FRIDAY, April 14th. 1893.

Entered as 2nd class matter in the post office at Rural Retreat.

Whoop her up, Sonnie!

Now is the time to prepare for winter. Gentlemen don't forget our walks.

Marshall says he wants a clean democratic administration. That's alright.

Now that the State line is settled, Julia Slack can continue to tramp into Old Buch's grave.

More years the people air postmasters as they principal or county official.

Graham for the Appellate Judge Tyler for Governor; Kent for the Legislature; Marshall of the

more days and alone as over the postmasters and they will be not. The place that knows now, will know them no more.

In our post office contest here, it begins to look like none of the applicants so far is likely to get it. doubtless it would be better for some compromise man to be settled upon who will be acceptable to all parties.

What's the matter with John Hampton Hoge? He said publicly a few days ago that, "If the government had sent out Pinkerton's men, they couldn't have found a more unpopular man for Marshall than J. R. Jordan."

We would like to recommend to our people Mr. Wm. G. Howe for Marshall of the Western district. He is a man well known and esteemed and will get the endorsement of the best citizens of the district. He has always been a democrat, but not a wire worker; if the people want him, they can get him by standing firmly for him. Cleveland does not propose to be dictated to by the politicians of the country, and will do his best to fulfill the wishes of the people; for he remembers that if he had been left to the politicians he never would have been the nominee of the democratic party.

We sent out several statements to our friends this week. Hope it will suit them to respond. We want to let our subscribers know how they stand on last year's subscription. If the people will stand by us we will get our paper on a surer footing and after awhile enlarge it. We propose

to give all the home news possible and all those who wish to know what is going on in Rural Retreat and vicinity can do so by reading the TIMES.

We hope everyone who owns a horse will read the advertisement of the Elkhart Carriage and Harness Manufacturing Company, of Elkhart, Indiana, appearing in this paper.

Sugar Ridge.

April, 10. 1893.—The Sunday School at Sugar Grove was organized yesterday. The prospect was encouraging. W. A. Leonard was elected Supt.

F. L. Mercer's little girl came near burning up a few days ago. Her clothes caught fire and her father while extinguishing the flames was right badly burned himself.

Hurrah for Grosclose! They have a ticket office there, and M. T. Blesing is ticket agent.

Two or three boys went to work on the rail road at Marion and finished it up in one week. One of them says he is willing to work in the cabbage patch now, for he has had enough of rail roading.

Albert Freeman unloaded a carload of fertilizer at Grosclose Sat.

Solomon Smith says he is going to marry soon, so look out girls.

G. R. Snively came home from Radford to spend Sunday with home folks.

Miss Bettie Grosclose from Burks Garden is on a visit to relatives in this neighborhood.

F. L. Mercer has about completed his new barn, which will be a great convenience as well as a nice addition to his new residence.

W. J. Dutton was up at Rock Dale once again.

Several boys are going to West Va. to work; not certain how long they will stay.

Mr. George Vaught, I would advise you to catch that craw fish that has been eating up your dam.

Who Says Rheumatism Can Not Be Cured?

My wife was confined to her bed for over two months with a very severe attack of rheumatism. We could get nothing that would afford her any relief, and as a last resort gave Chamberlain's Pain Balm a trial. To our great surprise she began to improve after the first application, and by using it regularly she was soon able to get up and attend to her house work. E. H. Johnson, of C. J.
