

A MINISTER GONE TO HIS REWARD

Death of Rev. R. C. Anderson, Pioneer in Presbyterianism.

LABORS OF HALF A CENTURY. He Made His Home for That Length of Time in Henry County, Where He Was Venerated and Deeply Loved.

REV. R. C. ANDERSON. devoted by those of his faith and all others who knew him in the section where he elected to spend his days and give the best energies of his manhood.

RICHMOND'S YOUNG MEN

The Great Work That Their Business Association is Doing. The Norfolk Virginia-Fleet has the following to say editorially of the Richmond Young Men's Business Association.

Unless the newspapers are given to much flattery and our eyes deceive us, the Young Men's Business Association of Richmond is doing a grand work for that city.

SHOT AT TRAIN CREW.

Allie Clark Goes to Jail for Six Months for the Offense. Allie Clark, a young white man, was tried in the Circuit Court yesterday on an indictment for attempting to murder the train crew of a Chesapeake and Ohio freight train.

SEASONABLE HINTS.

Guard Your Health in Fall and Early Winter. A change from warm to cold is always attended with more danger than from a cold to a warm temperature, hence the greater mortality from lung and throat diseases at this season of the year as compared with spring.

STOLE HYDRANT AND ALL

From a House While the Family Were in the Room Above. The building at No. 112 east Main street which is occupied by the family of W. H. Gallaway, was broken into Monday afternoon between 5 and 6 o'clock.

True Economy

The difference of cost between a good and a poor baking powder would not amount for a family's supply to one dollar a year. The poor powder would cost many times this in doctors' bills.

Royal Baking Powder may cost a little more per can, but it insures perfect, wholesome food. In fact, it is more economical in the end, because it goes further in leavening and never spoils the food.

Royal Baking Powder used always in making the biscuit and cake saves both health and money.

You cannot, if you value good health, afford to use cheap, low-grade, alum baking powders. They are apt to spoil the food; they do endanger the health. All physicians will tell you that alum in food is poisonous.
