

WAR VETS GIVE BONUS REASONS

Senate Committee Hears Claims for Cash or Land Compensation

WASHINGTON, Dec. 17.—Former service men prefer direct cash payments from the government rather than educational, home or farm buying assistance, the senate finance committee was informed today by representatives of several organizations of world war veterans.

E. H. Gates, representing the Veterans of Foreign Wars, whose membership he said was between 600,000 and one million, declared that the "very great majority" desired cash and would be willing to take payments over a period of two or three years.

Marvin G. Sperry, president of the Private Soldiers and Sailors legion, said his organization opposed a measure which would convey into the treasury "the surplus war profits of corporations for the past six years."

He said the United States Steel corporation and the Standard Oil company of New Jersey, had "surplus war profits in their treasuries" which indicated that three billions could be secured from corporations in general.

WASHINGTON, Dec. 17.—The American legion will defend the tax plan in the house bill granting adjusted compensation to former servicemen, but it will not defend the measure in congress in making these claims, the senate finance committee was told Thursday by Gilbert Bettman, a member of the legion's executive committee.

Senator McCumber, North Dakota, acting chairman of the committee advanced the condition of the treasury as a reason for suggesting postponement of action until 1922 or 1923. He said treasury reports indicated a deficit of one and one-quarter billion dollars on January 1, two and a half billions on next June 30, and one and a half billion at the end of the next fiscal year.

ARGUMENTS OF VETERANS

"We all may be for a policy of retrenchment," said Mr. Bettman, "but we do not retrench when the men come back at an economic disadvantage."

Carl Calvin, national commander of the World War Veterans told the committee congress had provided the means for compensating the railroads and other industries taken over during the war and that the former soldiers felt they should have equal treatment.

Major Frederick W. Galbraith, Jr., of Cincinnati, national commander of the American legion, in presenting the claims, said congress should find the means of meeting these claims. Mr. Bettman expressed a similar view, saying it was not for the legion to advise when or how "the debtor" should pay.

DON'T WANT HOMESTEADS

Some of the senators did not agree with the legion spokesmen that large numbers of the soldiers would accept homesteads or other features of the bill in lieu of the cash bonus proposed as one of the alternate plans of compensation. Major Galbraith thought a campaign of education would reduce the number who now favored a cash payment by the government.

Major Galbraith sharply attacked the administration for the treatment of disabled service men. He said congress had been liberal with funds for this purpose but that the federal agencies charged with carrying out the work had not co-operated and functioned properly.

"SOON PROFTERS"

E. G. Woodside, of Pittsburg, commander of the Veterans of Foreign Wars, urged immediate passage of the house measure, declaring that all the men asked was a square deal. He proposed a substitute bill for vocational training and some form of government loans for homes. Sam Lovenheim, chairman of the Bank and File Veterans association, declared that all former soldiers opposed the pending measure; that all wanted a cash bonus and that they wanted it to come from "the war profiteers."

ROMANCE OF CIVIL WAR RECALLED BY BEQUESTS

SALEM, Mass., Dec. 17.—A romance of the civil war was recalled by two bequests of \$500 each to Clark How Edwards, St. Paul, Minn., and Jackson How of San Francisco, contained in the will of Miss Sarah M. Kelly's girlhood sweetheart, Major Henry Jackson How, who was killed in battle at Glendale, Va., June 30, 1862. Miss Kelly and Major How, for whom the local G. A. R. post is named were to have been married upon his return from the war. Upon learning of his death, she announced that she would never marry. Her death occurred last week.

EGG PRICES

SAN FRANCISCO, Dec. 17.—Eggs Thursday continued their downward course registering a total decline of thirteen cents in two days for the best grade, fresh extras. The San Francisco wholesale dairy produce exchange today quoted fresh extras at 70 1/2c per dozen.

ELEVEN DIE IN FILIPINO RIOTS

Constabulary Enlisted Men and Manila Police Clash in Small Battle

MANILA, P. I., Dec. 17.—(By the Associated Press)—The entire constabulary garrison here has been disarmed and placed under arrest, and complaints were being prepared today for the prosecution of seventy-eight participants in the riot Wednesday resulting in the deaths of four Americans and seven Filipinos.

The body of the American police captain, W. E. Wichmann, will be cremated and the ashes scattered on the ocean. Wichmann leaves a widow and seven children, the eldest eleven years of age.

Witnesses of the riot between the constabulary forces and the Filipino local police declare the shooting of Augustus Jacuman, an army field clerk, was the most shocking incident. He was shot in the back, indicating to the constabulary soldiers that he was not a policeman, but he was killed with two bullets through the head.

The riot was started by the constabulary forces seeking to wreak vengeance upon police for mistreatment Sunday upon the wife of a constabulary private, followed Tuesday by the shooting of a constabulary private by a policeman.

A committee of six members to investigate the riot was named by the legislature in session here.

MANILA, P. I., Dec. 17.—Eleven men, four Americans and seven Filipinos, were killed here Wednesday during the riot which raged in the city between enlisted men of the Filipino constabulary and the Manila police.

The American killed were Captain of Police W. E. Wichmann, Patrolman Albert H. Trege and John W. Driscoll, and Augustus Jacuman, field clerk of the United States army. Fifty shots were fired when forty constabulary men sought to avenge the shooting of a constabulary private by the Filipino police.

BATTLE SPREADS

The riot was a result of the shooting Tuesday night of a constabulary private by a policeman who attacked the Filipino policeman with a knife. The riot occurred at the Luneta police station just outside the walled city and then proceeded within the walled city, where a promiscuous firing between the police and constabulary men took place.

Police reserves with riot guns rushed to the walled city where hundreds of shots were exchanged. The Filipinos killed a patrol wagon driver and six bystanders. Four Filipinos were wounded.

There were no casualties among the constabulary forces.

The enlisted personnel of the constabulary force is composed entirely of Filipinos offered by Americans and Filipinos. The organization numbers 6,000 and is stationed in various provinces of the Philippines for police purposes.

CAUSE OF RIOTING

Rioting ceased when Brigadier General Rafael Crame appeared on the scene with Chief of Police Bopp.

"Every precaution has been taken to prevent a repetition of the affair," said General Crame. "The constabulary men surrendered without a murmur when I appeared with Chief Bopp."

Colonel Lucien R. Sweet, inspector general of the constabulary, declared that this latest trouble between the constabulary and the police resulted from the arrest Sunday of the wife of a constabulary private by the police.

"Her shooting was torn and the circumstances were such as to make any real man's blood boil," he said.

JAPS CRITICISE WILSON MESSAGE

America is Losing Sense of Justice and Humanity, Press Declares

SAN FRANCISCO, Dec. 17.—Criticism of President Wilson's last message to congress by the newspapers in Japan was made public here Thursday by the Japanese consulate.

According to the Japanese consulate advices, the Tokio Yorodzu of December 10, commented:

"President Wilson says Japan should espouse the cause of right and justice, but it is curious to note that America's attitude is becoming increasingly contrary to this principle. This has more and more led to loss of justice and humanity. The Japanese question is capable of immediate solution if these are respected."

The Tokio Nichi Nichi of December 10, commented:

"President Wilson does not say a single word regarding (the league of nations) in his congressional message. If he really believed that right makes might, why should he fail to urge in his message the necessity of joining the league and trying to dispel the misunderstandings entertained by Americans and the world generally? The present attitude of President Wilson is strange, to say the least."

PAYNE RAPS DESECRATION OF YELLOWSTONE PARK

BOSTON, Dec. 17.—John Barton Payne, secretary of the interior made two appeals in address Thursday for the preservation of the country's national parks from commercial exploitation. He urged defeat of the Smith bill, which has already passed the house, and the Walsh bill now pending in the senate, both of which measures he said mean the exploitation of the parks for private gain.

Concessions are being sought in Yellowstone park, the secretary asserted, which could not be granted without harm to the reservations and without refusing recognized public policy.

CAPITALIST NEAR END

DENVER, Colo., Dec. 17.—Crawford Hill, Denver financier who suffered a stroke of paralysis Wednesday, was still unconscious this morning. His physician reported no change in his condition. Little hope is held for his recovery.

More than 50 per cent of the foreign commerce of the United States is now being carried in American vessels.

UNIONS INSIST ON NEW RIGHTS

Gompers Defies Employers Who Seek to Destroy Organized Labor

NEW YORK, Dec. 16.—Samuel Gompers, president of the American Federation of Labor, in an address here Thursday accepted the challenge of employers, who he said, "seek to destroy unions," and to negative the principals established by unionism.

"American labor accepts the challenge of the employers and will not be driven back from its advantages," he declared. "Let those who are opposing our movement beware. Those who are working for our destruction, beware."

One of the first acts of the newly organized labor body was the adoption of resolutions calling upon President

Wilson and the state department to protest against the "British atrocities in Ireland," and also against the burning of buildings in Cork. Another resolution asked that Thomas Mooney, Warren K. Billings and James Larkin be released from imprisonment before Christmas.

FACTORIES CLOSED

BRIDGEPORT, Conn., Dec. 17.—Three factories here employing in all 5,500 persons are to be closed temporarily. The Remington Arms Union Metallic Cartridge company closed Thursday until after New Year's; the Singer company, sewing machine manufacturers, closed last night until January 15, and the Bassick company, metal workers, is closed until after New Year's.

WYOMING P. O. ROBBED

SHERIDAN, Wyo., Dec. 17.—Burglars entered the postoffice at Dietz, Wyo., a coal mining camp in Sheridan county, last night and opened all first class mail in the office. Sheriff Thomas announced Thursday. It is not known if any articles were stolen. A quantity of stamps was overlooked.

Magistrates in England in the sixteenth century could fix wages and hours of labor.

LIBERTY BONDS

will be accepted at their face value in trade for merchandise only. This will not apply to merchants who are receiving their discounts for quantity purchases.

BANDIT DIES IN CHICAGO BATTLE

Policeman Who Attempted to Halt Fleeing Robber Fatally Wounded

CHICAGO, Dec. 17.—One of the two hold-up men who attempted to rob the Home Drug company store on the busiest corner in Chicago was chased through street crowds and killed by police in a gun battle just before midnight Thursday.

Charles Conlon, policeman, who tried to head off the hold-up man was fatally wounded by the robber a moment before the latter was slain. The lookout of the bandit escaped in the crowds just emerging from the theatres along Randolph street.

Conlon died a short time later at a hospital. The dead robber was not identified.

Presence of mind of the girl cashier of the drug store, Mrs. Maud Lindhal, which is the corner store of Ashland across from the city hall, saved the money in the drug store till. When confronted by the bandit, she quickly locked the cash drawer and then held up her hands.

"Putting the keys to the drawer in her pocket, Miss Lindhal refused when the robber demanded that she open the till. When she refused he struck her in the face with one of his revolvers. The young woman did not waver and persisted in her refusal to act as an aid to the bandit.

Policemen, summoned by newspaper men from the press club of Chicago, over the drug store, surprised the bandit while he was holding up a number of customers. Firing as he ran, the robber started north on Clark street and encountered Conlon. Another officer ran up just as Conlon was shot and killed the robber. Only two of the dozen or more shots fired in the midst of the crowds found human targets. These killed Conlon and the robber.

Color blindness is more common among educated than among uneducated people.

DRIVER EXPLAINS FLIGHT AFTER TRAFFIC ACCIDENT

LOS ANGELES, Cal., Dec. 17.—Fear of federal prosecution, because he had a bottle of liquor in his automobile, caused Albert Aballo to drive away after he had run over a pedestrian. Instead of stopping to render aid as required by law. This was the defense he advanced at his hearing today on a charge that he had fled after striking a man who afterward died of his injuries. Aballo produced the bottle and contents in evidence.

FORMER SENATOR GIBSON, NORTHWEST PIONEER, DIES

GREAT FALLS, Mont., Dec. 17.—Former United States Senator Parli Gibson, founder of the city of Great Falls, died here last night, aged 90. He was elected to the United States senate in 1900 to fill a vacancy created by the resignation of W. A. Clark. Mr. Gibson, with William G. Eastman, established the first flour mill in Minneapolis, Minn.

U. S. GOVERNMENT ARMY, Navy and Commercial Goods SALE

Sale Will Continue Until the Entire Stocks Are Exhausted

Note these prices—less than original cost to the government. Come in and get your share of the values purchased with your Liberty bonds.

WE HAVE LED IN REDUCING THE HIGH COST OF LIVING

You can buy these goods at prices less than you paid in 1914. We are selling them for less than the U. S. Government paid for them. Remember, the Army and Navy bought nothing but the best. That is what you get from us—the best.
