LOOK FOR BUSY DAYS AT CAPITOL

Administration Measures Expected to Keep Law-makers Busy

SALT LAKE, Jan. 31.—Though Governor Mabey did not receive a single bill to sign during the past week, present indications point to busy days with the pen ahead with the expected passage of a number of administration measures.

Other bills, including the budget re-appointment and probably the \$25 per capita support of schools may be decided. Today is the twenty-second day of a sixty-day session. In the senate there have been presented fifty-one bills and six resolutions...

Twenty-nine measures pass. While the house has passed twenty-one bills and three resolutions, the senate has also passed three bills and two resolutions...

While the senate has not as yet ruthlessly slaughtered the child of any senator's brain, six senate measures have been killed or recommended for rejection...

The governor has signed two senate resolutions and the senate bill, the latter being the legislative appropriation measure. The house has also passed a bill...

One senate resolution is still in committee on printing, and of the fifty-one bills introduced, in addition to the one signed by the governor, the insignia bill, which has already received the signature of Governor Mabey...

Senator Peters has record. In point of the number of measures introduced Senator J. W. Peters holds the crown, easily in the senate so far this session...

Among the measures of which introduction has already been forecast is one by Senator Peters, giving the district primary to cities of the third class...

MINDOKA'S VALUATION

RUPERT, Idaho, Jan. 31.—Mindoka county has a valuation of \$14,812,425 in lands and buildings, according to figures given in the agricultural census made in 1919 and just published. The number of farms given at 1024. The average yield of hay is 3,711 tons, per acre.

The complexion which always attracts

She may not be beautiful, this girl who wins attention, and other women wonder what men see in her. Look again, and the compelling charm proves to be a smooth, fresh, flawless skin, radiant with the charm of health.

Such a complexion transforms even plain features and lends beauty to every type. It is an attraction every woman can achieve if she will learn to give her skin proper care.

Cleopatra's beauty secret

The means was discovered 3,000 years ago in ancient Egypt. The use of palm and olive oils as cosmetic cleansers was one of Cleopatra's beauty secrets. There is nothing known so good for skins as palm and olive oils. And these are blended in Palmolive soap.

Soap is essential

Nothing takes the place of soap. Use whatever else you will. But once a day, wash off the oil, dirt, perspiration and powder, which clog the pores. To do that you need soap. Not ordinary soap, harsh and irritating. That

is not for faces. Use a soap which is an emollient, which is smooth and balmy in effect. Such soap is made by modern science from blended palm and olive oils.

Before you sleep Use powder and rouge if you wish, but don't leave them on at night. Remove them with a soft, penetrating, cleansing lather.

Blackheads and pimples result from clogged pores. Wash your face nightly with mild, pure soothing Palmolive soap and protect yourself against skin troubles.

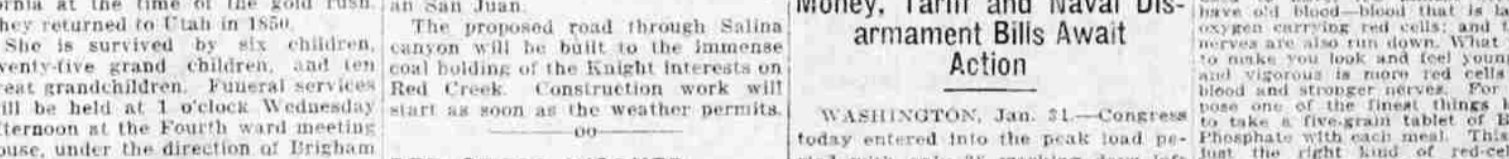

Millions of women keep their skins clean and healthy, smooth and fresh, by the use of Palmolive soap.

No higher price can buy a better skin soap. The supreme ingredients in a facial soap are palm and olive oils.

The Palmolive price is due to mammoth production. And to our policy—to bring the best within the reach of all.

The Palmolive Company, Milwaukee, U.S.A. The Palmolive Company of Canada, Limited, Toronto, Ont.

Volume and efficiency permit us to sell Palmolive for 10c

All men are soap users Women should note that all men wash with soap. Men's complexions, which average so fine, are due to simple cleanliness. They are not users of creams and cosmetics. That same lack of clean pores should be your basis too. This is the first requisite.

NATIVE OF CALIFORNIA DIES AT TREMONTON

BRIGHAM CITY, Jan. 31.—Mrs. Sarah C. Fuller, wife of E. K. Fuller, died last night at Tremontion. She was born in San Francisco, Nov. 7, 1848, the daughter of William and Jane Glover. Her parents came to Utah in 1847 and continued on to California at the time of the gold rush. She is survived by six children, twenty-five grand children, and ten great grandchildren. Funeral services will be held at 1 o'clock Wednesday afternoon at the Fourth ward meeting house, under the direction of Brigham Wright.

RUPERT, Idaho, Jan. 31.—As a result of the special fast day observed last Sunday, by the two wards of the L. D. S. church, the sum of \$42.56 will be added to the fund for the relief of starving children in Europe.

BUSY WEEK OF CONGRESS OPENS

Money, Tariff and Naval Disarmament Bills Await Action

WASHINGTON, Jan. 31.—Congress today entered into the peak load period with only 25 working days left and appropriation bills and legislation jammed up.

The final money bills, the army and navy supply measures, with the diplomatic and rivers and harbors appropriations are to come before the house this week, while the senate plans to take up the postoffice, and sundry civil measures. Republican leaders are beginning to be dubious of getting all through.

To hasten action on the appropriation bills, the Fordney emergency tariff bill is to be given what Republicans say will be its "last chance" in the senate this week.

Naval disarmament also is to come up prominently in the senate this week. The naval committee will take up Tuesday Senator Borah's resolution for an inquiry into the future value of dreadnoughts in naval programs. Immigration exclusion legislation is to be considered this week by the senate immigration committee.

Reapportionment of the house on the basis of the 1920 census will come before the senate census committee this week. In consideration of the house bill retaining the present house membership of 125.

Provision for more hospitals for disabled service men is expected to be made by the house this week through passage of a bill to establish additional hospitals. Final action regarding recommendations of sites for Pacific coast naval bases is planned today by the joint congressional committee.

You Can Have Young Blood

Makes Old Folk Young and Weak Folk Strong

If you look and feel old, weak and nervous and discouraged; if you are lacking in the vim, courage and energy that you used to have, it's almost certain you have old blood—blood that is lacking in oxygen carrying red cells; and that your nerves are also run down. What you need to make you look and feel young, strong and vigorous is more red cells in your blood and stronger nerves. For this purpose one of the finest things known is to take a five-grain tablet of Blood-Ton Phosphate with each meal. This supplies just the right kind of red-cell-making iron and nerve building phosphate to soon make you feel fine and strong. Go today to McIntyre Drug Co. or any other drugist and get enough Blood-Ton Phosphate for a three weeks' treatment. It costs only \$1.50—six a week—take it regularly, and you'll be simply amazed at the results. Try it and see. Your money back if you want it.—Advertisement.
