THE TRAINED NURSE.

One of the Greatest Comforts of Modern Days.

An interesting subject for contemplation is the work of the nurses at the various hospitals in this city. Scores of young ladies, members of the best families, have taken as their life work the care of the sick and suffering.

There are already in demand, not that there is more sickness than formerly, but the people have learned the value of the trained nurse in the sick chamber. The valuable aid that they render the physicians has doubtless saved thousands of lives.

Some people go so far as to say that they are almost willing to undergo a spell of sickness for the pleasure of being nursed back to health by the soft-voiced, velvet-fingered nurses.

PRESIDENT OF SENATE BENEFITED BY S. S. S.

Hon. Wm. Clifton, the Brilliant Young Georgian, Tells of the Good It Did Him.

In addition to being the best blood purifier and tonic S. S. S. (Swift's Specific), is the only remedy which can cure blood troubles. Scrofula, Rheumatism, Cancer, Rheumatism, Tetters, and other troublesome blood and skin diseases which baffle the skill of the doctors are promptly cured by S. S. S.

Those who have been afflicted with Rheumatism know the great suffering which the disease produces, as well as the inability of the doctors to cure it. S. S. S. promptly reaches the cause of the disease, and cures the worst cases, no matter what other treatment has been used in vain.

Eruptions on the skin, red spots, boils, pimples, obstinate sores and ulcers, require a real blood remedy—one which can force the poison out of the blood, and thoroughly remove the last trace of impurity. This cannot be accomplished by drugs and minerals, which shut the poison in the system to carry on its work of damage.

The great success of S. S. S. (Swift's Specific) in curing all manner of blood and skin diseases is due to the fact that it is the only purely vegetable

blood remedy made, and is guaranteed to contain no potash, mercury, arsenic, sulphur, or any other drug or mineral of any description. This makes it invaluable as a tonic for purifying the blood and thoroughly removing all impurities. It improves the appetite and adds renewed strength and vigor to the whole system.

S. S. S. is endorsed by the best people everywhere. Everybody in Georgia knows Hon. "Bill" Clifton, President of the State Senate, and formerly secretary of State. He is one of the most brilliant of the prominent young men of the State and there is no doubt that he will attain to even higher political honors. He strongly endorses S. S. S. because he knows of the unexcelled merits of the remedy.

Great benefit will be derived from the use of a few bottles of S. S. S. at this season. It thoroughly cleanses and tones the whole system and thus enables it to resist the many forms of dangerous summer sickness, so prevalent during the hot season. Insist upon S. S. S., for nothing else can take its place. Sold by all druggists.

He Knows Its Worth. STATE OF GEORGIA, Senate Chamber, June 9, 1899.

I have taken your valuable remedy, S. S. S., for Rheumatism and I most cheerfully state that it has done me a great deal of good. My whole system was greatly improved, and I shall always regard S. S. S. as a household necessity.
