M. LABORIS HIS MURDER PLOTTED

French Lawyer on the Road to Recovery. HIS MURDER PLOTTED. Evidence That the Attack Was Result of Conspiracy.

HIS POCKETS WERE RIFLED. By Men Who Professed to Be Anxious to Aid Him—Only Papers Were Taken, His Valuables Being Undisturbed—No Clue to the Assassin Has Been Found.

POCKETS RIFLED. The correspondent of the Associated Press here obtained complete corroboration to-day of the statement that the pockets of Laboris were rifled yesterday while he was lying on the ground wounded.

SEIZED THE WALLET. The speaker then took the wounded advocate's coat and another man seized the wallet. M. Laboris, however, retained his presence of mind and refused to allow the wallet to be taken out of his hands.

A CONSPIRACY. The man who actually fired the shot, it appears, was only one part of the machinery of the conspirators. In spite of the extensive search made for the would-be assassin he is still at large.

ANOTHER FORGERY. PARIS, Aug. 15.—The Matin to-day makes the announcement that Maitre Laboris after he was shot yesterday declared that, as the outcome of his injury appeared doubtful, he wished to make known the fact that M. Chamblain, who has charge of the secret document in the Dreyfus case, has discovered a new forgery in the dossier.
