Warner's Rust-Proof Corsets

are made to a very high standard—none higher.

They are guaranteed to fashionably shape your form, to fit comfortably and to wear, the fabric not to tear, or the boning break or rust.

They are the ideal foundation for the new tailored styles—long lines as in the past season, but with curves and not straight lines, the daintily rounded "feminine" figure.

Security rubber button hose supporters are attached to all Warner's Corsets. They are hose supporters of known quality, standardized, as the corsets are, the metal parts guaranteed not to rust.

SNOW STORM KILLS FRUIT

Ground Covered In Lower Central Pennsylvania.

Huntingdon, Pa., April 20.—A heavy snowstorm visited this section of the state, and for four hours the snow fell thick and fast. The hills and valleys were covered with snow and the fruit crop is destroyed.

Heavy Snow In Ohio.

Cleveland, April 20.—From one to six inches of wet, heavy snow fell throughout Ohio, breaking down trees and telegraph and telephone wires. It is believed, however, that the snow has served to save the fruit and other spring growths from the freezing temperature.

Snow and Hail In Virginia.

Winchester, Va., April 20. — Snow and hail fell at intervals over the fruit belt and northern Virginia, and the thermometer has taken a decided tumble, falling forty-five degrees since Tuesday, approaching dangerously near the freezing point. Fruit men are greatly alarmed.

ROOSEVELT VISITS BREEDING FARM

Inspects Horses Raised by Hungarian Government.

Budapest, April 20.—Colonel Roosevelt spent a day in the open air, inspecting the great government stud farm at Babolna. He left his hotel, receiving the usual ovation, and with a party took a train for Babolna. Here the party were met by thirty phaetons, a half dozen of which were drawn by four horses and the rest by pairs of state horses, in which the Arab strain is predominant. The drivers wore picturesque uniforms. Forty minutes of rapid driving brought the party to the large model stud farm. Lunch was served and the minister of agriculture proposed Roosevelt's health in the Magyar language. After Roosevelt's reply, in which he promised so long as he lived to do everything he could for the Hungarians, a minister of the Reformed church and the local schoolmaster, one in Magyar and the other so far as could be guessed, in English.

Lunch over, the party lined along a long avenue, and one after another more than twenty magnificent stallions, chiefly pure Arab, showed their paces. Then followed an inspection of the large stables, in which there are more than 900 horses and colts, 200 of which are pure bred stallions. The most noticed animal was a bay filly, born Tuesday of a grey Arab mother, and christened Roosevelt. After the inspection of the stable there was a parade of the state-owned cattle and sheep.

SOCIALIST JAILED FOR TAX

Chicken Wire Bars In Grafton, Ill., City Hall.

Grafton, Ill., April 20.—Because J. J. Keon, a Socialist leader, refused to pay a poll tax of $1.50, he began a sentence of six months' imprisonment.

The city hall has been converted into a jail by screening the windows with chicken wire.

Keon declares that he will serve his full time rather than pay the tax or work it out at 75 cents a day. He holds that such a tax is unconstitutional.

New Postmasters Named.

Washington, April 20. — President Taft announced the appointment of postmasters as follows: Pennsylvania Henry Myron Dickson, Meadville; Frank G. Kurtz, Fullerton; Isaac N. Backman, Strasburg; Jesse N. Watson, Hatboro. New Jersey, William B. R. Mason, Roundbrook; William S. Slater, Andover.
