NO MATTER

Whether the sun shines or the rain falls, whether you are sad or glad, the opportunity for being a GRADUATE will soon be over, your opportunity for making him or her a gift will soon be over. Are you prepared? No article of jewelry is more justly popular than the ring. We take particular pride in our ring stock. If it is to be a watch, \$2,500.00 will not cover our stock in that line, so you have the goods to select from. Should it be a diamond, you have the stock and 30 years' experience in selecting stock behind you, which should give you confidence. Should it be a string of pearls or gold beads, we have them also at the right price. Should it be a camera, there are none better than the EASTMAN and our stock is complete. Should it be a dainty booklet or card, the same care is used in selection. You should see our new booklet of Barton Academy.
