

LOAD OF LITIGATION SWAMPS THE COURTS.

District Court, Even With Four Judges, Is Submerged Under a Mass of Legal Business That Is Piling Higher Each Day.

Understanding that there are now 250 cases in the Third Judicial District, the pressure of business is so great that it is impossible for them to do the cases and figures reported by the County Clerk's office show that there are 262 cases behind in the courts to be tried in 1904. All four courts are working almost continuously and are working hard to keep up with the litigants, who are constantly coming to them for a settlement of their cases. A few figures from the office will suffice to show the extent of the work which is piling up.

THE JUDGES ARE RUSHED. The above statistics show that the judges are unable to attend to the enormous amount of business and the figures for the first month of the year 1904 show that they will be still farther behind than ever by next year. During the month just closing a total of seventy-three complaints have been filed in the District court, which is an increase of four cases over the corresponding month of 1903. Of the seventy-three cases filed this month fourteen were actions for divorce and seven were charity cases. The past month has been a good one in the matrimonial line, 122 marriages having been issued by the County Clerk.

Wages alleged to be due the plaintiff for services rendered the defendant as the operator of a well-borer. The docket for the February term of the Supreme court has been prepared, and printed copies are now ready for distribution. The calendar shows twenty-six cases to be heard, which are set for from February 5th to 15th, inclusive.

IN THE FEDERAL COURT YESTERDAY A petition in bankruptcy was filed by Samuel W. Potts. His assets were given at \$24,000 and his liabilities at \$15,000. In the absence of Judge Marshall the matter was adjudicated by Judge Baldwin, referee in bankruptcy. The case of Sarah L. Nash against Albert H. Nash was set for trial in the District court on Friday, February 19th, by Judge Morse yesterday. The case is one in which the plaintiff sues for separate maintenance, and the defendant, in a cross-complaint, for decree of divorce. It is expected that testimony of a sensational character will be given at the trial of the cause.

LAWRENCE C. JENSEN pleaded guilty to the crime of adultery in the District court yesterday, and was sentenced by Judge Morse to six months in the State prison at hard labor. After entering his plea to the information against him, Jensen waited time for passing sentence, and the above penalty was imposed. The crime for which he will serve was committed in this city on December 9, 1903. Mrs. Annie Morris is named as the co-respondent.

THE CASES AGAINST CHAS. LEONARD and Ruby Howe, charged with fornication, were dismissed by Judge Morse in the District court yesterday. District Attorney Elchorn stated that no information had been filed in the cases on the ground that the evidence against the defendants was insufficient in either case, and moved that the defendants be discharged and their bondsmen released. Both of the defendants were bound over to the District court on the charge of fornication. It being alleged that they had carnal knowledge of each other on January 4, 1904.

PRECEDENCE IN ENGLAND. I knew a young American girl, who, going to England under the care of an Ambassador's family, and attending her own large dinner party, and, in the room where she was selected, as the guest in the room who most interested her, one man of distinguished aspect, whom she resolved to watch. When the guests were ushered into the dining-hall according to the usual precedences of the British court, she found herself at the head of the brilliant procession, as one of two untitled plebeians in the room, assigned to the escort of the very man who had interested her, and who turned out to be Samuel Rogers, the poet and patriot of England, the recognized head of literary society in England. She always said that she secured two things at that entertainment, namely, the most delightful companion that she ever had at a dinner party, and, as one of the richest bankers in London, and was very possibly the only person in the room who had won for himself a reputation outside of his own little island; but he was next to nobody in that country, and the little American girl was nobody—Thomas Wentworth Higginson in the Atlantic.

THE TWENTIETH CENTURY AMERICAN stained glass maker follows without important variation the simple mode of the French monk of eight centuries ago. The first requisite is the design. The artist makes a small water-color sketch, accompanying it with detailed studies. From this two large drawings or "cartoons" are made, one of which is the color and the other a black and white drawing. The latter is placed on both sides of the lead, which leaves between the two a narrow section like the letter H, which forms the framework to bind the pieces of glass together. Another drawing gives the size and shape of each piece of glass. This cartoon is cut into its component pieces by a pair of (triple) or (double) leaded glass cutters, which leave the leaded glass in a shape sufficient for the leads. These cut-out patterns are put together again on a large glass easel, and the spaces between are blacked in, to give the effect of the leads. The easel is then placed against a window, and the light can stream through it. The artist or his substitute replaces each paper pattern on the easel by a piece of glass of the color and shape of the pattern. When all the pieces have been cut, they are transferred to the "leading" drawing, the flexible leads are twisted into shape and soldered at the joints, and a special cement applied to make the whole water-tight. The window is now complete, and ready to be put in position, where it is made secure by copper wires fastened to the transverse bars of iron. Bookkeepers Magazine.

COURT NOTES. Curtis, arrested Friday on a charge, appeared in the city court yesterday, pleaded not guilty. It was a mistake, however, to call him a witness to establish innocence. The man testified that he knows nothing of his wife's whereabouts for the past year except that she was in the city. She was finally sentenced to a fine of \$500.

COURT NOTES. Lewis yesterday made an order for one week all law and equity now pending in his district court.

COURT NOTES. Lewis yesterday rendered judgment in the case of J. B. Jensen and G. S. Sures for the Acme machinery company, for the sum of \$100,000. The suit was brought against the company by Lewis yesterday.

COURT NOTES. Lewis yesterday rendered judgment in the case of J. B. Jensen and G. S. Sures for the Acme machinery company, for the sum of \$100,000. The suit was brought against the company by Lewis yesterday.

COURT NOTES. Lewis yesterday rendered judgment in the case of J. B. Jensen and G. S. Sures for the Acme machinery company, for the sum of \$100,000. The suit was brought against the company by Lewis yesterday.

COURT NOTES. Lewis yesterday rendered judgment in the case of J. B. Jensen and G. S. Sures for the Acme machinery company, for the sum of \$100,000. The suit was brought against the company by Lewis yesterday.

MAYOR'S BODY GUARD HAS PECK OF TROUBLE.

If any person believes a Mayor's secretary doesn't have his troubles, just let him ask Lou Johnson about the matter and the belief will be dispelled. It was about 4:30 yesterday afternoon when Mr. Johnson was seen standing at the door of the Mayor's office fumbling in his pockets for a key. The door was locked and the key was on the inside.

One of the arduous duties of a Mayor's secretary in Salt Lake is to take a stand in the outer room and, Corbett-like, guard the door of the inner sanctum where the hosts that call daily to see the Mayor are admitted in their turn, one at a time. The secretary has numerous answers to make to all sorts of queries, some of which puzzle him now and then, and he takes off his coat to the task. Consequently he was locked out yesterday in his shirt sleeves. He had stepped out only for an instant, leaving his coat and hat behind. The Mayor had left some time before and, presumably, slipped the catch on the door.

HAVE FAITH IN UTAH OIL. BREAD WINNERS AT HOME.

COMPANY WITH \$50,000 CAPITAL TO OPERATE IN UTAH COUNTY. FEDERATION OF LABOR AND AFFILIATED ORGANIZATIONS IN NEW BUILDING.

The Kyune Oil company has filed its articles of incorporation with the Secretary of State. The company is incorporated for \$50,000, and holds 250 acres of land in Utah county on the west side and at the base of what is known as the reservation ridge, from three to five miles from Kyune switch on the main line of the Rio Grande Western railway. The land of the Kyune Oil company is covered with oil sand and oil shale, from which experiments show that a good quality of oil can be distilled in paying quantities. There are also some twenty or twenty-five seeps or springs of natural oil on the land, one of which, known as the "tar spring," produces in a natural flow quite a quantity of oil each year. The ground has been pronounced by experts to be similar in many respects to the famous Beaumont field in Texas, and is looked upon as the site of the next important development of the oil fields of Utah. The stock of the company is all subscribed, and it is proposed to operate upon an extensive scale. The following are the officers of the company: George L. Nye, president; W. H. Hendrickson, vice-president; J. H. Franklin, treasurer; W. H. Tawney, secretary.

THE HEADQUARTERS OF THE Federation of Labor was moved yesterday from the building on the northeast corner of West Temple and Second South streets to the new building at Fourth South and State streets. The new building was erected for the benefit of the federation and designed especially for its convenience. The thirty or more labor organizations which comprise the federation will hereafter hold their meetings at the new headquarters. The entire second and third floors have been reserved and will be occupied by the federation.

ON THE 22ND OF FEBRUARY A house-warming will be given in the new building, and the members and friends of the organizations will be entertained. It was intended to celebrate the opening sooner, but a delay in completing the new building caused it to be postponed.

WHY CHIX ARE HIGHER.

Unmitigated nerve and thorough disdain for the uniform of a police officer characterized the operations of a thief who robbed the poultry yard of Patrolman John D. Brown, 254 South Fourth West street, some time Friday night. Twenty-five chickens were stolen in the raid, involving a loss of \$50 to the officer.

THE ROBBERY IS SUPPOSED TO HAVE occurred between midnight and morning. The chickens were kept in a house built especially for that purpose, in the rear of the residence. They were secure in their quarters when Officer Brown reached home at midnight. No clue was left by the thief which will likely result in his capture.

A NUMBER OF OTHER PEOPLE in that vicinity have been visited by chicken-thieves during the week. Several small robberies have been reported at headquarters, where Officer Brown reported his loss.

MEETING OF EDUCATORS. State Board of Education Holds an Important Session and Discusses Various Topics of Interest.

A meeting of the State Board of Education was held in the office of State Superintendent Nelson yesterday forenoon for the purpose of issuing certificates and diplomas and discussing the educational exhibit to be made by this State at the St. Louis World's fair. In regard to the exhibition to be made at the exposition it was decided that the Board meet with the St. Louis Exposition commission next Thursday afternoon and consider the question fully. Certificates and diplomas were awarded to the following: State certificate, Miss Etta Powers, Salt Lake City; temporary high school certificate, L. E. Eggensten, Springville; high school diploma, A. M. Merrill, St. George and L. A. Ostien, Logan; grammar grade certificate, J. H. Coombs, Salt Lake City; grammar grade diploma, William Rawlins, Provo.

RULE DAY IN FEDERAL COURT. The following list of cases are subject to call in the Federal court on Monday next, February 1st, that being Rule day: In re Circuit court; U. S. A. vs. Knight; Evans Snider Buel Co. vs. Associated Wood Growers; Cal. M. Co. vs. Travelers Ins. Co.; Provo City vs. Telluride P. & T. Co.; Stevens vs. McChrystal; McFarlane vs. S. P. Co.; Fairbanks vs. Colton Wax and Oil Co.; Thorpe Estate vs. U. P. Coal Co.; Toltec Ranch Co. vs. Utah Sugar Co.; Keen vs. Nipper; Clement vs. De Lamar; Farnsworth vs. U. P. Coal Co.; Toltec Ranch Co. vs. C. P. Ry. Co.; U. S. A. vs. Meighn et al.; In re District court; Wood Grocer Co. vs. Matson; McKay vs. Ferrin; Anderson Mer. Co. vs. Peterson; In re Frobenius; In re Connell; In re Huddleston; S. L. Saddlery vs. Bleak; Miller vs. Klenke; In re Sherman; In re Cook; In re Pope & Anderson.

WE HAVE MOVED TO No. 12 West Third South. We will be glad to meet our old friends and customers in our new location. On account of cheap rent we will be able to give our patrons the benefit of same, and will sell good goods cheaper than ever. TOM & JERRY CLOTHING HOUSE, I. N. Lewis, Prop.

GRAVEL, SAND, Sediments in the urine are cured by Oregon Kidney Tea.

We Can Escape Dread La Grippe If We Eradicate Our Catarrh.

Our Reporter's Talk With Dr. Hartman Concerning Pe-ru-na and La Grippe.

Pe-ru-na Prevents Catarrhal Diseases.

During Dr. Hartman's experience of over forty years in the treatment of catarrhal diseases his success with Pe-ru-na has been unparalleled. He says: "Since the epidemic of La Grippe in 1890 I have used Pe-ru-na invariably in my treatment of this disease. This remedy meets so exactly the symptoms of La Grippe that it is fully to lose any time experimenting with other remedies."

When to Begin Treatment. "At the appearance of the first symptoms treatment should be begun at once, and the patient should keep strictly to the house for a few days. No treatment, however efficient it may be, will always prevent quite a long sojourn with this disease, but no other medicinal treatment is necessary than Pe-ru-na."

The After Effects of La Grippe. "People who have had La Grippe, the acute stage having passed and their recovery has come to a standstill, as is frequently the case, will find in Pe-ru-na exactly the remedy that is suited to their case. It invigorates the whole system, restores the appetite and produces natural sleep."

Grippe Causes Other Diseases. "Even after pneumonia or consumption has begun to develop it is not too late to expect a perfect cure from Pe-ru-na without any other treatment whatever. Many physicians are using it extensively in their practice; at the same time a vast number of people are buying it at the drug-stores and treating themselves, and the result is, if there is another remedy which is the equal of Pe-ru-na for La Grippe it is unknown to me."—S. B. Hartman, M. D.

Pe-ru-na, the Family Safeguard. J. A. Stalle, Peabody, Kan., writes: "Four of my family were almost down with the grippe, and my mother had been down with the grippe for a week. She took Pe-ru-na and is able to be up now most of the time. She is sixty-four years old."

I can't praise Pe-ru-na enough. My two little boys, one three and the other six years of age, beg for Pe-ru-na whenever they get to feeling badly. We use it for almost everything."

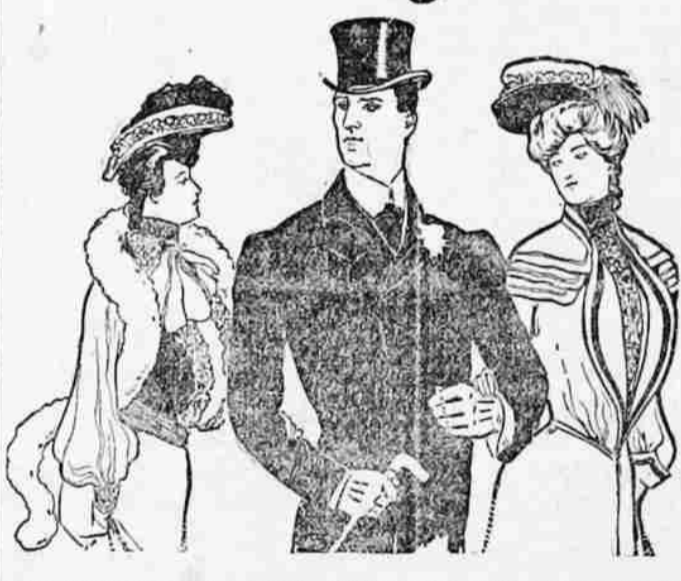

Prominent Cures. Among the many prominent men and women who have been cured of La Grippe by Pe-ru-na are: Hon. John H. Caldwell, a prominent member of the Louisiana State Legislature, of Robeline, La.; Mrs. Henrietta A. S. Marsh, President Women's Benevolent Association, 237 Jackson Park Terrace, Woodlawn, Chicago, Ill.; Hon. T. Simmons, United States Senator, Mobile, Ala.; Mr. Henry Distin, maker and inventor of Band Instruments, 1441 S. 9th Street, Philadelphia, Pa.

Mrs. M. Woodruff, 2406 Central Avenue, Minneapolis, Minn., writes: "I cannot praise you remedy too highly. I first tried it after having La Grippe and for the last two years I have used it as a preventative for cold and La Grippe. As a tonic I also believe it to be excellent. I never fail to recommend Pe-ru-na to my friends, all of whom have used it with beneficial results."—Mrs. M. Woodruff.

Julian Segunda, Conde de Ovies, a Spanish Count. Hon. P. J. Megrew, Superintendent U. S. Capitol Police Force, Washington, D. C. Mrs. M. C. Cooper of the Royal Academy of Arts, London, England. Mrs. Theophile Schmitt, 3417 Wabash Ave., Chicago, Ill. Congressman Geo. Henry White of Tarboro, N. C. If you do not derive prompt and satisfactory results from the use of Pe-ru-na, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

Manly Strength HOW TO REGAIN IT WITHOUT COST UNTIL CURED.

Manly strength—strength of brain and body, is nature's highest perfected work. With it man is successful; without it failure. Nearly all men have been fitted with a constitution fit to build such a structure upon, but through foolish dissipations have wasted the material nature gave them. Men live too fast these days. The search for imaginary pleasure, trying to squeeze the happiness of a lifetime into a few years, exhausts the strength, and they are wrecked in man's grandest ambition—robust strength of brain and body. There are thousands of these weak, timid, puny men half men—who can be made perfect specimens of manhood when the grand element that has been drained from their system is restored. This element is Electricity. We know there is no strength, nor vitality, in fact no life, without it. This being the fact, can there be a more natural remedy? I say there is not, and tens of thousands of cures during my nearly forty years' practice in Electricity say the same. I have the greatest invention for self-treatment by electricity the world has ever known, and so sure am I of what it will do, that any man who needs it can have the use of my latest model Hercules.

DR. SANDEN ELECTRIC BELT FREE UNTIL CURED.

I don't ask one cent in advance or on deposit, but upon request I furnish you the belt, and if you are well or satisfied in say two months, pay me my price—most cases as low as \$4.00. If not satisfied, return it and the transaction is closed. I have made a sworn statement to faithfully carry out this offer, and trust you will not confound it with the C. O. D. shams advertised, as I send no goods C. O. D., unless you so order. What would you not give to have your old vim back; to feel as you did a few years ago; to have the same snap and energy; the same gladness, joyous, light-hearted spirit and the physical strength you used to have? You might as well have these blessings, for my offer must convince you what I feel I can do for you. I will give you the use of the best Electric Belt the world knows—and you probably know I am the father of the electric appliance system of treatment—and advice gathered from the experience of nearly forty years' success in my line. But this does not mean that I am giving belts away; but does mean you are not to pay one penny until you are cured. By this method I do tenfold the business and good I would were I trying to sell "a pig in a bag." It pays me and it pays my patients. Of course imitators imitate my goods (what good thing is not imitated?) but my great knowledge from long, successful experience is mine alone and free to my patients. This offer is especially to men who want more strength and vitality, who suffer from Impotency, drains, varicocele, etc., but it will also cure Rheumatism, Lame Back, Stomach, Liver and Kidney troubles, General Ill health, etc., and I give it on same terms. It is simply worn around the body while you sleep; in the morning you wake up full of strength and vim prepared to face the world however you find it. Call or write today and let me assist you to health and happiness as I have so many thousand others. I will at once arrange to give you my belt on terms mentioned above, and two best little books ever written upon Electricity and its medical uses. Free, sealed, by mail. Address: DR. T. N. SANDEN, 997 Market Street, San Francisco, Cal. Office hours, 9 to 6. Sundays, 10 to 1. Please remember address, as my advertisements appear only on Sundays.

DR. LANGE'S New York Dental Parlors Rooms 2, 3, 4 Eagle Bldg., 71 W. 2nd St. Teeth Extracted Without Pain.
