Sketch of the Useful Life of Rev. Mr. Williams—History of the Movement and Something About the Originator—A Marble Shaft.

SOUTH BOSTON, VA., Oct. 29.—Special.—A marble shaft in memory of Rev. Whit B. Williams was unveiled on Friday at Catawba Baptist church...

ten, who originated the movement to erect the monument and Rev. S. H. Harrison, Rev. J. C. Crews and others. The shaft was erected by loving friends of the Dan River Association.

Mr. Williams Useful Career. Rev. Whit B. Williams was born in Campbell county, Va., February 12, 1843. His father, Anderson Williams, was a well-known farmer and planter.

He reached full manhood, he answered his country's call and went forth to do battle for a cause dear to every Southern patriot's heart.

He was severely wounded in the field, he professed faith in the Lord Jesus Christ, and was baptized, under the ministry of Rev. R. E. Booker, by whom he was baptized and received into the membership of that church.

He possessed a strong musical voice, which was carefully cultivated, under the instruction of the Rev. J. C. Crews, of the Dan River Association.

While engaged in teaching vocal music to a class of young men, he was called to the Dan River Association, where he remained for several years.

His devoted mother often expressed the wish that her son would some day be a preacher, but she did not live to see the fulfillment of her wish.

Mr. Williams had decided convictions from early in life, and it was about nineteen years of age that it was his duty to preach the gospel, but did not enter the ministry until 1870.

While engaged in teaching vocal music to a class of young men, he was called to the Dan River Association, where he remained for several years.

His devoted mother often expressed the wish that her son would some day be a preacher, but she did not live to see the fulfillment of her wish.

One of the secrets of his influence was his love for his fellow-men, exhibited in a manner that calculated to win their confidence and esteem.

THE ILLS OF WOMEN

And How Mrs. Pinkham Helps Overcome Them.

Mrs. MARY BOLLINGER, 1101 Marianna St., Chicago, Ill., to Mrs. Pinkham: "I have been troubled for the past two years with falling of the womb, leucorrhoea, pains over my body, sick headaches, backache, nervousness and weakness."

"For a long time I suffered with chronic inflammation of the womb, pain in abdomen and bearing-down feeling. Was very nervous at times, and so weak I was hardly able to do anything."

or the weather too inclement for him to answer the call of duty. He had but few, if any, enemies, because those who came within the radius of his influence, felt that he was their friend.

As a preacher Mr. Williams was intensely practical. His sermons, while often lacking in systematic arrangement, were, nevertheless, full of the gospel, plain, sound, and evangelical, directed to the hearts and consciences of his hearers.

He possessed a tall and commanding person, a countenance intellectual, manly, and benevolent, a voice in which was blended the sweetness of music, and the tone of affection.

He was a man of great energy, and his words came forth like a mighty torrent—sharp and incisive. His appeals were tender, pungent, and forcible, while his manner was such as to enlist the attention of his hearers.

RAILROAD MEN MEET.

A Union Depot at Norfolk Among the Things Discussed.

NORFOLK, VA., Oct. 29.—Special.—A meeting of prominent railway men was held here today, at which the general freight agent of the Chesapeake and Ohio railway, and the local representatives of railways entering here, the following gentlemen: T. S. Davant, general freight agent of the Norfolk and Western railway; T. C. Powell, general freight agent of the Chesapeake and Ohio railway; and J. W. Cox, auditor of the Norfolk and Western railway.

The main object of the meeting was the inspection of the new belt line, about Norfolk, and the discussion of the interchange of business in this connection between the various lines having terminals here.

It is expected, however, that the matter of joining in a union depot project upon the Chesapeake and Ohio's Granby street purchase was broached, and it is known that the question will be presented to the board of directors of the Chesapeake and Ohio shippers, in consequence of the recent decision of the Supreme Court bearing upon this matter, occupied the time of many of the magistrates.

This particular number on the programme was not advertised. The report current this evening that the cruiser Maria Teresa would not come to Norfolk, but would sail for New York, is not believed in Norfolk.

THE SECOND WILL

SOON MUSTER OUT

No Reason to Believe It Will Remain in Service.

MANY APPLICATIONS FILED.

A Large Number of Soldiers Want to Serve Their Country but There is Very Little Chance for Them as All Vacancies Are Filled.

It is expected that the Second Regiment will be mustered out of service as soon as the work of mustering out the Third is complete. A number of the officers of the Second are still trying to induce the War Department to allow the regiment to remain in service, but so far their efforts have been of no avail.

There appears now to be no reason for the officers to hope that they will be able to secure a permanent position in the regular service. Colonel Baker, of the Second Regiment, returned to the city Friday night from a visit to the companies in his regiment, and reported that the companies in the field were in a very poor condition.

A word is also being said in the regiment that the companies in the field were in a very poor condition. The companies in the field were in a very poor condition, and the officers are trying to induce the War Department to allow the regiment to remain in service.

CARELESSNESS

Often Causes No End of Suffering.

Probably half the people who see this article suffer from piles. It is one of the commonest diseases and one of the most obstinate. People have it for years and just because it is not immediately fatal they neglect it. Carelessness causes no end of suffering. Carelessness about health. Hemorrhages occur during surgical treatment, often causing death.

Piles are simple in the beginning and easily cured. They can be cured even in the worst stages, without pain or loss of blood, quickly. There is only one remedy that will do it—Pyramid Pile Cure.

It always inflames the surface and with continued treatment reduces the swelling and puts the membrane in a healthy condition. The cure is thorough and permanent. Druggists sell the Pyramid Pile Cure at 50 cents. Send for Free Book on cause and cure of Piles by addressing Pyramid Co., Marshall, Mich.

AT OUR BACK DOOR. An Englishman's Views of Our Vast Opportunities in China.

No longer can the United States be said to be a "back door" to the Pacific. From the Pacific slope she is now also in close communication with the Asiatic world, and when a trans-Asiatic canal is made the bonds that unite her with Asia will be drawn infinitely closer.

THE FOURTH

THEIR NEW CAMP.

Officers and Men are Now All Under Canvas.

THEY ARE TOO BUSY TO DRILL.

The Stay in Savannah Will Probably Not Be Very Long—Corporal Gwathmey Is Ill With Typhoid Fever in Savannah Hospital.

SAVANNAH, GA., Oct. 29.—Special.—After spending as much time on the trip from Jacksonville to Savannah, a distance of one hundred and thirty-nine miles, as it took to go from Richmond to Jacksonville, the Fourth Virginia Regiment is once more under canvas. This time it is a genuine camp, all the officers and soldiers occupying tents and no wooden structures being allowed within the limits of the camp.

Early yesterday morning the regiment left the train and headed by its band marched to the camping ground, a distance of about two miles from the depot. There was some little delay in the arrival of the baggage and tents, but as soon as the latter reached the ground they were pitched and the company streets were cleaned up for temporary use.

It did not take very long until the stoves were placed in position and fires started to provide the men with the first hot meal since Camp Cuba Libre was deserted on last Tuesday.

RABBIT HUNTING. Towards evening the soldiers discovered some old hares just beyond the camp lines and a hunting expedition was at once organized headed by Sergeant Bruce McLellan, of Company —.

The chase was a lively one and lasted for about an hour, when the hunters returned to camp with fourteen old hares which they had killed with sticks. This morning the boys started out again and brought home three more rabbits.

There has been no drill as yet, every body being kept pretty busy in straightening up matters. To-morrow will be a day for the regiment to be supplied with lumber for the tent floors and this will give the men some more work, but by next week everything will no doubt be in first-class order.

THE PHILIPPINES. The Probable Course of Our Commissioners in regard to them.

It is not customary for diplomats, or for any other persons, who confer with a view of arriving at an accommodation of conflicting interests, to begin by stating the principles which govern their demands. On the contrary, they state the maximum, and endeavor to secure as much thereof as possible.

Just before the close of the day, sitting in the middle of a pineapples field, I came upon a pitiful sight—a soldier sitting on the ground, holding in his lap the head of a dead man, and weeping.

WASHINGTON, October 30, 1898.—The order for the honorable discharge of three major and twenty-six brigadier-generals from the military service of the United States goes into effect to-day.

Just 50c. saved on each pair. They're a leading manufacturer's \$4 grade—but our purchase being a little late, we secured the lot at a lower figure than had we bought earlier—so we offer you the saving, Tans and Blacks.
