NO. 15

Engineer Makes Report On Paving Cost

Blocks Main Street Paving, Curbing and Guttering Amounts to \$13,307.—Abutting Property Owners Proportion \$10,680, City's Share \$2,627.—Council Authorizes Temporary Use of Sinking Funds To Pay for Improvement.

The engineer's report on the cost of Main Street improvement and the plans of paying the contractors for work consumed the greater part of the regular November Council meeting Tuesday evening. The Mayor, Councilmen and Attorney were all present.

The report of Engineer Huddleston, Salt Lake, who has had charge of the work, was heard and accepted. The cost of the improvement, given, totaled \$13,307. Of this the city's proportion was figured at \$2,627 and nearly \$300 for extra engineering work. And the property owners' proportion totaled \$10,680.

Since the contract accepted on the work called for payment at the time of completion the Council proposed to use the sinking funds of the Water and Contingent Fund temporarily, that is, until the amounts can be collected from the property owners. A majority of these said owners had promised to pay cash for the improvement but, until the report of the engineer, their various assessments had not been made. This necessitated the use of the sinking funds.

As a conclusion to their discussion on the matter a resolution passed, instructing the treasurer to transfer the Water Sinking and Contingent Sinking Funds temporarily to a new fund, to be known as Paving District No. 3; second, to pay the cost of the street from this newly created fund; third, to replace to the aforesaid sinking funds the money as fast as it comes into the Paving District No. 3 fund. The Recorder was then authorized to draw a warrant on the treasurer for the amount of the paving contract, \$13,307.

Attorney Gardner pointed out that it would be necessary to pass an amendment to the ordinance before the city could sell warrants for any improvement such as cement roads, sidewalks, etc., and duly presented such amendments, which were read and passed. This ordinance will be found on pages three and five of this issue of the Sun.

Other business disposed of included the matter of street lights on the James-Manning-Trinnaman street in the Third Ward. A willingness to put up two street lights was expressed by the Council if the power people put a line there.

The matter of keeping paper and other refuse off the main streets was brought up. The printing committee was authorized to have cards printed and placed about the business districts, calling the public's attention to the necessity of not throwing things on the streets. If this fails to check the practice then city officers will take stringent measures to enforce the ordinance covering this matter, it was determined.

The flooding of streets and property by water from flowing wells was up for discussion. It was pointed out

that with so much moisture around as we now have flowing wells in various parts of town were causing the flooding of streets and other property. The Council ordered the city well closed and asks that citizens co-operate in alleviating the trouble by plugging their wells or shutting them down to as small a stream as possible.

The usual amount of bills were ordered paid and the meeting adjourned to Saturday, November 13th.

RED CROSS ASSISTS DISABLED VETERANS

The American Red Cross is carrying on a wide program of service for the disabled World War veterans receiving treatment in United States Public Health hospitals, and those being trained through agencies of the Federal Board for Vocational Education.

In each of the Public Health Service hospitals Red Cross workers devote their time to the general welfare of the service men from the day they enter the receiving ward until they are discharged. After the soldier's discharge the Red Cross continues its friendly service through the Home Service Section in his own community. The Red Cross maintains a convalescent house at all of the hospitals, where patients can amuse themselves after they are well enough to be up and around. Parties and picture shows in the wards are also furnished, with occasional excursions when convalescence comes.

Great service has been rendered by the Red Cross in mental cases in identifying those who have appeared in state hospitals for the insane, and helping them secure compensation due from the Bureau of War Risk Insurance.

In the Federal Board's various district offices the Red Cross worker, acting with the Home Service Section, makes necessary loans to the men, arranges suitable living conditions, helps collect evidence and supply facts to the Board, assists in "appealing cases" and settles various personal difficulties for the men. The workers also follow up and aid all men who discontinue training.

The Red Cross agents find men "lost" to the Board, help clear up delayed cases and aid the college counselors in their friendly work with the men. Many Red Cross chapters have set up recreation facilities, and in some instances living clubs, so these victims of war may have attractive surroundings and the fun which must go with effective school work.

To the American Red Cross Institute for the Blind near Baltimore, Md., more than half of all the Americans blinded in the World War have come for training. The Institute, through the Red Cross, long ago conducted an exhaustive industrial survey to determine the vocations for which blind men could be fitted. As a result it is putting forth well trained men equipped to meet the social, civic and economic requirements of their respective communities.

Where the Rub Comes.
It is frequently easier to count the cost than it is to pay it.—Boston Transcript.

PLAY GROUND APPARATUS PUT UP

A marked difference in the spirit with which the school children here prepare and get to school has been noticed by parents and teachers during the past week. All students from the First to Seventh and Eight grades lose no time in getting to school but are invariably late in getting home.

The reason for this change is the new play ground apparatus installed on the school ground during the week-end. Equipment costing between \$1,000 and \$1,100 has been received and put up for use of the students. Included in the lot are: Giant Stride, Teter-totters, Swings, Ladder and Shoot-the-shoots. The cost of the new apparatus was born by the school district and Lehi citizens on a fifty-fifty basis.

FREDERICK HARRISON FUNERAL SUNDAY

The body of Frederick S. Harrison, son of Mrs. E. L. Creighton, arrived last evening and funeral services are being arranged for Sunday afternoon at 2 p. m. in the High School Auditorium.

The local American Legion will conduct the services and they with the Lehi Service Star Legion will attend in a body.

The body of Mr. Harrison, who died in France while a member of the U. S. army, was expected a week ago but a delay held it up from leaving New York until last Sunday.

Down! Down!!

We are crowding prices DOWN every day. We are in business to get your business, by giving you the most for your money. For example we are now selling:

Sugar, per sack.....\$13.20
10 Pounds for.....\$1.45
Corn, per can......15
Peas, per can......15
Best Cheese per pound......35

SHOES

We give you a reduction of 50c to \$1.50 on every pair.

SPECIAL SALE PRICES ON ALL UNDERWEAR

Children's, Ladies, Boys' & Men's. You can be safe by shopping at

Broadbent & Son's Store

For example we are now selling:
50c Hope Bleach for.....20c yd.
45c Percales, 1 yard wide.....25c yd.
50c and 45c Gingham.....35c yd.
Best Amoskeg Apron
Ginghams.....20c yd.

50s to \$1.50 off on every pair shoes.
Ladies' good black hose.....25c
Men's good socks.....25c
Compare these prices with what you have been paying and then remember you can get them at

BROADBENTS STORE
P. S.—Just in new raisins and currants; and \$1.50 value brooms for 98c.

THAT THE PEOPLE OF LEHI MAY KNOW

During the past week there has appeared around our city an advertisement for a dance to be given Thursday, November eleventh, in the Smuin Dancing Academy. In as much as The Lehi Post No. 19 Of The American Legion gave a dance on this date one year ago and at that time decided to make this date their annual day of celebration, the public at large have taken it for granted that the ex-service men are taking charge of the day and the dance in the evening.

This however is not true, and we, the members of the Post No. 19 American Legion, wish to inform the public that this date was taken from us after we had spoken for it and had not yet completed arrangements with the management. We also wish to call the attention of all ex-service men to the fact if they have been out of the service more than sixty days they are not allowed to appear in uniform and if they do so they are putting themselves liable.

It is our duty to honor the uniform as American citizen to obey the law. Taking all things into consideration we are compelled to encourage and insist that where possible all ex-service men stand back of your comrades and celebrate November eleventh with the Legion either in Salt Lake City, Provo, or American Fork.

The dance at Lehi is absolutely nothing to do with the ex-service men in any way, and once more let us warn you not to appear in the uniform of a U. S. soldier lest it get you into serious trouble. Back the ex-service men at any and all times.

THE LEHI POST NO. 19 OF THE AMERICAN LEGION.

William Peterson, who was operated upon last week for appendicitis, is recovering rapidly and will be able to leave the hospital by the end of the week.

Room for a Rumer.

Republican Ratification Proves Big Success

In spite of pouring rain the Utah County Republican Barbecue and Ratification here Saturday evening, in honor of the election victory, was a big success. Hundreds of Utah County and local people braved the storm and enjoyed a pleasant time feasting and dancing.

Governor-Elect and Mrs. C. R. Mabey and several victorious Utah County candidates were present and

MAIN STREET PAVING COMPLETE

Lehi can now boast of an up-to-date Main Street as far as the street itself is concerned. The completion of the cementing of the street and the curbing and guttering, which was completed last week, puts the street on a par with any in this section. It can now be pointed to with pride by all citizens as it presents a very pleasing appearance and is wide enough for parking on both sides and for traffic going both ways.

The work is a credit to the City officers, especially to Councilman Cotter, who had charge of the overseeing of it and, also, to the contractors, who put it in. All who see the improvement complement the city on the work. The street will be opened for use about November 16th.

MOTHERS CLUB MEETING

The Lehi Mothers Club will meet at the club room in the New West School House Friday afternoon, November 12 at 3:30 o'clock. The following program will be given:

Devotional—Mrs. Blanche Evans.
Parlamentary Law—Mrs. Ione Gilchrist.
Constitution of the U. S. Article VIII—Mrs. Ione Holmstead.
Story of Ruth—Mrs. Marion Dorton.
Discussion of District Federation—Mrs. Florence Cotter.

Joined in the celebration. The Governor-Elect was introduced to the crowd and responded with short remarks at the dance hall.

Because of the rain the roasted beef, which it had been planned to serve out-of-doors, was carried into the hall of the Grammar school building where tables were arranged for the serving of it. The crowd, near 400 in number, filled the halls and stairways where they were entertained by band music by the Lehi band. All ate to their hearts content of barbecued beef sandwiches and then went to the dancing academy across the street. Here punch and cake was served all evening. Everything was free and in plenty and everyone enjoyed the evening from start to finish.

Had the storm not interfered there would have been over a thousand persons present but, as it was the dancing academy was well filled.

W. C. BRIGTON MARRIED YESTERDAY

W. C. Brighton, manager of the J. M. Kirkham farm, formerly of Salt Lake City, was married in the Salt Lake Temple yesterday to Miss Edna Hintze, also of Salt Lake. The couple were church workers in the Holiday ward where Mr. Brighton acted as assistant superintendent of the Sunday school. They will make their home on the Kirkham farm.

D. J. Thurman is home again and is improving. High blood pressure resulted in a rupture of a blood vessel of the eye which was thought at first was going to cause the loss of his sight. However, he is improving and the eye seems to be clearing. It is now hoped he will recover his full sight again.
