For is high, consequently in buying a Refrigerator you will want to buy the best ice-keeper and Refrigerator combined.

We have done away with charcoal as a packing and are now using Charcoal Sheathing. In its use we not only have a perfect non-conductor and absorbent, but also a positive dead-air chamber between the walls.

READ WHAT LIVE, INTELLIGENT PEOPLE THINK AND SAY:

- UNIVERSITY OF VIRGINIA, JANUARY 18, 1889. Dear Sir,—I have found the "Perfection Refrigerator" altogether satisfactory. In the hot weather last summer fifteen pounds of ice was sufficient for twenty-four hours, though the Refrigerator was in an unfavorable position.
