A NEW DEAL

Graham in 1934 is against the field in automobile

The new Six

116-inch wheel base larger and finer - at lower price. Available in Standard and De Luxe body styles.

The New Standard Eight

123-inch wheel base - larger and more powerful - more economical to operate beautiful new interiors.

SUPERCHARGED CUSTOM EIGHT

123 inch wheel base 135 horsepower without sacrificing economy - the first moderately priced car to offer Super-charged performance.

Here is the real news of the 1934 Automobile Show and it is Graham alone; competition out of the picture entirely.

.95 Horse Power becomes 135 horsepower - Without sacrificing fuel economy.

The Supercharged engine delivers 135 horsepower - an increase of 42 per cent with only a slight increase in engine displacement and weight.

GRAHAM STANDARDS ARE FEATURING

1. Streamlining
2. Spring Suspension
3. Supercharger

Streamlining: The original leadership has been maintained by further refinements in the exterior styling of the 1934 GRAHAM.

Look at other automobiles and see how they are imitating GRAHAM. Save money-enjoy comfort by Owning a Graham.
