## Alpine Stake Celebrating Twentieth Anniversary

Session in Honor of Founding in Progress Today.—Stake Presidency Meets in Honor.

The people of Alpine Stake are to-day celebrating in honor of the founding the stake twenty years ago. The celebration is in the shape of a reunion and is largely attended as businesses in all of the wards are entirely closed or working only a small part of their help this afternoon. Heads of the various organizations have had the planning and preparatory work in hand and are in charge of the program of the day.

The program as outlined is as follows: Services held in the Stake Tabernacle, beginning at 2 p. m. Musical numbers will be rendered and an historical narrative of the progress of the stake will be given. Short speeches and reminiscences appropriate to the occasion, are prepared.

The evening a special program will be given under the direction of the Stake musical committee. Many original and features are prepared for this program.

Following the program all will be entertained in the Amusement Hall, under the direction of Coach Eugene Harts of the B. Y. U. and a special committee from our stake.

The program will consist of social games, dancing, games, etc. Refreshments will be served.

One of the largest attendances ever to the stake is expected to join the reunion. All members of the stake have been invited and all persons out of the stake, who ever to stake office, have been sent notices. Church officials of Salt Lake are invited. Among those who stand is President Heber J. Grant who suggest the name "Alpine" for the three stakes were made in Utah in 1900.

Three stakes have been so highly favored as the Alpine Stake in having the Presidency, who have served out change in their organization twenty years. The progress made in their direction merits the honor and respect of every individual in this stake and it is very fitting for all people to meet together and celebrate the occasion.

The original corpse of officers selected at the time of the organizing of the Stake are:

Stephen L. Chipman, Stake President.

James H. Clarke, First Counselor.

John Evans, Second Counselor.

High Council: Warren B. Smith, W. W. Hunter, Milan Anderson, W. W. Hunter, Milan Anderson, James T. Thorne, Stephen Chipman, Thomas A. Shelley, John Hindley, John E. Buckwalter, Ed. Dell, James Kirkham, A. D. Star.

Ward High Council: Louis P. Hart, William A. Moffett, Don C.

Strong, George H. Webb, Heber Austin, Samuel I. Goodwin.

Patriarch—Henry Moyle.

High Priests Quorum: Wm. M. Bromely, President; Geo. Cunningham first counselor; Andrew R. Anderson, second counselor.

Stake Clerk, Charles G. Peterson.

Relief Society, Jemima B. Durrant, President; Annie C. Hindley, 1st counselor; Harriet Jacobs, 2nd counselor.

Sunday School, Leonard S. Harrington, superintendent; Jos. J. Jackson, 1st assistant; Jas. L. Brown, 2nd assistant.

Y. M. M. I. A., Geo. N. Child, Jas. C. Wagstaff, John Y. Smith.

Y. M. M. I. A., Lydia B. Lund, President; Cordella P. Thorne, first assistant; Elias Chipman, 2nd assistant.

Primary, Mary E. Whitby, President; Celestia Nash, 1st assistant; Gusie May Baker, 2nd assistant.

Religion Class, Wm. E. Robinson, supt. Howard R. Driggs, 1st assistant; Jesse W. Johnson, 2nd assistant.

### FARMERS TO DISCUSS PROBLEMS NEXT WEEK

Fifteen prominent National, State and County Farm Bureau officials will come to Utah County next Monday and Tuesday. They will hold meetings in every town in the county and on Monday night there will be a big reunion and dance at the Armory in Provo to which all the farmers and their wives will be invited. D. D. McKay, state president, and B. G. Burino, national organizer, and County Farm Bureau presidents from Cache, Sanpete, Millard, Box Elder and Carbon Counties will be present. Talks of special interest to the farmers will be given. Never before was there such a crisis in the farming business. There is a nationwide movement among the farmers to take steps to get a "square deal" and these meetings next week are a part of this movement.

The Lehi meeting will be held Tuesday at 10 o'clock a. m. in the High School auditorium (Tabernacle), and the farmers are not only asked to come but to bring their wives also. Mrs. Fred Merrill and Mrs. T. F. Kirkham, who attended the State Housekeeper's Conference at Logan last week, will also be in attendance and give valuable information to the ladies. There will be good music including selections from the juvenile school band.

**Indian Textile Workers.**  
In North America alone there are four distinct types of spinning to be found and some half a dozen types of weaving in use by the Indian textile workers. Also they have most interesting devices for warping, for shredding, for pattern-making, etc. In addition, countless secrets for dyeing.

## Russon Garage Broken Into Tuesday Night

Car, Tires, Tubes, Tools and Accessories Taken.—Car Located in Ditch Badly Damaged At Draper Yesterday.

Some time during Tuesday night a thief, or thieves, broke a rear window of the Russon Garage on State Street, reached in and unbolted the door and then loaded up a Studebaker car, that was there for repairs, with tires, tubes, tools and accessories and left through another rear door. The loss was not discovered until yesterday when officers of all neighboring towns were notified. About 4 p. m. word was received that a car answering the description was wrecked near Draper and the local Marshal and Garage owner left to identify it.

From all indications the burglars knew the conditions of the garage as they easily gained entrance and took their time in selecting from the garage stock. One of the small windows next to the door, at the rear of the building, was broken and the bolt, fastening the door, removed by reaching through. This door and the big double doors at the rear were found open yesterday morning.

On gaining entrance the visitors took plenty of time to go through the stock. As near as could be determined by Manager Kearney, two 33 by 4 U. S. Cord tires; three 30 by 3 1/2, two 30 by 3, and one 28 by 3 fabric Goodyear tires; one Brunswick 32 by 3 1/2; one Racine cord, 32 by 3 1/2; six various size tubes, twelve spark plugs, lamp globes, spoke wrenches, etc. were taken. They had tried to start Mr. Kearney's car but on failing loaded the plunder into a Studebaker belonging to Charlie Helquist, which was in the garage. They left by the rear door. From the track and a broken fence post at the rear of the garage they had trouble in getting out. It appeared that they were stuck for a time.

No one in the locality heard any noise. The only thing noticed by neighbors was a light in the garage near 10 p. m. The proprietor had closed near 7 o'clock so the entrance must have been made about 10 o'clock.

Late yesterday a telephone from the sheriff's office at Salt Lake told of a car in the ditch at Draper. Mr. Kearney and Charlie and Maurice Helquist went up immediately upon learning of the word from Salt Lake to view the wreck and get what information and plunder remained in the car.

### SPECIAL FAST MEETING, JANUARY 23

It is hereby directed that in all the stakes and wards of the Church of Jesus Christ of Latter-day Saints to which this notice shall come, a Special Fast Meeting be held on Sunday, January 23, on which occasion collections will be made and contributions received for the "Near East" Relief Fund which is dealing with the distress prevailing in Armenia and in other oppressed sections of Asia, and also for the European Relief Council which is planning to provide food for three-and-a-half million hungry children in Mid-Europe.

Bishops are requested to invoke the services of their ward teachers and all other available agencies in making

insure a thorough canvass of their wards, between now and the date named, in order that every family shall be invited and encouraged to contribute the equivalent of at least the two meals contemplated by the fast, for the feeding of those who are confronted by long months of semi-starvation. We should like to know that every man, woman and child in all our communities had done this much in responding to this most piteous appeal to their humanity; while of course those who feel so inclined may contribute as much more as they choose.

The condition of those millions of under-nourished little ones in Europe, as described by those who have visited the countries of central and southeastern Europe, is tragic in the extreme. Whatever may have been the causes of the present woe, the children are not responsible. They must not be allowed to perish, if an outstretched hand offering sustenance and nourishment can save them. Let every parent in our land of peace and plenty—and let every child also—bestow a sympathetic thought upon a situation of such suffering as happily they have never known—and the response, we feel sure, will be spontaneous and liberal. It is an extraordinary emergency, calling for unusual measures, and must be met promptly. As followers of the Master who drew the little children to Him and blessed them, our immediate duty is to see that no hungry child cries in vain for bread.

HEBER J. GRANT,  
ANTHON H. LUND,  
CHARLES W. PENROSE,  
First Presidency.

### OLD FOLKS BENEFIT DANCE BIG SUCCESS

The Old Folks Benefit Dance, given Tuesday evening in Smuln's Academy for the purpose of raising funds to defray expenses of the Mid-Winter dinner to be given Lehi Old People, was more than a success.

A very large crowd was out and all had a splendid time from all appearances during the evening. Confetti was sold adding to the fun.

The committee in charge is to be congratulated for the spirit with which they planned and "put over" the affair. And those buying tickets are also due thanks for their help.

### LEHI HIGH SCHOOL LOSES TWO OF THREE GAMES

The local high school basketball quintet lost two of the three games played on their trip to the southern part of the state last week. Richfield and Monroe trimmed the local boys while Salina was beaten by them.

New floors and delayed arrivals are said to have handicapped the lineup. On one occasion they arrived in the town only forty-five minutes before the game.

The school and town fans are on edge for the opening of the Alpine League which commences this week. Lehi goes to Provo Friday.

And Not Be Blue.  
When you know a man to be yellow it is just as well to draw the color line.—Cartoons Magazine.

### LEHI FACTORY TO FINISH THIS WEEK

Beet Cutting Completed Yesterday.—Successful Run Has Been Made.

The Lehi sugar factory will complete their 1920-1921 run this week. The run, from a standpoint of amount of beets cut and sugar obtained, is second to only one year. The record was made last year when the mill cut about two weeks longer than this year.

The entire run has been exceptionally steady and only a few minor troubles and accidents have been experienced. Beets from this county,

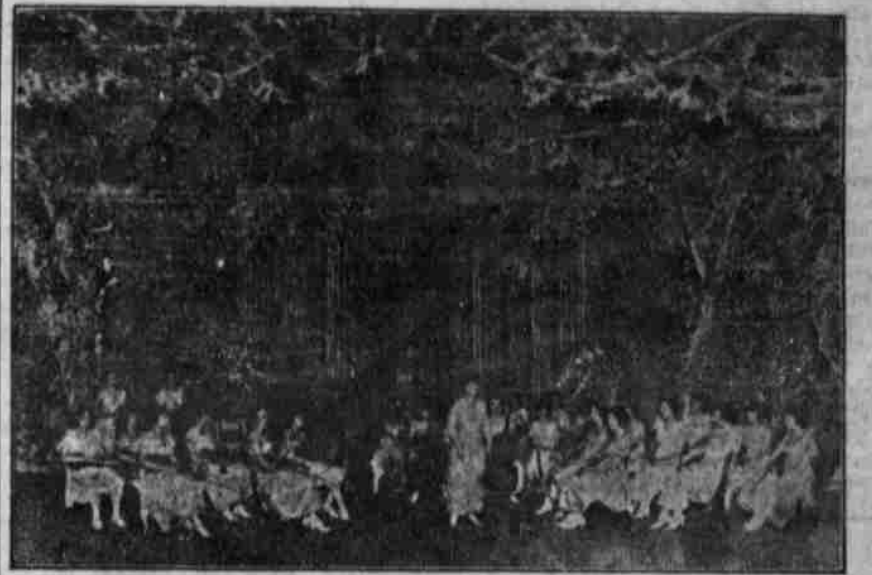

Wasatch and Salt Lake counties has been converted into sugar by the factory.

Cutting of the beets commenced October 7th and continued until 5 a. m. yesterday. The final work of the campaign will be finished by Saturday, it is reported.

### Point for the Dog.

Do animals think? asks a scientist. Well, a dog turns around three or four times before lying down to go to sleep, while a man, without giving the matter any thought, lies down, goes to sleep and then turns over several times, waking himself each time.—Louisville Courier-Journal.

## Coming—Monday, Jan. 31

LADIES' COLUMBIA SYMPHONY ORCHESTRA  
Consisting of thirty-two artists, all ladies.  
An evening of melody.

DOROTHY VOLKEY  
Famous Dancer, with Ladies' Columbia Symphony Orchestra
