FINANCE AND COMMERCE

THE CLOSING QUOTATIONS OF MONEY.

Offerings and Sales at the Richmond Tobacco Exchange—Internal Revenue Collections—Foreign Advices.

NEW YORK, July 24.—The day opened at the Stock Exchange with a regular rush to sell, and prices declined anywhere from ¼ to 3¾ per cent. The fact that quotations in London were above the New York parity of Saturday's closing had no effect, because the foreign orders were mainly to sell. It was evident that the bears were determined to make the most of the banking and commercial failures, both at home and abroad. In many instances the figures touched were the lowest for years past. There were sharp rallies on purchases to cover short contracts, and around delivery hour a number of stocks had not only recovered the decline, but were ½ to 2 per cent above Saturday's closing. The advices from the West, especially from Milwaukee, that affairs in financial circles had quieted down, had the effect of stimulating purchases. Just previous to the close, however, the bears made another dash against the list, and prices yielded quickly under the pressure. The heaviness of Atchison was a conspicuous feature throughout the afternoon. The stock sold at the lowest price touched since the reorganization of the property some years ago. Missouri Pacific, Rock Island and Burlington and Quincy were quoted lower than for years past. About the only encouraging feature was the buying for both small and large investors, who pay in full for their purchases. The movement, however, up to the present, has been insufficient to offset the aggressive policy of the bear party. The transactions aggregated 284,000 shares, of which 27,000 were unlisted. Speculation left off weak in tone.

Money on call easy, ranging from 3 to 6 per cent., last loan at 3 per cent., and closing offered at 3 per cent.; prime mercantile paper, 5@12 per cent. Sterling exchange is dull; posted rates, 483@485; commercial bills, 480@483¼. Government bonds steady. State bonds dull. Railroad bonds lower.

Sub-Treasury Balances—Coin, $66,592,000; currency, $13,287,000.

LOUISVILLE TOBACCO MARKET.

LOUISVILLE, July 22.—Total sales at auction were 1,355 hogsheads, against 1,008 hogsheads last week and 1,956 hogsheads this week last year.

There was considerable falling off in the offerings of new burley, being nearly 300 hogsheads less than last week. The quality was much the same, however, as for some time past, being mainly of the common and medium filler grades, while occasionally some good red and colory sorts would be met with.

New Burley—The total offerings were 980 hogsheads, against 1,219 hogsheads last week and 1,956 hogsheads this week last year, and 1,936 hogsheads this week in 1891. Total sales for this season to date, 61,950 hogsheads, against 73,320 hogsheads last year and 40,727 in 1891.

Notwithstanding the large falling off in the offerings this week, the market showed less animation than last week, and at times became irregular, but not quotably lower, closing at last week's figures, which are unchanged. Red trash fillers and smokers were in good supply, in good demand, but closed nearer inside figures. Common and medium fillers in large supply but unchanged. Good scarce and unchanged. Colory and bright of all grades scarce, active and nearer outside figures.

Darks—The offerings of new were somewhat less than last week, with no improvement in quality, being largely lugs and low leaf. Anything desirable meets with active competition, and almost any kind of lugs bring outside figures, now that the Spanish contract has been awarded. In old the offerings were larger than last week, and about the worst that have been seen for a long time, some bringing warehouse fees only.

There has been some complaint of dry weather killing out the late planting, but the good rains of last Saturday and Sunday, although not general, have covered very nearly all the dark stemming district, and from reliable reports this morning the outlook has improved very much, and with favorable seasons from now on a good crop will be made.

CHICAGO.

CHICAGO, ILL., July 24.—There was a stirring up of the whole grain trade to-day. For the first time in three months great bull movements were started in all the pits. Bullish sentiment has been so much suppressed for weeks and the trade was so largely oversold in all markets, that the turn in the tide was of a sensational character. The whole trade had the Siam war cloud, the light Indian shipments, the promise that farmers will not ship much new wheat at present prices, a decrease of nearly one million bushels in wheat on ocean passover five million bushels, and, more than over five million bushels, and, more than all this, reports of fresh damage to spring wheat in the Northwest from the heat. The bulls seemingly let themselves out, regardless of any after-clap. The market was given a twist of 2c. for the day, closing at the top at 68½c. for September and 74⅛c. decrease.

The scramble in corn began Saturday, when prices were marked up 1c. on reports of damage from dry weather. This morning the reports were even more alarming. The weather was hot everywhere and crops in a serious way in many sections. A sensational bull market started. The excitement lasted to the clore, when the Septmber price was 2c. up and the May price nearly 2½c. up.

There was a good trade in oats, and a strong market. The improvement was due to the continued reports of rust in the West, to the advance in corn and to the covering by shorts.

The provision market was without much change from Saturday's closing prices for a long time, but finally the managers of the deal saw an opportunity in the great strength of grain markets to give the shorts a gentle squeeze toward the close, and the shorts themselves did the rest. The closing prices show a gain in September and October lard of 27½c., and in September ribs of 32½c. Pork was left severely alone.

Cash Quotations—Flour in fair demand and prices practically unchanged; No. 2 spring wheat, 65c.; No. 2 corn, 40⅝c.; No. 2 oats, 28½c.; mess pork, $19.75@19.77½; lard, $9.90@9.95; short rib sides (loose), $8.27½@8.47½; dry salted shoulders, (boxed), $7.75@8.00; short clear sides (boxed), $8.50@8.62½; whisky, $1.12.
