BRIEFS AND PERSONALS.

Have an attractive and rich, mild. For dollars and cents and don't. But, what's my content is the kind of familiarity breeds.

Donors in Circuit Court. His Honor, Judge Geo. J. Humbley, reconvened the full term of the circuit court Monday for the purpose of disposing of several criminal cases. They were quickly dispatched, other matters received the Court's attention and adjournment had Tuesday.

A Morning at the Normal.

The opening exercises are of the most interesting character. No religious service in town are of more impressive kind. Those six hundred girls with their 20 teachers make the most attractive audience, and they sing as others do not do.

The half-hour with the kindergarten children was of thrilling interest, as was the teaching by the young girls of the graduating class. How soon they have mastered the art of teaching their younger comrades. For the first time in the history of Virginia teachers are being trained to teach.

No novices are turned out from the Normal. The school rooms of the future may be new to those sent out from this school, but there will be nothing new or strange about the art of teaching. Practice has made them veterans at that.

Dr. Millard not only instructs his pupils, but at the same time entertains and arouses enthusiasm. No student can become listless or inattentive in his room, and while he is talking. Dr. Messenger charms while he clinches the argument with irresistible logic.

Miss Whiting makes the lecture hour the brightest of all the day and gives inspiration to those who are taught under her cultured and refining influence. We could go no farther in our one morning at the Normal, but have the hope of going again and again to enjoy with the young folks the high privileges to be enjoyed at this noble institution, Virginia's only school for Virginia girls—Noble mother and there are her jewels.

The buildings have been so enlarged that we actually lost our way, and for the levity of one of the guests and sweetest of all the sisters gathered there, would have wandered aimlessly from room to room and floor to floor. Some day the work of the builder will have been finished and we shall have the Normal in its consummated glory.

Local News Thirty-Two Years Ago. (The Farmville Mercury, Dec. 10, 1874.) We are glad to note the continued prosperity of the Farmville Insurance and Banking Company. It can now be said that it is one of the fixed and permanent institutions of this section.

"KEMPER GUARDS." This is the name of a military company recently formed by the students of Hampden-Sydney College. The officers have been commissioned, and the State has agreed to furnish the company with arms. In consequence of invaluable assistance rendered the company by Col. Del. Kemper, the company has been named for him. Capt. E. G. Bailey commands the company.

A few nights since a "little unpleasantness" occurred near the postoffice between Aleck White, colored, and a frail damsel of the same complexion, in the course of which the latter, after having been kneed down proceeded to phibotomize him about the face with a case knife in a manner and to an extent that would have delighted Dr. Sauratulo himself.

At a regular monthly meeting of the Baptist Church held on the 22nd of Nov., 1906, the members desired to put on record their appreciation of the life and character of our beloved brother and deacon, Edward Matthews. It was then that he pleased our Heavenly Father to remove from our midst one of our most valuable officers and members, whose loyalty to duty and cheerfulness of service endeared him to all.

Resolved: 1st, That while we, the members of this church, do most sadly miss his presence and his wise counsel, we bow in submission to our Heavenly Father, knowing that our loss is his own eternal gain. Resolved: 2nd, That the church has lost a constant officer and member who was ever ready for every good work for the church. Resolved: 3rd, That we tender to the bereaved family our heart-felt sympathy in this sad hour of bereavement, and pray that God's blessing may ever rest upon the wife and children.

Resolved: 4th, That a copy of these resolutions be spread upon the minutes of the church, a copy be sent to the grief-stricken family, our denominational papers, and to the Farmville Herald for publication. P. A. WARD, J. O. D. MILLER, P. H. HILTON, Committee on Resolutions.

Shall the Great Conference be in Vain?

It was a great meeting—great in numbers, great in enthusiasm, great in noble ideas and helpful thoughts. But great and glorious as was this Educational Conference, where were assembled representatives of all the educational forces of this State, and where many carefully prepared papers and many rousing addresses were listened to with pleasure; yet unless something is done to pass on this enthusiasm to others who were not present, and to gather up and think over the many progressive ideas presented, and to put into action some of the helpful suggestions made, the Conference will prove largely a failure.

In order that the people of this county may reap some of the benefits of this great Conference a meeting of the Prince Edward Teachers' Association, including every public school teacher in the county, will be held at the Farmville high school next Saturday from 11 A. M. to 1 P. M. The members of the Faculty of the Normal School, the school trustees of the several districts, the county supervisors, and all others interested in the welfare and advancement of the public schools of our county are cordially invited to be present and to take part in the discussions.

Reports will be heard from the five delegates appointed to attend the several teachers' conferences held during the Richmond Conference. Mr. E. H. Russell, District Examiner and Inspector, has promised to be present, and I want all the teachers to meet and hear him. The regular program arranged for this meeting will give way to these reports and to the informal discussions and exchange of ideas that will follow.

It should be a large, interesting and most helpful meeting. Those who were prevented from attending the Richmond Conference may get much of its benefit by attending this county meeting. The meeting will open promptly at 11 A. M. on Saturday and will close at 1 P. M. Let all come who can. J. H. DAVIS, Supt.

The occasion being a reunion of their children and grandchildren. The time has passed pleasantly, the days being filled with brightness and good cheer. Amo g those present were: Mrs. C. B. Wood and Mr. and Mrs. Wirt Todd, of Fork Union, Va.; Mesdames C. W. Astrop and J. B. Green and children, of Surry Courthouse, Va.; Col. C. G. Ogden, of Wytheville, Va.; and Dr. J. W. Mr. and Mrs. Wiley Gillispie, who for several years past have resided in West Virginia, returned to "Fools Corner" week before last, and for the future will make their home here. The attractions of the neighborhood have been added to a little, by having with us during the past week Miss Lillian Bland, of the Normal School, who after the Thanksgiving holidays returned to Farmville, there to resume her school duties.

One of the most delightful functions of the season was an informal given by Mrs. Mary Lee Motley, in honor of the Riverview guests. Quite a select number of the young people of the neighborhood were present, each vying with the other in making it a most charming evening. The musical feature of the program should be especially mentioned. The duets, both vocal and instrumental, rendered by Mr. and Mrs. Todd met with enthusiastic applause, while Mrs. Todd's solo brought down the house. Misses Emily and Grace Selden also furnished some very attractive and catchy music on mandolin and piano. At eleven o'clock dainty refreshments were served, after which dancing was kept up for a couple of hours, when after making adieux all left for their respective homes, vowing it one of the most enjoyable evenings spent for a long while.
