RECOMMENDATIONS.
 "The undersigned, ministers of the gospel in the county of Windham, Vermont, knowing the efficacy of Dr. Jonathan Moore's Essence of Life, having used it ourselves in our families, consider it a valuable composition; particularly efficacious and useful in removing complaints of the lungs, and indeed a safe and restorative medicine in the various cases named in the Doctor's accompanying label, and do most cheerfully recommend its general use, believing it well worthy the patronage of the public." Oct. 9, 1826.

Signed by—Hosea Buckley, Dunmerston Sylvester Sage, Westminster; Jed. L. Stark, Brattleboro'; Eliza D. Andrews, Putney; Chandler Bates, Philetus Clark.
 "I, Stephen R. Bradley, of Westminster, Vermont, do certify that I have for some time been well acquainted with the good effects of Dr. Jonathan Moore's Essence of Life, in my own family and others, and can recommend it to be an extremely safe and useful family medicine, in colds, coughs, and all disorders of the lungs and breast; in the whooping cough and all spasmodic complaints; and make no doubt that the citizens of America would derive great benefit from a more general use of the same. Being personally acquainted with Dr. Moore, and finding him to be a discreet and well informed man, I can not but hope he will meet with due encouragement."
 STURGEON R. BRADLEY.

The subscriber hereby certifies that he has for more than three years past frequently seen cases of coughs, obstructions upon the lungs, and difficulty of breathing, experienced the happy and salutary effects of the use of Dr. Jonathan Moore's Essence of Life, and has witnessed the same in others, and verily believes it to be the most salutary and efficacious medicine.
 PHINEAS WINTER.

"We the undersigned Physicians, who have proved the efficacy of Dr. Jonathan Moore's Essence of Life, conceive it our duty to patronize the medicine, and live of opinion that it generally used, it will be of public utility."
 Signed—Abel Duncan, Samuel Stearns, Dunmerston; Jonathan Badger, Wm. Town, Westminster; G. W. Chase, A. Abram Holt, Waldpole; Nathan Stone, Newfane; Charles Blake, Keene; Prescott Hall, Chateaufort.

Compound Syrup
ICELAND MOSS.
 For the cure of
 Colds, Asthma, Whooping Cough, spitting of Blood and Consumption.

ICELAND MOSS grows plentifully in the Island of Iceland, from whence it takes its name, and in all the high northern latitudes of Europe and Asia, where its Medicinal qualities have been long known, and highly appreciated. This plant contains a larger proportion of Vegetable Mucilage than any other known substance, and in combination with it is a bitter principle which acts most beneficially in giving strength in cases of great weakness and debility of the lungs. The knowledge of many of our most valuable medicines, for the cure of diseases, have been obtained from observing their effect on brute animals; so in the case of this most invaluable Moss, its virtues were first discovered by their effects on the hardy, long lived and sagacious Rein Deer, which derives its principal nourishment from the Iceland Moss, and whose milk becomes so highly imbued with its Balsamic virtues, that it is used with the greatest confidence as a sovereign remedy by the inhabitants of all those countries for the cure of all diseases of the breast and lungs. In France, this compound has long been known, and extensively used, and to its salutary effects as much as to the salubrity of the climate, is probably owing the very small number of fatal cases of consumption in that country, compared with Great Britain and the United States. This Syrup contains all the medicinal virtues of the Moss in the most concentrated form, and is prepared from the original receipt from Paris, viz. by

E. HUGHINGS & CO., Baltimore.
 And none is genuine unless it has their facsimile approach bill of direction also upon the envelope, and sealed with their seal.

Utility.
 THE public are hereby informed that the subscriber has invented certain new and useful machinery for manufacturing starch from potatoes, and has applied for a patent to secure his right to the same; and that he is making said machinery at his shop in Jerico, in the state of Vermont. The object of said machinery is more effectually to separate the small stones and gravel from the potatoes in the process of washing—and in the process of grinding, to reduce the potatoes to a more perfect pulp, by which a larger quantity of starch will be obtained than by the usual method. Starch manufacturers are invited to call and examine.

EYE WATER.
Dr. Adams' Celebrated Eye Water.
 Warranted an effectual cure for sore, weak, and inflamed eyes.
 PRICE 25 CENTS PER BOTTLE.
 THIS celebrated article was invented by one of the most distinguished physicians of the age, and during an extensive practice of 30 years, he invariably resorted to it in all cases of sore, weak and inflamed eyes, that came under his notice, and so great a celebrity did it acquire thereby, that they came to him from all parts, and in no instance was it ever known to fail in producing the desired effect. A short time only has elapsed since the article was first introduced to public notice, and during that period, upwards of THREE THOUSAND BOTTLES have been disposed of, and the demand for it is rapidly increasing. So sure and speedy is the effect produced by this article, that one single vial has completely cured an inflamed eye, though various remedies had for a long time previous been resorted to, but in vain. Ample directions accompany the article, as well as letters of recommendation from the most respectable physicians in the country. With a view to insure its usefulness in a more extensive way, the proprietor has appointed the following persons wholesale Agents for the sale of it, where he public may rest assured of procuring the genuine article.

VALUABLE SALVE
 FOR WOUNDS, BRUISES, OR SORES of any kind, even those which have long been troublesome; an immediate cure for Burns of Scalds, Salt Rheum, Chapped Hands, and the best that I have ever known used for Sore Eyes. It is also good for the St. Anthony's Fire or Itchings. I had a child very much affected with it, I applied many things, but to no effect until I made use of your Salve, which cured her in one day by rubbing it on the parts affected. In fact it may be used for every thing of a sore nature to good effect, with perfect safety, and no family ought to be without it. It would be found very useful on board of Steam Boats, or vessels of any kind, where accidents may happen; especially such as Scalds or Burns, for where applied, draws out the pain immediately and heals the wound much quicker than any thing else I ever knew used. In case of sickness, where persons are under the necessity to have blisters drawn, this Salve is the best application which can be made after the flux is removed. If you wish to have it draw much spread the plaster thick; if to heal immediately, spread it very thin on linen; you need no other application. Prepared and sold by A. RUTHERFORD, Burlington, Vt. Price 12-14 cents per cake.
