Gentlemen:—Some time ago we purchased from you six bottles of your Astyptodyne. We have found it to be one of the best remedies that we have ever used to cure almost any kind of cut, bruise or sore. We have used it on several horses and mules which had old sores and fistulas on their shoulders and backs, and in every instance the place has been entirely cured in less than a week. We have used it on one of our workmen who had a sore on his leg which the doctor had failed to cure after considerable treatment, and he was entirely cured after a week's treatment. One of our men took some on sugar for heavy cold, and it cured him in a short while. We consider it the best medicine to have around which we have ever seen, and cannot recommend it too highly. Yours truly,  
BELL LUMBER COMPANY,  
P. O. J. R. Bell.
