STUDENTS EXHIBIT MERITORIOUS WORK

Pupils of Sacred Heart Academy Prove Both Ability and Application.

Special to The Tribune.

OGDEN, June 19.—"Essay evening," one of the principal events of the silver jubilee graduation week at Sacred Heart academy, drew a large number of friends of the graduates and patrons of the institution to the academy auditorium last evening. All of the nine students who will be formally graduated tomorrow participated in the pleasing programme.

Near the conclusion of the programme, the Rev. Father P. M. Cushnahan delivered a brief address, in which he commended the faculty of the academy for its capable work in the past year. The Rev. Father Foulks of Idaho Falls, Ida., was the honored guest during the evening.

The junior day exercises at 10 o'clock this morning were also witnessed by a large number of people. Father Cushnahan was guest of honor and shared the privilege with the Rev. Father Remi S. Kayser of Boise, Ida. During the programme four students who have completed the commercial course received diplomas.

The exhibition hall where the art work is displayed was open before and after the exercises today. The display consists of oil and water color paintings, plates in geometrical and free hand drawing, decorated china, exercises of the general drawing classes, penmanship specimens, and the history and science charts of the academic classes.

The oil paintings are fruit studies from nature and pictures from still life. The portrait drawings in charcoal are also from life. The china is artistically decorated in floral and conventional designs and also in ivory and gold.

The students in oil and water color painting are the Misses Zelda Harvey, H. Magill, L. Scott, C. Snider and M. Toy. Students in china painting are H. Bean, R. Cook, '12; R. Cheshire, Z. Harvey, L. Hood, H. Magill, M. McClure, N. Rouff, '12; L. Scott, E. Snider, M. Toy.

The fancy work display consists mainly of beautifully embroidered pillows, with designs of roses and sunflowers; also French embroidered towels and gowns.

All pupils in the academic department have specimens of their work, but the young ladies deserving special mention for the number and variety of pieces are the Misses E. Stonebraker, M. Hill, B. Richards and E. Hackward.

SLOGAN IS SELECTED.

"Greater Ogden, Gateway of the West," Will Be Used for the Present.

Special to The Tribune.

OGDEN, June 19.—"Greater Ogden, Gateway of the West," was selected by the directors of the Ogden publicity bureau this afternoon as a temporary slogan for use of the bureau. The recent slogan contest was not productive of a slogan which fitted the needs of the bureau, so the directors decided to use the old watchword for the present.

Ogden views on the back of an artistically printed menu card was another advertising scheme on which the directors took favorable action. All of the menu cards used in local cafes and restaurants are printed by one firm, and, at a small cost, this firm agrees to reproduce Ogden canyon views or other scenes on the backs of these cards and print a sufficient number to permit of their being taken possession of by the patrons of the eating houses. The menu cards may be either retained as souvenirs or mailed to friends.

The bureau has agreed to further the interests of baseball in Ogden by the purchase of two shares of stock in the association which is to back the Union association club. Two shares of stock means an investment of $50.

MRS. BECRAFT IS DEAD.

Prominent and Popular Woman Fails to Recover From Operation.

Special to The Tribune.

OGDEN, June 19.—After one week's illness, following an operation for gall stones, Mrs. Estella Ann Becraft, a prominent club woman and wife of Louis H. Becraft, died at the Dee Memorial hospital at 7 o'clock this morning. She was thought to be recovering after the effects of the operation until she suffered a sinking spell at 3 o'clock this morning, followed four hours later by her death.

Mrs. Becraft, born in Utica, N. Y., November 24, 1868, had resided in Ogden for the past twenty years. Her marriage to Mr. Becraft occurred in the east on October 6, 1890. During her residence here she was prominently identified in church work as a member of the Episcopal church. Her lodge affiliations consisted of membership in the Royal Neighbors of America, Ladies of the Maccabees and Women of Woodcraft.

Surviving her are two sons, Chester A. and Louis H., besides the husband, also one brother and four sisters, Walter Philpott being the brother and a resident of this city. The funeral arrangements have not been announced.

Want Interurban Line.

Special to The Tribune.

OGDEN, June 19.—According to William Allison, who attended a meeting of the Logan Boosters club last evening, the residents of the northern city and of Cache county in general are enthusiastic over the prospect of an interurban electric line proposed by men who are said to represent Omaha, Neb., capital. The only representative of the company who has so far made his appearance in this section is P. A. Wells of Omaha.

SEARCHES IN VAIN FOR MISSING WIFE

Springville Man Declares His Spouse Sold Property and Then Disappeared.

Special to The Tribune.

OGDEN, June 19.—At the request of Frank Candland, said to be a resident of Springville, Utah, the police are making a search for Mrs. Candland, who, according to the husband's story, left her home about April 23, after selling a valuable orchard and residence property for $8000. Candland was induced to come to Ogden in search of his wife after a niece, Miss Nellie Candland of 583 Seventeenth street, had informed him that she had seen Mrs. Candland, in company with another woman, in Ogden about two weeks ago.

According to the husband's story to the police, he was in Oakland, Cal., for his health when he received a letter from his wife to meet her in Salt Lake on April 23. She not only failed to meet him on that date, but has absented herself from his presence since that time. He states that he has made trips to Denver, Colo., and San Diego, Cal., in search of her, but his travels have been fruitless. Previous to going to California, Candland states that he deeded the Springville property to his wife. The police regard the man's story with some suspicion. He admits that his actions five years ago might have warranted her treating him in this manner.

Extending Gas Mains.

Special to The Tribune.

OGDEN, June 19.—Following its recent decision to more than double the capacity of its gas plant in this city, the Utah Light & Railway company has taken up the work of extending its gas mains to the more remote sections of the residence district. These extensions not only will give the residents the benefit of gas in their homes, but also furnishes employment for a large number of men. The company's local officials have just announced that one of the first improvements in the system will be a six-inch gas main along Twenty-second street between Washington and Jackson avenues, a distance of ten blocks. An eight-inch main is also to be extended on Washington avenue to Thirty-first street.

Court Is Lenient.

Special to The Tribune.

OGDEN, June 19.—Edward Munsey, aged 14 years, and Raymond Newman, aged 17 years, held for trial in the juvenile court as delinquents, will be given a hearing before Judge V. C. Gunnell tomorrow morning. They were arrested by Officer Al Herrick last evening after "jumping" their bond two weeks ago. The fathers of the boys put up the bond of $50 for Munsey and $25 for Newman, and Judge Gunnell has decided that if the parents produce the boys in court tomorrow morning he will not declare the bonds forfeited. They will answer to a charge of petty larceny for the alleged theft of a bicycle.

Has Narrow Escape.

Special to The Tribune.

OGDEN, June 19.—C. M. Clay, former manager of the Ogden Fruitgrowers exchange, was the victim of an accident yesterday which might have proved serious. While descending a flight of stairs with a pair of pruning shears in his hand, the handle of the implement came in contact with the wall and the sharp point of the shears penetrated his left breast. There was fear that the instrument might have injured the heart, but examination by a physician disclosed that the metal had passed to the right of the heart. Mr. Clay is forced to carry his left arm in a sling, but was able to leave his home today.

Southworth Returns.

Special to The Tribune.

OGDEN, June 19.—Henry Southworth, acquitted of the charge of murder for the killing of "Ned" Hanks, in charge of Don Philippini's band, at Glenwood park last summer, made his first appearance in the city today following an absence of several months, or practically since the jury declared him a free man. Southworth, it will be remembered, riddled Hanks's body with bullets when he found the band manager in company with his wife at the park. He obtained his freedom under the unwritten law of the state of Utah, an admissable statute said to exist in no other state of the union.

Special to The Tribune.

OGDEN, June 19.—One hundred and twenty-five miles in nine hours, by auto, was the record established by Mr. and Mrs. W. W. Browning, who returned to their home in this city last night after a pleasure trip to Lyman, Wyo. They state that the roads were never in better condition, a feature which added greatly to the enjoyment of their journey. While in Lyman they were the guests of Mr. and Mrs. Lyman A. Guild. On the trip to the neighboring state they were accompanied by Miss Ethel Guild, who had been a guest at the home of Mr. and Mrs. John W. Scowcroft.

Cherries Nearly Ripe.

Special to The Tribune.

OGDEN, June 19.—The harvesting of the Weber county crop of sweet cherries will begin within the next few days, according to Manager J. M. White of the Utah Fruit exchange, and there will be a big crop in spite of the damage resulting to the fruit and apricots a few weeks ago. Mr. White hopes to handle a few carload lots of cherries, but declares that the home consumption, which is always large, may rob him of this privilege.

Popular Couple Married.

Special to The Tribune.

OGDEN, June 18.—Oscar D. Jones and Miss Mayme Jones, both popular young people of Malad, Ida., were united in marriage at the home of the Rev. G. D. Pescock, 2250 Jackson avenue, this afternoon. They departed immediately after the ceremony for Salt Lake and will spend their honeymoon in Los Angeles.

Judge Will Investigate.

Special to The Tribune.

OGDEN, June 19.—Although Judge J. A. Howell had set Wednesday as the day on which he would pass judgment in the case of Harry Pollits, the confessed forger, he refused to fix the sentence when Pollits was arraigned. Judge Howell is not satisfied to give the man the minimum sentence, as recommended by District Attorney E. T. Hulanicki. The court has learned that Pollits is wanted in Denver, Chicago and a half dozen other cities on charges of crooked dealings, and he wants the man's case investigated.

SONS AND DAUGHTERS OF WALES AT RESORT

Annual Outing of Society Is Held at Wandamere; Attendance Large.

The annual outing of the Sons and Daughters of Wales society took place at Wandamere yesterday and was attended by fully 2000 persons. The athletic sports came off early in the afternoon and were much enjoyed by the hundreds of youngsters present. Following the sports, Welsh tea, Welsh bread and cheese and Welsh currant bread were served by a committee of ladies of the society, assisted by a bevy of beautiful young girls. The prize for the prettiest baby under twelve months went to Master Roy Thomas, aged eight months, son of Mr. and Mrs. Thomas, residing at Thirteenth North and Eighth West streets. A special prize of $5 for the best cornet solo was won by John Jones, a member of the local street car men's band.

At 8 o'clock the regular musical and literary programme was given. The proceedings were opened by Evan Arthur, president of the society, who introduced W. H. Folland, master of ceremonies. Mr. Folland made a few appropriate remarks and then called upon John James, the baritone, for a rendition of the Welsh national hymn. Mr. James was followed by Mathonihah Thomas, who gave a fifteen-minute speech, depicting Welsh characteristics and the party they had played in the world's history.

Musical numbers were given by Pearl Phillips, Claribelle Gardiner, Marie Hughes (harp), and Reese Davies, the whole concluding with the singing of "America." Dancing followed and continued until midnight.

MAKES MANY POINTS IN HIS OWN DEFENSE

LOS ANGELES, June 19.—Clarence S. Darrow occupied the center of the stage in his trial for alleged jury-bribery today when he consumed nearly the entire day with his examination of George Behm of Portage, Wis., an uncle of Ortie E. McManigal.

Behm admitted that he had not been told by Mr. Darrow to testify falsely to the grand jury and that he had received merely expense money to come to Los Angeles and that Mrs. McManigal had first asked him to make the trip because she was not in good health. He admitted also that he had volunteered his services as a witness in the present trial. His reason for appearing as a witness against Darrow, Behm said, was his desire to clear himself because of having committed purjury before the grand jury on August last. Behm admitted that his first visit to Ortie McManigal in the Los Angeles county jail was upon the latter's invitation.

"Did you not tell me after that first visit," asked Darrow, "that Ortie McManigal was not the man you knew him to be; that he was crazy, or doped, or had been bought by the Burns detectives?"

"Yes, I said something like that," was the reply.

The entire purport of the cross-examination was to show that Behm had not been corrupted by Darrow.

W. H. LEARY MARRIES MISS MARY LYNCH

Special to The Tribune.

SIOUX CITY, Ia., June 19.—Miss Mary Lynch, daughter of J. M. Lynch, retired contractor of this city, and W. H. Leary were married at 8 o'clock this morning. The Rev. J. L. Kerby, uncle of the bride, performed the ceremony at the Cathedral of the Epiphany. Only immediate relatives were present. Nuptial mass was celebrated. After the ceremony the guests were served a wedding breakfast at the Lynch home. Mr. and Mrs. Leary left at noon for Salt Lake City, where they will be at home after August 1.

Thomas O'Brien of Salt Lake attended the wedding.

DR. WU TING FANG MAY TAKE PREMIERSHIP

PEKIN, June 19.—The minister of education, Tsai Yuan Pio, has gone to Tien Tsin. He did not notify the cabinet of his intention and it is understood he will not return.

Tang Shao Yi, the premier, who suddenly departed from Pekin June 1 and later announced his intention of retiring from office, is preparing to leave for Hong Kong. A growing faction favors the appointment of Dr. Wu Ting Fang to the premiership.

May Probe Charge.

WASHINGTON, June 19.—Representative Martin W. Littleton has prepared a resolution calling for a congressional investigation of the charges of bribery at the Republican national convention and will submit them to the house on his return from New York in a day or two

BEAUTIFUL HAIR WOMAN'S CHARM. NO NECESSITY FOR GRAY HAIR

A Simple Remedy Beautifies and Darkens the Hair. Cures Dandruff.

What a pity it is to see so many people with thin, wispy hair, faded or streaked with gray, and realize that most of these people might have soft, glossy, abundant hair of beautiful color and luster if they would but use the proper treatment. There is no necessity for gray hair under sixty-five years of age, and there is no excuse for anyone, young or old, having thin, straggling hair, either full of dandruff or heavy and rank smelling with excessive oil.

You can bring back the natural color of your hair in a few days and forever rid yourself of any dandruff and loose hairs, and make your hair grow strong and beautiful by using Wyeth's Sage and Sulphur Hair Remedy. For generations common garden Sage has been used for restoring and preserving the color of the hair; and Sulphur is recognized by Scalp Specialists as being excellent for treatment of hair and scalp troubles.

If you are troubled with dandruff or itching scalp, or if your hair is losing its color or coming out, get a fifty-cent bottle of Wyeth's Sage and Sulphur from your druggist, and notice the improvement in the appearance of your hair after a few days' treatment. Special agents—Schramm-Johnson, Drugs, "The Never Substitutors," five (5) good stores.

HOMELESS CHILDREN WANDER THE STREETS

Finally Taken in Charge and Delivered to St. Ann's Orphanage.

Three little children, the oldest ten years of age and the youngest six years of age, whose mother is dead and whose father is said to be dying in a hospital at Mammoth, Utah, wandered lost and forlorn through the streets of the city for many hours yesterday.

They were consigned from Mammoth to the Kearns-St. Ann's orphanage, but, owing to some misunderstanding, they were allowed to leave the train at the Denver & Rio Grande station, alone. Ignorant themselves of their destination, the children walked aimlessly about the city, hand in hand, too frightened in their new surroundings to tell their troubles to any one. No blame attaches to the orphanage in the matter.

Charles Tillock, 912 Grove avenue, a lineman for the telephone company, found the forlorn trio wandering near his home yesterday afternoon. He took them in and notified the police, who, after several hours of inquiry, learned that they were destined for the orphanage, where they were delivered last night.

The children are Robert Runden, aged 10 years; Mary Jane Runden, aged 8 years, and Thomas Runden, aged 6 years. Their father is a miner and is said to be dying of miner's consumption. The mother died some time ago.

CONVICTION SECURED IN INSURANCE CASE

Louis R. Cotler of Glendale, Utah, who arrested some time ago and charged with soliciting insurance without first obtaining the necessary state license, was tried in the Panguitch justice court yesterday. He was convicted and fined $100. The case will probably be appealed to the district court, in which event Commissioner of Insurance Willard Done will take an active interest in the case.

This is the second conviction that has been secured here and it is the intention of the authorities to push prosecution in every instance where the insurance law is violated.

Arrested on Suspicion.

Benjamin Brown and Richard Condon were arrested last night by Detectives W. C. Zeese and Herbert Leichter and are held at the city jail under suspicion of having been connected with recent burglaries. Articles of jewelry said to have been stolen from Salt Lake homes were found in Condon's possession, according to the arresting officers.

WHERE DOCTORS FAILED TO HELP

Lydia E. Pinkham's Vegetable Compound Restored Mrs. Green's Health—Her Own Statement.

Covington, Mo.—"Your medicine has done me more good than all the doctor's medicines. At every monthly period I had to stay in bed four days because of hemorrhages, and my back was so weak I could hardly walk. I have been taking Lydia E. Pinkham's Vegetable Compound and now I can stay up and do my work. I think it is the best medicine on earth for women."—Mrs. JENNIE GREEN, Covington, Mo.

How Mrs. Cline Avoided Operation.

Brownsville, Ind.—"I can say that Lydia E. Pinkham's Vegetable Compound has done me more good than anything else. One doctor said I must be operated upon for a serious female trouble and that nothing could help me but an operation.

"I had hemorrhages and at times could not get any medicine to stop them. I got in such a weak condition that I would have died if I had not got relief soon.

"Several women who had taken your Compound, told me to try it and I did and found it to be the right medicine to build up the system and overcome female troubles.

"I am now in great deal better health than I ever expected to be, so I think I ought to thank you for it."—Mrs. O. M. CLINE, S. Main St., Brownsville, Ind.

THE "JUST AS GOOD" KIND A FAILURE ALIKE TO BUYER AND SELLER

HERPICIDE

Miss Daisy Hight, Box 202, Perry, N. Y., in a recent letter to the Herpicide Co., says: "I have used your hair remedy, Herpicide, and prefer it to any other, but the druggists here have other hair tonics they want to sell, and it is hard to get Herpicide when I want it. One druggist got me to try———, but it is not as good as Herpicide. I would like to buy your Herpicide in larger quantities direct from the company if you will send it to me."

It is the same old story. The dealer in his greed for a few extra pennies induces the customer to buy something else—result—the customer loses the money and the dealer loses the customer. Whenever a dealer suggests a substitute for some standard article the safest thing to do is to walk out of the store.

Fortunately there are but few dealers like those described in Miss Hight's letter. The dealer who tries to sell you an off brand when you ask for Newbro's Herpicide thinks more of a dime than of the real good of his customer.

Insist on having Newbro's Herpicide, the first, the real, the original dandruff germ destroyer. It is put up in 50-cent and $1.00 sizes and guaranteed to stop falling hair, itching scalp and to eradicate every particle of dandruff. Your money refunded if you are not satisfied Herpicide does what it promises to do and what you expect it to do. There is no logic in buying the "just as good" kind, when the genuine costs no more.

Upon receipt of ten cents in postage or silver the Herpicide Co., Dept. S, Detroit, Mich., will send postage paid a trial size bottle of Herpicide and a booklet on the care of the hair to any address. Sold everywhere. Applications at the better barber shops and beauty parlors. SCHRAMM-JOHNSON, DRUGS, First South and Main, Second South and West Temple, Fifth South and Main, First West and South Temple, are special agents.

"Weakness" is the cause of more sorrow and suffering than all other ailments combined. I see the victims of this disorder on every hand, his whole appearance proclaiming to all the world his trouble and tending to blight his existence. My treatment cures disordered men by overcoming and removing the effects of disorders. It stops all waste and quickly restores the victim to what nature intended—a healthy and vigorous man, with all his functions and power complete.

Don't be a weakling, a failure, and your life a miserable existence. I am a man of independent means; the curing of my patients is my first and only thought. In this I differ widely from grasping doctors who think only of their fee and care little for the welfare of their fellow men.

A MACHINE THAT KEEPS ITS HEAD AND HELPS YOU KEEP YOURS.

Let me tell you about a [illegible] machine that became a mathematician.

Think of a machine wandering over the face of the earth, acquiring languages everywhere, with all the [illegible] involved in such travel and [illegible] ability.

Think of this machine suddenly becoming an expert in adding and subtracting.

"Name it?"

Certainly.

It is the Remington Typewriter.

The machine that knows nearly the world's languages.

And now this machine, eloquent in 84 languages, suddenly turns up and tells you that it can add and subtract better than you can.

And then proves it.

Think of this machine attaching itself a box-like calculator so that you could put ten of them in the space occupied by the brain of a human skull.

Think of a literary machine, the Remington Typewriter, taking itself one or more of these little [illegible] and then appearing in the [illegible] room and saying to the first [illegible] ant, "Let me do this job in [illegible] if you please."

And then think of its making [illegible]

But now, the marvel is that [illegible] would scarcely know from a [illegible] glance at the Remington with [illegible] Mechanism, which is the Adding [illegible] Subtracting Remington—that [illegible] at all different from the Remington which only typewrites.

It remained for Remington [illegible] to put writing and adding together [illegible] such a way as to make the writing [illegible] one whit different from that done [illegible] any other Remington Typewriter [illegible] at the same time to use the same [illegible] to add and subtract and write [illegible] the results.

Think of this machine not [illegible] adding and subtracting correctly, [illegible] actually keeping you straight [illegible] you make one of those mathematical [illegible] lapses that fallible men are [illegible] make.

Why, it will prove its worth [illegible] prove yours, too.

In other words, it keeps its head and helps you to keep yours.

This is the way it works. The operator proceeds to record and transcribe, say in the shape of a bill, writes the facts, and while he is [illegible] the proposition in typewriting, the machine computes the result and records it where he can see it and [illegible] it immediately. Thus the machine is actually performing two operations at once—writing and adding.

And the saving of labor and [illegible] resulting from the work of this machine is simply incalculable.
