SHORT TRADES RAID OIL LIST

Confusion Marks Dealings in New York Stock Exchange

NEW YORK, Dec. 8.—The uncertain trend of prices at the outset of today's stock market session pointed to a continuance of the recent irregular movement. Willys-Overland preferred, yesterday's weakest feature, rallied a fraction, while Texas & Pacific Coal and Oil cancelled a part of its substantial gain. American Agricultural Chemical rose 1 1-8, but this was offset by a decline of the same extent in Interurban Agricultural.

American Woolen rose 1 point and Norfolk & Western 1 1-4, but Mexican Petroleum's initial advance of 1 point was almost immediately replaced by a 2 point reaction. Steels and equipments were hesitant mainly at slight recessions. Foreign exchange as represented by the London rate was firmer.

Increasing confusion marked the active dealings of the morning, rails, especially coalers moving forward while oils, motors, steels and various specialties became more reactionary. Norfolk & Western extended its gain 3 1-2 and the several Reading issues rose 1 to 2 similar gains being made by Pittsburg & West Virginia, Chesapeake & Ohio and Lehigh Valleye, as well as Southern Pacific and Union Pacific. Texas & Pacific Coal and Oil increased its setback 2 3-4 points, but Willys-Overland preferred extended early to 3. Food Products, on which dividend action is expected later in the day, fell five points and International Agricultural added to its early reversal. Heaviness became more general at noon. Call money opened at 7 per cent, and time rates also were unchanged.

Shorts raided the oils at midday, effecting losses of 3 to 7 points in that group. Stromberg Carburetor broke 5 1-4 points on the 50 per cent cut in the dividend and Bosch Magneto, Vanadium Steel, United States Steel, Corn Products and California Packing made declines of 2 to 4 points.

CHICAGO GRAIN.

CHICAGO, Dec. 8.—Rains in Argentina and news from Indianapolis about plans to finance exports gave considerable strength to the wheat market today, but a reaction soon took place. Selling in which houses with eastern connections were conscicuous proved soon to be more than a counter-balance for the bullish factors which had developed overnight. Bears contended that urgent foreign buying of wheat in the United States was nearing an end and was likely to be followed by re-selling. Initial quotations, which ranged from ¾ to 2¼c higher, December $1.71¾ to 1.72 and March $1.67¾ to 1.70, were succeeded by breaks to well below yesterday's finish.

In corn as well as in wheat there was persistent eastern selling. After opening unchanged to ⅝c higher, including May at 76⅝ to 77¼c, the market underwent a general sag.

Oats were governed chiefly by the action of other grains, starting ⅛c off to ⅛c higher.
