CO-EDS EXCEL MEN IN IDAHO UNIV. CLASSES

MOSCOW, Idaho, Dec. 10.—Co-eds at the University of Idaho here are substantially better students than the university's male undergraduates, according to statistics for the 1919-20 collegiate year, announced from the office of J. G. Eldridge, dean of the university faculty. The grades of all women averaged approximately 10 per cent better than those of men students.
Members of the senior class led the lower class groups in the matter of grades achieved, with the freshmen last. Students in colleges and science made the highest average among the several colleges of the university, their grades running well above those of undergraduates in technical courses.
Students belonging to Greek letter organizations outranked by a narrow margin those not affiliated with fraternities or sororities.

STUDENTS EARN WAY.
HELENA, Mont., Dec. 10.—Reports to the office of the chancellor here, Dr. E. C. Elliott, show that 188 students at Montana state university at Missoula, a large percentage of the enrollment, are earning their way through school. In addition figures compiled show 158 pay their expenses by working at odd jobs. Newspaper reporters, stenographers, clerks, musicians and many others appear on the lists.

BRIGHT TEAM PROSPECTS.
SPOKANE Wash., Dec. 10. —With four letter men back and several high-class prospects among the freshmen of Gonzaga university here, Coach Dorias hopes to build up a strong basketball organization for the coming season. Practice already begun. The letter men back for this year are Kearney, Murray, Busch and Benolken.

WHISKY GOES UP.
REGINA, Sask., Dec. 10.—Scotch whisky, as sold under the provisions of the Saskatchewan Temperance act, 1920, will cost the consumer two dollars for an eight-ounce bottle.
Wholesale prices have also been agreed upon and it is estimated druggists will sell on a margin of 50 per cent profit.

NEW LOWS SEEN ON WALL STREET

Practically All Divisions of Market Decline Under Pressure

NEW YORK, Dec. 10.—The short interest in the stock market continued to press its advantage at the opening of today's session, being aided by overnight developments of a bearish character. Rails were again the center of the initial selling at further declines ranging from large fractions to 1½ points in the Pacifics, grangers and coalers. Food, chemical and oil shares soon forfeited 1 to 2 points with shippings, motors and equipments. United States Steel made only a slight decline although forecasts of the November tonnage report issued today indicated a heavy reduction of unfilled orders.
Additional reversals of the morning resulted in new low records for Baldwin Locomotive, Corn Products and American Agricultural Chemical and also some of the specialties in textile, leather and unclassified divisions. An irregular recovery led by Mexican Petroleum, Texas & Pacific Coal and Crucible Steel failed to hold, prices soon falling back. Heaviness became more pronounced in the shipping, motor, food and railway shares. Among the latter Union Pacific, Canadian Pacific, Chicago & Northwestern preferred, St. Louis & San Francisco and New Haven eased 1 to almost 2 points. Mail order issues displayed renewed weakness, Sears-Roebuck losing 3½ points. Call money opened and renewed into next week at seven per cent.
United States Steel fell only a fraction on publication of the unfavorable tonnage statement, rallied easily and then reacted. Pressure against rails, especialy investment shares, became more effective, however. Great Northern, Northern Pacific, New York Central, Chesaneake & Ohio and junior issues showing losses of 2 to 4½ points.
