

# "77" Seventy-seven for Colds and GRIP

The epidemic of Grip is so widespread as to interfere with affairs:—  
Cabinet Meeting broken up because the Secretary of the Treasury and the Secretary of the Interior are abed with Grip.

Social functions, especially at bridge and dinner parties, the hostess is at her wits' end to find substitutes.

The Stage, the longed-for opportunity of the understudy is frequent in the times of sick stars.

The Opera—The gathering audience approach the foyer with dread, fearing to see the sign, "change of bill," so frequently displayed in times of sickness.

The College and school classes are slender, so many pupils, especially girls, being laid up with Grip.

Offices and factories are crippled by absences, and yet—  
Humphrey's Seventy-seven is the remedy par excellence for Grip. Taken early cuts it short promptly, taken during its prevalence, it preempts the system and prevents its invasion. Carry a bottle in your pocket; keep it handy. All Drug Stores, 25c.

## MANAGER FITZGERALD OF THE B. & O. RESIGNS

BALTIMORE, Dec. 28.—General Manager Thomas Fitzgerald of the Baltimore & Ohio today resigned his position after a service with the road extending over 41 years and embracing nearly every position subordinate to the general management. The resignation is to take effect January 1. It was accepted by Third Vice-President George L. Potter, Mr. Fitzgerald's immediate superior, who is to assume the duties of the position temporarily with his own President Oscar G. Murray will, however, create another position for Mr. Fitzgerald and retain him in the service of the Baltimore & Ohio. Mr. Fitzgerald's resignation is said to have been the outcome of differences with Mr. Potter relative to the operation of the road. These have existed for a long time, and became very acute today.

## KANSAS REPUBLICANS GET IN LINE FOR TAFT

TOPEKA, Kan., Dec. 28.—At a stormy session of the Republican State central committee today Secretary of War William H. Taft was unanimously endorsed as the choice of the party in Kansas for President of the United States, and the convention called for March 4 at Topeka. A motion to nominate the State officers by the primary system was tabled by a vote of 13 to 21. W. E. Stubbs, Cyrus Leland and D. R. Anthony were the principal champions of the primary system.

Following is the text of the resolution adopted:  
"Whereas, The time required for the actions of the primaries and conventions prevents the Republicans taking the early action they desire; and  
"Whereas, We want the Republicans of the United States to understand our position; therefore, be it

Resolved, by the Republican State central committee, That the Republicans of Kansas are in favor of the nomination of William H. Taft for President of the United States."

## FIRST TRY-OUT OF BIG NEW SUBWAY

NEW YORK, Dec. 28.—Another of the series of tunnels that are destined eventually to solve the traffic problem of Manhattan island was given its try-out today when the first car was sent over the route of the Hudson tunnel from Fourteenth street and Sixth avenue beneath the Hudson river, to Hoboken, N. J. The journey was made without a single mishap, and demonstrated that every part of the structure under the Hudson river and the apparatus installed there is in perfect working order.

Fifty cars will be put in operation on February 1, which will run on a two-minute headway from Fourteenth street to Hoboken. By next October the subway will be completed and in operation to Herald square.

It was also said that the tunnels from Liberty and Church streets to Jersey City will be in operation before January 1.  
One of the tunnels through which the trams made today was begun three years ago. The McAdoo company took up the work in 1902.

## BOOKMAKER TRIED TO RUN WITH THE CASH

SAN FRANCISCO, Dec. 28.—Some excitement was caused at the Emeryville racetrack this afternoon when it was discovered that one of the bookmakers had disappeared with the money placed by bettors in the first race. The book was known as the Golden Gate club and was backed by E. J. Grover and F. Crosby, who came recently to the track officials and presented credentials. Today Crosby, as cashier, took in \$1040 on the first race. While the race was being run, George Palmer, one of the clerks of the booking concern, ran into the office of the track officials and reported that Crosby had placed all of the money in a bag and was leaving the grounds. Detectives pursued and arrested him near the gate, where an automobile was awaiting him. Grover was found in the grand stand and was also taken into custody.

After the holders of winning tickets gathered around the deserted betting booth and began clamoring for their money. The New California Jockey club immediately placed a new crew in charge of the book, and the winners were paid out of the track funds.

## STATE OF NORTH CAROLINA WILL REPUDIATE BONDS

NEW YORK, Dec. 28.—Gov. Robert B. Glenn of North Carolina, in a letter received today replying to a communication from Edward L. Andrews, who represents holders of \$11,000,000 of special tax bonds which matured three years ago, and which were never paid, declared that the Legislature had twice repudiated the bonds and that the State would not pay one cent for them. Governor Glenn declared that North Carolina has acted fairly with its creditors, but that it would not pay for bonds "conceived in sin and brought forth in iniquity."

Mr. Andrews urged that a settlement be effected, stating that arrangements were being made to donate \$3,000,000 of the bonds to a foreign government for the purposes of suit, since under the law individuals can not sue a State.

The question of payment of the bonds has been the subject matter of interminable litigation. Payment of the bonds was declined because it was urged that the agent who disposed of the bonds failed to make proper return to the State.

## IMPORTANT MEASURE TO COME UP IN HOUSE

WASHINGTON, Dec. 28.—Among the important bills which the house will consider shortly after the holiday adjournment is that suspending for the year 1907 the requirement that \$100 worth of labor shall be done on mining claims in the course of being perfected in the states of Colorado, California, Oregon, South Dakota and Idaho. This bill came up for discussion in the senate December 18, but because of certain objections by Senator Carter of Montana it was allowed to go over until Saturday last. Then the bill having been amended, Senator Carter withdrew his objection and the bill was passed.

In its amended form the bill provides that the provisions of section 2324 of the revised statutes shall be suspended for the year 1907 in the states named, so that no mining claim which has been regularly located and recorded as required by the local laws and mining regulations shall be subject to forfeiture for non-performance of the annual assessment for the year 1907, "providing that the claimant or claimants of any mining location in order to secure the benefits of this act shall cause to be recorded in the office where the location notice or certificate is filed on or before December 31, 1907, a notice that he or they in good faith intend to hold and work said claim."
