THREE MILLION DOLLARS FOR ORLEANS COUNTY FARMERS

The following is from a recent issue of the Orleans County Farm Bureau News.
Only 28% of the dairy farmers in this county use registered bulls and only one-third of that 28% have any production records behind the dams of these bulls! Think of the hundreds of thousands of dollars that would roll into Orleans county dairy men if they should all immediately follow the lead of the few breeders who are keeping high-class registered sires at the head of their herds.

Here is a problem in arithmetic to solve the foregoing. Reports on about 25,000 cows and heifers have been received. Of this number about 2000 are registered. This leaves 23,000 grade and common cows. The owners of these animals buy some registered bulls with strong backing, capable of getting heifers that will produce 90 pounds more butterfat in a year than their dams. With butterfat at even 50 cents a pound, how much would this be in three years' time? A little less than five million dollars—\$2,825,000, to be exact!

MORGAN CENTER

MRS. L. A. WHEELER

Mrs. L. A. Wheeler died at her home in Holland, Tuesday, May 20th. For many years Mrs. Wheeler's life had been one of suffering and especially for the past year. Her poor health kept her from taking part in much of the social life in which she was interested, but when health permitted she was seldom absent from church services. All that love could suggest was done for her comfort during her illness. Funeral services were held at the church Thursday, May 22, Rev. W. W. Cook, her former pastor, and Rev. Platt, officiating. The flowers were many and beautiful. She leaves her husband, two sons and the daughter, who has so lovingly cared for her during her long illness, to mourn her loss. Interment at the cemetery here.

Memorial Day, 1919

Decoration Day this year is especially significant. It is a day touched with tenderness at the thought of America's manhood that has sacrificed all for Democracy's Principles, Justice, Liberty and Equality.

Surely you will want new clothes to honor those brave lads.

The Bradford has always typified the Square Deal that fundamental principle of free institutions.

We have a splendid selection of wearing apparel for men, women and children which we are offering at our usual rock bottom prices, not because we are philanthropists, but because we believe in passing on to our friends our wide market experience and combined purchasing power.
