

ALONG THE WATERFRONT

Whaleback Steamer Bay State Makes Record for Her Class.

REMARKABLY FAST TRIP UP COAST

Vessel Went to Beverly, Mass., Towing Loaded Barge, Discharged Cargo and Returned With Empty Barge in Ten Days—Marine Notes.

When the whaleback steamer Bay State, commanded by Captain Snedden, arrived in port yesterday morning, she completed one of the fastest trips ever made on this coast by a vessel of her class.

The vessel left here on the afternoon of February 20 for Beverly, Mass., with a cargo of 2,000 tons of coal on board and the loaded whaleback barge Badger in tow. She proceeded to Beverly, discharged her cargo, and sailed for this port towing the barge Britannia, arriving here yesterday morning after making the round trip from dock to dock in ten days.

The distance traversed by the steamer in making the round trip is about 1,300 miles and her performance is regarded as a remarkably good one by the shipping people of this port.

GOOD RESULTS ON FIRST DAY OF THE CAMPAIGN

Y. M. C. A. Teams Secure Over Four Hundred Dollars Toward the Needed Fund.

The work of the various teams engaged in the "Ten Day Campaign" now being carried on by the local Young Men's Christian Association produced good results yesterday, a total of \$434 being collected during the day, which added to the \$290 promised on the first day, makes a total of \$724 secured since the commencement of the campaign.

The banner team for the day was Group A, of the business men, Leader W. M. Parker and his group securing the sum of \$135 up to last night.

The standing of the various teams follows:

| Business Men. | |
|----------------------------------|---------|
| Group A—Leader W. M. Parker | \$135 |
| Group D—Leader S. R. Buxton | 128 |
| Group B—Leader L. C. Phillips | 70 |
| Group C—Leader W. T. Chapin | 50 |
| Total | \$383 |
| Young Men. | |
| Team 4—Captain O. J. Brittingham | \$29.00 |
| Team 2—Captain L. A. McMurrain | 22.50 |
| Team 3—Captain C. A. Sinclair | 17.50 |
| Team 5—Captain Chester Ashby | 12.00 |
| Team 1—Captain W. D. Chapman | 10.00 |
| Total | \$91.00 |

From the above it will be seen that W. M. Parker's group led among the business men, with S. R. Buxton's group a close second, and O. J. Brittingham's team led the young men's team, with L. A. McMurrain and his team in second place.

FOUR COLLIERIES TO LOAD.

Ajax, Aberanda, Hannibal and Brutus Take Cargoes Here

The United States collier Ajax, which has been at anchor in Hampton Roads for the past few days, was chartered yesterday to load a cargo of coal here from the Smokeless Fuel Company. As the Aberanda, another one of the government fuel ships, is reported to have passed in the capes bound for this port, there will be in port tomorrow four of the government colliers, the Hannibal and Brutus having been at the coal docks for the past couple of days loading cargoes.

It is expected that the four vessels will load a total tonnage of about 15,000 which will be more coal shipped from this port for government use than has gone out at one time in the regular fuel ships for some months.

SENATE DECLINES TO DELIVER PARTING REBUKE

Bailey's Resolution to Indirectly Censure President Pigeonholed by Strict Party Vote.

(By Associated Press.)
WASHINGTON, D. C., March 3.—On motion of Senator Aldrich, the Bailey resolution regarding Presidential instructions in executive communications to congress was referred to the committee on the judiciary by a vote of 52 to 25. The vote was on strict party lines.

Mr. Bailey took the floor to discuss his resolution, directing the secretary of the senate to return to heads of departments communications from them made in response to demands of the senate which purport to be sent "by direction of the President."

Mr. Bailey contended for the prerogative of the senate to demand information in its own right. Incidentally, he said that he did not expect so much "executive insolence" from the next administration as there had been in the one now expiring.

Rayner in Thankful Mood.
Mr. Rayner supported Mr. Bailey's position, and in the course of his remarks exclaimed:
"The Fourth of March is rapidly approaching, thank Providence."
He added: "After that date we will have a President who will obey the requirements of the law, and who will not evade the constitution—one who knows the limitations of the executive authority."

Declaring that the adoption of the Bailey resolution would be construed as a rebuke to the President, Senator Dooliver said he hoped that never again would the floors of the house of congress be used as arenas for disparagement of the motives of the chief executive. The declaration was received with applause in the galleries.

Mr. Bailey disavowed any intention of reflecting on the President.
Beveridge Delivers Eulogy.
Mr. Beveridge eulogized President Roosevelt at some length.

He likened him to Washington, Jackson and Lincoln, and declaring that they had been vilified as had Mr. Roosevelt, and said that their transgressions had been forgotten. He closed with the statement that Mr. Roosevelt had wrought mightily and for the permanent welfare of all the people regardless of their creed or color.
Mr. Beveridge had no sooner taken his seat when Mr. Bailey arose. His reply was confined to one sentence.
"While," he said, "it is true that the world has forgotten the names of the siffifiers of Washington and Jackson, it is also true that it has forgotten some of those who delivered fulsome eulogies upon them."
The vote soon followed.

HOWLING GALE BLOWING

Storm Broke Within Hour After Warning Was Hoisted.

VESSELS PUT BACK FOR SHELTER

Skippers Who Ventured to Capes Say Gale Is Worst of Winter, But It Is Blowing Off Shore and is Not So Dangerous.

Just one hour after the northwest gale signal flags warning all vessels to remain in harbor were hoisted here yesterday afternoon, one of the strongest gales of the winter arrived. The storm was still raging at an early hour this morning.

Quite a number of vessels which started out from Hampton Roads yesterday afternoon to await more favorable weather and the captains of several tugs which returned to this city from the capes last evening reported that the gale was the stiffest that they had experienced this season. A curious freak of the weather in connection with the approach of the wind and rain storm was the almost total darkness which descended upon the city in the middle of the afternoon, the heavy rain clouds obscuring the light from the sky to such an extent that it seemed as though night had fallen.

Not a great deal of anxiety is for among the shipping men here for the safety of craft bound up and down the coast, as the wind is directly off shore and it is not thought possible that any vessels can be driven ashore unless the wind hauls around suddenly to another quarter.

Along the waterfront it is believed that it will be fair today if the wind holds to the west.

Clergymen Are Scarce.
The reluctance of men to take holy orders in the Church of England, which is so noticeable a feature at the present time, is a matter of more than ecclesiastical interest. It affects not only the existing clergy but also the laity; and not the church laity alone but the nation as a whole—Nineteenth Century.

Try This Plan.
If you have an old bicycle pump around the house you can put it to good service when next you clean your sewing machine. Tiny pieces of lint, threads and the like can be blown out of the crevices and the machine cleaned in much less time. An atomizer can often be used for the same purpose.

Sermon in a Sentence.

SMALL HEADWAY MADE IN STANDARD OIL CASE

Day is Spent in Vain Effort by Government to Prove Eighteen Cent Tariff.

(By Associated Press.)
CHICAGO, ILL., March 3.—The government in the trial of the Standard Oil Company of Indiana for alleged acceptance of rebates from the Chicago & Alton Railway on oil shipped from Whiting, Ind., to East St. Louis, today attempted without definite success, to prove the 18 cent tariff, which the officers of the oil company say they know nothing about, was published locally in tariff No. 24 and classified with Illinois freight rates.

Frederick A. Wann, of Los Angeles, formerly general freight agent of the Chicago & Alton Railroad, Edward H. Casey, present general agent of the road, and Horace Tackler, of New Rochelle, N. Y., formerly chairman of the Chicago & St. Louis traffic commission, were the witnesses through whom the government tried to establish the publication.

Attorney John S. Miller, for the defense, contended that publication must be proved at the point where the alleged crimes were charged, Whiting, Ind., and Chappel, Ill.

The publication was in the main office, where the shipments went, said Attorney J. H. Wilkinson, for the government. "This is proper."

The Elkins act was then dug up and discussed until adjournment.

CARNEGIE SENDS CHECK FOR HALF A MILLION

Represents Endowment Fund for University of Virginia—Conditions Imposed Complied With.

RICHMOND, VA., March 3.—Treasurer Eppa Hunton, in charge of the University of Virginia Commission, in charge of the one million dollar endowment fund, today received a check from Andrew Carnegie for \$500,000. This amount was promised by Mr. Carnegie contingent on the university raising a similar amount.

President Alderman last week announced that the entire sum had been raised, and Mr. Carnegie's check came promptly upon notification to him.

California Assembly Again Defeats Anti-Japanese Bill.
(By Associated Press.)
SACRAMENTO, CAL., March 3.—Another vain attempt was made by the anti-Japanese element in the assembly today to exclude Japanese from the public schools. An unimportant school bill was called up for final passage when an amendment barring not only Chinese and Japanese but all Asiatics was offered. The amendment was voted down.
