P. S. He wishes to call the attention of
the economical, to the fuel and labor-sav-
ing properties of the Rotary Stove, and its
peculiar adaptation as a Summer Cooking
Stove. By the use of the grate, a very
small amount of fuel is required for the
culinary operations of any family; less by
one half, it is believed, than is required by
any other Stove in use. Its form and
height is such that it admits of being placed
in the fire places of ordinary kitchens, so
that most of the heat and effluvia from it
passes off by the chimney. The saving of
fuel effected by the Improved Rotary, in
one year, over that of almost any other
Cooking Stove, is fully equal to its cost.
besides the superior facility and care with
which the several culinary operations are
performed with it.

Also, Tea and Melon Kettles of various
sizes, cast expressly for this Stove.

CLOVER SEED, by

April 23, 1836

DOCT. WHICHER,

FORMERLY from Dover, N. H. takes this
opportunity to inform his friends and
the public that he has opened a Botanic In-
firmary at the Green Mountain House, in Pearl
street, Burlington, Vermont, where he has
fixed up rooms for the accommodation of the
sick and infirm, and will practice in strict
conformity to the system of Doct. Samuel
Thomson of Boston, who has now become so
celebrated, not only in the United States, but
in Europe. "The Thomsonian System" has
not only received the entire approbation of all
who have tried its merits, but it has also re-
ceived the unqualified approbation of many of
the regular Practitioners. Doct. W. would beg
leave to say to strangers, in regard to his
qualifications, that he has spent three years
diligently studying the principles of his pro-
fession, with Doct. Thomson and other dis-
tinguished practitioners that he has visited all
the Infirmeries in New England, and can con-
fidently offer himself to the public as well
qualified to administer to the diseases of the
sick, so far as preparatory studies and the
best advantages for information, will enable
him to do.

Mrs. Whicher having been at great pains to
acquire information in Botanic practice,
and having had two years experience in the
profession with her husband, will take charge
of the female department of the Infirmary.
Doct. W. in addition would beg leave to
report a number of cures performed under his
superintendance. First, the cure of William Walker
of Franklin, N. H., who was entirely cured
of the Rheumatism and Strangery in their
worst stages, in the course of twelve days,
after baffling the skill of all the learned doc-
tors in the country.

Second, the case of Robert Sully, cured of
a bad eye, in five days, after having been de-
prived of his sight for a very considerable
time.

Third, the cure of Fidelia Elkins of North-
field, N. H. deprived of her reason seven years.
was restored to a sane mind after a treatment
of eighteen days, and to perfect bodily health.

Fourth, the cure of Adeline Ham, had eyes
for six years, exceedingly sore—entirely cured
in five days.

Fifth, the cure of Martha Scrutin, swelled
neck, supposed to be Kings-Evil—cured in five
days.

Sixth, the cure of Mr. Maro. This was a
case of Asthma, which had continued one year
and was cured in four days.

Seventh, the cure of Sibil Watton, was a
case of Dyspepsia, Rheumatism and Croup—
cured in eight days.

Eighth, the cure of Elmedia Quimby, cured
of Consumption, after having been given over
by all the doctors in the place.

Cure of Jacob Sawyer of Dover, N.H. cured
of Dropsy and Fever Sars, seventeen years
standing, in four weeks.

The case of Amelia Whicher, after twenty
years sickness of Dropsy, Dyspepsia and Pa-
ralitic shock, and of taking opium six years—
was cured in twenty days.

Mr. W. has had two hundred patients and
has given between four and five hundred
courses for complaints of all descriptions, with
entire success. Mr. W. is satisfied that his
mode of treatment has all the beneficial effects
of a visit to the springs—while it saves the
patient in many cases, an enormous expense.

Mr. W. would inform his friends that he has
on hand a complete assortment of Botanic
Medicines, from the hand of Doct. Samuel
Thomson. That he has also family rights and
Doct. Robinson's Bitters for sale.

Mr. W. acts as agent for Doct. Samuel
Thomson of Boston, not Benjamin Thompson
of Concord, N. H. nor Jesse Thompson of
Mount Vernon Charles-street, Boston.

N. B. Patients should always have a change
of linen when they put themselves under his
care.

IMPORTANT

TO persons suffering from RHEUM-
ATIC COMPLAINTS. To the
Editor of the Enquirer.—Sir, On the prin-
ciple inculcated by the great and good Dr.
Franklin, to diffuse as widely as possible
every means within our power to mitigate
or soften the afflicts of suffering human-
ity, I feel it incumbent on me to make
known through the medium of your useful
paper, that on reading therein an adver-
tisement of Dr. Jeffrey's Liniment, for the
cure of RHEUMATISM, I was forcibly
impressed with a belief that it was calculat-
ed to remove the severe Rheumatic affec-
tion to which I had been for seven or eight
years subjected, some times almost depriv-
ing me of the use of my limbs. I accordingly
procured a bottle, and before I had used
the whole of it, found very sensible
relief. This increased my confidence in it,
and led me to obtain another bottle, the use
of which has completely removed the
swellings and pains of my limbs, together
with the cramp, and restored them to their
wonted vigor. I am respectfully yours,
Geo. TAYLOR, jr.
Hempstead, L. I. March 24.

Persons suffering from the above com-
plaints, and in despair of a cure from the
failure of the various remedies they have
used, are invited to make trial of this long
celebrated medicine, which has in years
past cured and relieved, as it is now doing,
thousands who had despaired of relief.—
Nothing but a fair trial can give an idea of
its unrivalled excellence. It is also one of
the best applications known for stiffness of
the joints, numbness, sprains and chilblains.

TUCKER. The publisher of the Genesee
Farmer, at the solicitation of many friends
of Agricultural improvement in Western
New York, has issued the first number (for
January, 1836,) of a monthly periodical,
under the above title, which, while it will
embody much of the practical matter of
that well established paper, will be fur-
nished to subscribers at the exceeding low
price of FIFTY CENTS A YEAR. It is
believed that such a work is much wanted
to supply those who are unable or unwilling
to take a higher priced Agricultural paper
and that its general circulation among our
Farmers, cannot fail to promote their pri-
vate interests as well as the public pros-
perity. The course and standing of the
Genesee Farmer is so extensively known,
that it is not necessary to say more than
that the Monthly Farmer and Horticulturist
will be made up of the most practical and
useful, articles that appear weekly in
that work. It will be handsomely printed,
16 pages octavo to each number making an

LIFE! LIFE! LIFE!

DR. JONAS MOORE'S
Essence of Life.

A valuable Medicine, which if rightly applied
will be the means of saving thousands
from an untimely grave.

It has been sold and used for thirty years,
with great success, and found very effica-
cious in the following diseases, viz, Consump-
tion, Whooping Coughs, common Coughs,
Colds, difficult Breathing, Influenza, Quinsy,
Asthma, Plethoric Spitting of Blood, Flatu-
lency, Indigestion, Looseness of the Bowels,
Fits of every kind, Cramps, Rickets, Colic,
Catarrh, Dysentery, Fainting, Hypochondri-
ac Affections, Head-aches, Sickness at Stom-
ach, Measles, a prevention of Contagious
Diseases, Gout and Rheumatism.

This Essence answers a valuable pur-
pose in almost every case of debility; and
there are but few, if any diseases, which do
not arise from that source. It may be given
to either sex, and at any period, if weakness
prevail; the composition being entirely de-
rived from the vegetable kingdom. The
whooping cough may be cured in a week, if
taken at the commencement of the disease.
Dose for an adult, forty drops, taken clear, re-
peated once in two hours, in urgent cases; a
child 8 years old, 20; one year old, 10, given
in a table spoonful of milk. The best mode
of giving the drops to infants is in a little
breast milk. But respect must be paid to the
age and constitution of the patient, for some
will bear double the quantity that others will
the better way is to begin with small doses
and increase as the patient may require. The
following are a few of more than a thousand
RECOMMENDATIONS.

"The undersigned, ministers of the gospel
in the county of Windham, Vermont, know-
ing the efficacy of Dr. Jonathan Moore's Es-
sence of Life, having used it ourselves in our
families, consider it a valuable composition;
particularly efficacious and useful in removing
complaints of the lungs, and indeed a safe
and restorative medicine in the various disor-
ders named in the Doctor's accompanying label
and do most cheerfully recommend its general
use, believing it well worthy the patronage
of the public." Oct. 9, 1826.

"I, Stephen R. Bradley, of Westminster,
Vermont, do certify that I have for some time
been well acquainted with the good effects
of Dr. Jonathan Moore's Essence of Life, in
my own family and others, and can recom-
mend it to be an extremely safe and useful
family Medicine, in colds, coughs, and all dis-
orders of the lungs and breast; in the whoop-
ing cough and all spasmodic complaints;
and make no doubt that the citizens of Amer-
ica would derive great benefit from a more
general use of the same. Being personally
acquainted with Dr. Moore, and finding him
to be a discreet and well informed man, I can
not but hope he will meet with due encour-
agement. STEPHEN R. BRADLEY.

The subscriber hereby certifies that he has
for more than three years past frequently
been in cases of coughs, obstructions upon the
lungs, and difficulty of breathing, experienced
the happy and salutary effects of the use of
Dr. Jonathan Moore's Essence of Life, and verily
believes it to be the most salutary and effica-
cious medicine. PHINEAS WHITE.

"We the undersigned Physicians, who have
proved the efficacy of Dr. Jonathan Moore's
Essence of Life, conceive it our duty to pat-
ronize the medicine, and here of opinion that
if generally used, it will be of public utility."

ed by HENRY SEYMOUR, of Hadley, Mass.,
from the original recipe, by the direction of
said Moore, and sold by him and the prin-
cipal Druggists in the United States.

CAUTION

This may certify to all whom it may con-
cern, that I the subscriber, residing in Hadley
Massachusetts, have made an improvement
in the medicine invented by me, and denomi-
nated Dr. Jonathan Moore's Essence of Life,
and have communicated the recipe to Henry
Seymour of said Hadley, and to him only.
The United States is full of the sophisticated
article, and this is to give notice to the
public, that if they want the genuine Es-
sence of Life, they must apply to said Seymour
or his agents, and be particular to inquire for
that prepared by Henry Seymour.

Consumption.

DR. RELFE'S ASTHMATIC PILLS,
have, from their extraordinary success
in giving instant relief, and in curing colds,
coughs, asthmas, difficulty of breathing, wheez-
ing, tightness of the chest, pain in the side,
spitting of blood, chills and shiverings that
precede fevers, and lung complaints generally!
become one of the most popular medicines
known, and are sought after from every part
of the country, on account of the astonishing
success that has attended their administration
in the above complaints, frequently curing
the most obstinate cases, and giving the most
unexpected relief, after every other remedy
had failed, and persons had given themselves
up in despair of a cure! They have been
known to cure persons supposed to be far
gone in consumption, and exhibiting all the
appearance of approaching dissolution. And
such have been the salutary effects of these
Pills, even in hopeless cases, as so far to mi-
gate the sufferings of the patient, as evidently
to prolong life for even days and weeks, and
give to it a positive and permanent expect-
ation to enjoy. The operation of the pills is
wonderful in easing respiration, quieting the
cough, and procuring comfortable rest.—
Common colds are frequently removed in a
few hours.

"Although (says a person speaking of these
pills) my wife has tried various medicines
of the first celebrity for an asthmatic
difficulty or affection of the lungs, which at
times was exceedingly distressing, confining
her to her house for days and weeks together,
she finds nothing gives her the relief which
Relfe's Asthmatic Pills do"—easing her respi-
ration, quieting her cough, and giving her
comfortable rest." And this is the testimony
of hundreds or thousands. The relief which
aged people, as well as others, experience from
the use of these pills is truly astonishing, and
renders them invaluable to many, and are in
fact to some an essential auxiliary to their
comfort and almost to their existence! A
physician informs the proprietor that a gen-

DUMFRIES' EYE WATER,

For sore or inflamed eyes. Nothing gives
such immediate and comfortable relief. On
recent sore eyes the effect is most salutary.
Where the complaint has been of years stand-
ing, and in some exceedingly bad cases, the
most unexpected and desirable relief has been
found in the use of this Eye Water after every
other remedy had failed. Persons who have
used it pronounce it without hesitation the
best preparation for these complaints they have
ever met with. Price, 25 cents a bottle. For
sale by J. & J. H. PECK & CO.
