

NEW HOSPITAL PROJECT STARTS AUSPICIOUSLY

Plan is to Erect Building at Cost of Not Less Than \$25,000.

GENERAL COMMITTEE NAMED

Hundred Representative Citizens Selected to Take Charge of Movement—Site Committee Expected to Have Interesting Report to Make at Meeting Tuesday Night.

Under most auspicious conditions the movement looking toward the erection of a new general hospital was formally launched last night. About a score of representative business men and physicians met at the office of the Old Dominion Land Company and, after spending a couple of hours discussing the subject, took the first steps toward securing a site for the proposed hospital and organizing the body which is to have in charge the movement.

Messrs. W. A. Post and W. B. Livezey were appointed a site committee. This committee is expected to have an interesting report to make when the general committee meets next Tuesday night.

The project is now to be turned over to the general committee, a body of about one hundred representative citizens who were chosen at last night's meeting. Judge Barham will be asked to allow the committee to hold its meeting Tuesday night in the Corporation Court room of the city hall, and everyone interested in establishing a new hospital is invited to be present and participate in the proceedings. An organization will be effected at once and sub-committees to handle the various divisions of the work will be named.

Starts With Enthusiasm.
The movement has started with enthusiasm. Mr. William Garner, who announced recently that he would give \$500 toward a fund for the erection of a hospital, said last night that he would guarantee to raise \$500 in addition to his personal subscription. Mr. L. B. Manville said that he would guarantee to raise \$1,000 and various others among those present talked in an encouraging way. The present idea is to put up a building to cost not less than \$25,000. Satisfactory arrangements for a site can be made.

Following is the personnel of the general committee:
Rev. J. W. Porter, D. D., Rev. A. O. Sykes, D. D., Rev. W. Ashbury Christian, Rev. E. T. Wolford, Rev. Father Froll, Rev. A. A. Butler, Rev. W. K. Connor, Rev. J. T. Green, Rev. D. S. Henkel, Rev. R. CITIZENS CALLED TO MEET WITH OFFICERS

Second Attempt Will be Made to Launch Movement to Support the Rifles.

The temporary organization of the officers of Company C and several of the retired volunteer army officers of this city, formed two weeks ago for the purpose of raising funds for the Huntington Rifles, will meet in the Armory hall at 8 o'clock tonight for the purpose of making a second effort to form a permanent organization, the object and purposes of which will be similar to those of the temporary organization.

The business and professional men of the city have been invited to attend the meeting and the officers hope many of them will respond and lend a helping hand in the movement. The organization met last Friday night, but as only two citizens responded to the three hundred invitations sent out, it was decided to postpone the effecting of a permanent organization until tonight.

FIRE CAUSED THE DELAY

Minnesota Will Not be Delivered Until February 27.

MAKING NEW CANVAS FITTINGS

Deck and Boat Coverings Should be Completed About Middle of Next Month and Vessel Goes Into Commission March 1.

The new 16,000 ton battleship Minnesota, now nearing completion at the plant of the Newport News Shipbuilding & Dry Dock Company, will be turned over to the navy department at the Norfolk navy yard on February 27 and will be commissioned at that yard about March 1.

The new warship was to have been delivered to the government Wednesday, but work on her was delayed by the burning of a part of her equipment, including canvas deck coverings, boat coverings, etc., in the shipcarpenters' shop at the shipyard Christmas Day. New canvas material is now being prepared for the ship and the yard officials expect to have it completed by the middle of February.

The crew for the Minnesota is now being assembled aboard the United States training ship Franklin, at the Norfolk navy yard, and will be transferred to the battleship on the day of her commissioning.

Many of the ship's officers are now in this city superintending the fitting out of the ship. They will go to Norfolk aboard her on February 27.

THEATRICAL.

Among the excellent attractions offered at the Academy of Music this week, the most important is "Strongheart," in which Mr. Robert Edeson will make his initial bow to the local theatergoers tonight. Mr. Edeson is one of the foremost young actors on the American stage and "Strongheart" is the play in which he has made the greatest success of his career.

The play, which is by William C. De Mille, was a great hit in New York and has been favorably received everywhere it has been presented. It tells the story of a full blooded, educated Indian, and his life at Columbia University.

Manager Booker announces that tickets laid away for this engagement that are not called for before 6 o'clock tonight will be put back on sale.

"Prince of Pilsen" Again.
Presented as it was at the Academy of Music last night by real comedians, clever leading people and pretty, shapely chorus girls who possessed tuneful voices, "The Prince of Pilsen" should continue to please the American theatre going public for many years to come.

This was the fourth visit of the play to Newport News and, although probably a majority of the people in the audience that gathered in the play house last night had seen the production before, it was given as cordial a greeting as on the occasion of its first visit here.

Jess Dandy is as funny as ever in the part of Hans Wagner, the Cincinnati brewer, and his famous question "Vos You Effer in Zinzinnati?" produces a laugh every time he asks it.

George Lydecker ably filled the role of Carl Otto, the Prince of Pilsen, and Sears Stovey made an acceptable Lieutenant Hans Wagner, of the United States navy. The other principal characters were in capable hands.

The scenery and stage accessories were up to the Savage high standard.

Dandie Dixie Minstrels.
The week at the Academy will be closed with the Dandie Dixie Minstrels, which will give performances

tomorrow afternoon and evening. This is a colored organization that is said to be the best ever put on the road. As usual there will be an elaborate first part, followed by an olio of specialties. Tomorrow morning there will be a street parade by the performers, headed by the Cotton Pickers' band.

The balcony and gallery will be reserved for colored people for both matinee and night performances. The matinee prices will be 25 and 50 cents, and at night the prices will be from 25 cents to \$1.00.

to be made for the press. From the center of the criminal court building two great cables come down to a table where a corps of telegraphers are installed. Some of the wires run straight to newspapers offices in the city, others connect with newspapers in Philadelphia and Pittsburgh. Arrangements have been made by which the stories written in court may be placed on a wire connected with the Atlantic Cable so that they may be flashed without a moments delay to London.

The telephone is also being used and one Pittsburg newspaper has engaged a direct wire. In the court room two long tables have been set apart for the reporters of the afternoon papers. The reporters for morning newspapers are accommodated in the inclosure above the bar to the left of the judge.

Then along the side of the court room is another batch of special writers and artists.

MR. FOLEY ACCEPTS A POSITION WITH LAKE CO.

Former Shipyard Official Goes Abroad to Take Charge of Plant.

Mr. William C. Foley, formerly assistant superintendent of hull construction at the plant of the Newport News Shipbuilding & Dry Dock Company, has accepted a position with the Lake Submarine Torpedo Boat Company and is now in this city winding up his affairs here preparatory to leaving for Europe to assume his duties with the Lake company.

Mr. Foley will leave today for York, Pa., to join Mrs. Foley, who is making her home with her parents in that city, and together they will sail from New York for Europe on Saturday, February 2.

When he reaches Europe, Mr. Foley will take charge of the Lake company's plant at Berlin, Germany, where the company is building two submarines for the German government, and later he will go to Libau, Russia, for duty in the construction department of the Lake Company's main submarine building plant in that city. Mr. Foley may later be sent to Vienna to superintend the construction there of a number of submarines, which the Lake company will build for the Austrian government.

Shipbuilding men along the Atlantic seaboard regard Mr. Foley to be one of the most efficient shipbuilders in the United States and think the Lake company has been very fortunate in securing his services. He is versed in all departments of hull construction and is besides a designer of ships as well as a practical draftsman and shipbuilder.

While enroute from New York for Berlin, Mr. Foley expects to stop in Ireland, where he has a handsome estate which he inherited about a year ago. He probably will remain there several weeks to arrange his affairs before going to Berlin.

LOCAL FIRMS SECURE VALUABLE CONTRACTS

Reynor Furnishes Potatoes, Onions and All Vegetables to Army Commissary.

At the commissary office of the local army depot yesterday morning bids for furnishing vegetables and meats to be sent to the army in Cuba during the month of February were opened. Mr. J. Reynor was awarded contracts for furnishing potatoes, onions and all other vegetables, sausage, lamb and mutton. Armour & Company's local branch was given the beef contract. These contracts are valuable, as three transports will sail from here for Cuba with supplies and stores during February.

TIRED AND SICK YET MUST WORK

"Man may work from sun to sun but woman's work is never done." In order to keep the home neat and pretty, the children well dressed and tidy, women overdo and often suffer in silence, drifting along from bad to worse, knowing well that they ought to have help to overcome the pains and aches which daily make life a burden.

MRS. AUG. LYON

It is to these women that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, comes as a blessing. When the spirits are depressed, the head and back aches, there are dragging-down pains, nervousness, sleeplessness, and reluctance to go anywhere, these are only symptoms which, unless heeded, are soon followed by the worst forms of Female Complaints.

Lydia E. Pinkham's Vegetable Compound

keeps the feminine organism in a strong and healthy condition. It cures Inflammation, Ulceration, displacements, and organic troubles. In preparing for child-birth and to carry women safely through the Change of Life it is most efficient.

Mrs. Augustus Lyon, of East Earl, Pa., writes:—Dear Mrs. Pinkham:—"For a long time I suffered from female troubles and had all kinds of aches and pains in the lower part of back and sides, I could not sleep and had no appetite. Since taking Lydia E. Pinkham's Vegetable Compound and following the advice which you gave me I feel like a new woman and I cannot praise your medicine too highly."

Mrs. Pinkham's Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Out of her vast volume of experience she probably has the very knowledge that will help your case. Her advice is free and always helpful.
