood-Iron Phosphate for a three weeks' test today and so gain that superb energy and that dominating forcefulness which is so hard to come by with success. It costs only \$1.50 if you are pleased—nothing if you aren't delighted.

First: It is sold at a moderate price. You save when you buy it.

Second: It has more than the ordinary leavening strength, therefore, you use less.

Third: There are no failures—it always makes the sweetest, most palatable of foods.

Fourth: It is used by millions of housewives—leading domestic science teachers and cooking experts.
