BERRYVILLE BOOM CASES. Strong Attempt to Move the Jurisdiction to Another Circuit.

BERRYVILLE, VA., Feb. 4.—Special.—The February term of Clarke County Circuit Court was in session this week with Judge T. W. Harrison presiding.

There were no jury cases on the docket, and most of the session was spent on the boom cases, in which an effort was made by Thomas D. Gold, receiver, to have the common law cases removed to another circuit upon the ground that Judge Harrison being disqualified from sitting in these cases and there was no compensation allowed to a judge coming to this court from another, delay would be the result.

The defendants, the stockholders of the Berryville Land and Improvement Company, protested against this removal, citing to sustain their position an act passed by the Legislature giving them a trial by jury in their own counties.
